THE OFFICIAL PUBLICATION OF THE HONG KONG JAYCEETTES JUNIOR CHAMBER

OUTSTANDING CHAPTER OF THE WORLD 1981 & 1989

OUTSTANDING CHAPTER OF THE ASIA PACIFIC 1991 & 1992

Message from the President

Kung Hei Fai Choy!

May I wish you all a good harvest in the year of the Tiger. Tiger is a brave animal. Hong Kong Jayceettes' team spirit in 1998 is very courageously too. The Board of Directors together with the respective project committees are now in full strength to execute their year plans. Project meetings of National Convention, Economic Affairs, Leadership Development and International Affairs have already been commenced.

I would like to highlight the IA project as it is a joint attempt among our overseas sister chapters of Yokohama, Kaohsiung, Friendship Pact chapter, Toyoto and our chapter. The project will invite students and youths of these nations to participate in a Chinese Calligraphy Competition, and the winning entries will be jointly displayed at the ASPAC Macau Conference in May.

As quoted in our slogan "Team Power, Jayceettes IN Action", I sincerely invite all members to join in the upcoming projects by acting as OC, helper, participant or even as sponsor. We hope every single member can at least be involved in one event.

I am pleased to announce that the chapter has received the Certificate of Incorporation on Change of Name (chapter 32) from the Company Registry. We are now incorporated under the name of HONG KONG JAYCEETTES JUNIOR CHAMBER. The Chinese name remains unchanged.

As in the past, Jayceettes are always supportive to NOM and LOMs activities, we have received the Best Contribution Award, Award of the Highest Raffles Sale (membership over 75) and the Highest Raffles Sales by individual (EVP Matty) at the NOM Inaugural Ball held on January 18. Thanks to all members who had rendered their support in this event.

Lastly, I would like to take this opportunity to express my heartfelt thanks to our Patron and those members who have joined the Donation Package.

1998 will be a colorful, dynamic and cooperative year for the Hong Kong Jayceettes. Do come and join us.

All the best and good health!

Phyllis Chan, President

New 98 National Convention Update

A golden opportunity cannot afford to miss.

"Management of Change - Excel through Partnership"

Happy New Year!

We were delighted by the success of the bidding (thanks to your support), Hong Kong Jayceettes Junior Chamber is the hosting chapter of the 33rd National Convention.

As always, National Convention is an important event for all members of the Hong Kong Junior Chamber. On behalf of the Convention Organizing Committee, I extend my invitation to you to participate in this significant annual event, so do make sure to mark down in your diary.

1998 National Convention : **Sept 25-27, '98**

The registration fee is HK$1,000.00 (on or before Jun 15, '98) and HK$1,200.00 (after Jun 15, '98).

The names of those 'early birds' will be entered into quarterly lucky draw and the winners will receive fabulous prizes. Dear fellow Jayceettes, do contact Deputy Convention Director Rebecca To to register NOW as you may be one of the lucky winners!

For more information, please pay attention to the future annoucement.

Chinese tradition describes the Tiger as the sign of luck, energy and enthusiasm. May I wish you all a very prosperous Year of the Tiger.

Kung Hei Fat Choy!

New Jayceettes REVIEW – Hon Life President Jennifer Yu

R: We know that you are our President in 1971 and the first lady World President in 1988, can you tell us how and where you learn about JC and why did you join JC?

J: I learn about Hong Kong Junior Chamber from one of my colleagues. Different people have different reasons for joining this organization. I find JC gives me the opportunity to develop myself, enrich my social live and make lots and lots of friends. JC members help and support each other, give encouragement to you in your career and your personal life. It gives a sort of balanced development. Being President of Hong Kong Jayceettes and World President of JCI was a way to repay what I've learnt to my beloved organization.

R: We learnt that "Snapshot" was also born in 1971, where did you get the idea to have the official publication for the chapter and who suggested the name?

J: We thought that it was very important to have a newsletter as a communication tool among members, it was also for the purpose of member retention and motivation. The name "Snapshot" was suggested by one of the very creative members - Marge Lo. At that time, the printing of Snapshot was very primitive, we typed the articles ourselves and printed it by using a stencil. They were all very interesting experience.

R: Sometimes we have difficulties in thinking up a good CD project, can you share some of your experience?

J: One must push oneself to be creative by reaching out to various directions, for example:

1. Information Research - Govt Dept (e.g Education Dept, Social Welfare Dept... etc) and build up a continuous relationship with them so as to find out the needs of the public.
2. Study the newsletter & bid books of both local and overseas chapters to spark off ideas, e.g. our toy library project was an idea from studying the overseas chapter's newsletter.
3. Keep a continuous information exchange with outside organizations.
4. Always bear in mind to meet the needs of the members, what benefits can the project bring to members, to community and to the Chapter.

R: What's your expectation of the Hong Kong Jayceettes?

J: I hope everyone is proud of being a member of Hong Kong Jayceettes, and their best efforts during their active membership years.

Lastly, HLP Jennifer wished every member a very prosperous year of Tiger, Kung Hei Fat Choy! Although 1998 will be a challenging year, the Jayceettes can overcome all the problems through team spirit.

1 MFG JTT Activities

With Hon Life President Jennifer, PP Florence and NEVP Spencer as witness, the '98 board of directors gave their words - "I DO", they would devote their time and effort to serve the board and the chapter.

The highlight of the evening was that each area got five minutes to present their coming projects or activities to all members, a fabulous prize would be given to the best presentation. We are pleased to have PP Connia Chu Lo, PP Shelina Chung and Senator Regina Ng as judges for the presentation.

Communication area present their projects/activities in the form of a quiz competition and membership development area present theirs from the eyes of a CNN reporter .....Guess which area is the winner?

NEVP Spencer Li, HLP Jennifer Yu & PP Florence Wong were invited to witness the Date of charge of 1998 Board of Directors. Thanks a lot!

Happy Birthday to NAEO S C MOK & JTTs.

From the smiles and the "V" gesture below, you could see that the winning team is - membership development area. Yeah!

We are glad to have LOM Presidents Paulina da Rosa (EKJC), Dennis Leung (CJC) & Alex Jin (OJC) presented at our Inaugural Ceremony.

JTT Activities *(continue)*

LOM Officers' Training School (LOTS)

The LOTs was successfully launched in the JC office on Jan11. We were so honoured to have PP Nora Cheng to offer a presentation on the subject of JC protocol and project management. And we were enlightened by NPA Justin Lui who introduced many reference books regarding Parlimentary Procedure and gave us an very interesting introduction. Lastly, our PP Alice Liu gave us a lot of ideas about compiling bid book and we don't forget our roles & duties after hearing from her.

Cindy Lui, LDD

A big thanks to NPA Justin Lui, our PPs Nora Cheng & PP Alice Liu being the speakers of LOTS.

Visiting HLP Jennifer Yu's home

To me, it was not an ordinary visit to the home of Hon Life President Jennifer in the Lunar New Year.

From the words of HLP, I knew and felt the happiness that she had after she had joined JC. She recalled that one day when she was walking in the Central, she was greeted all along by the friends whom she had acquainted in the JC family. After I heard this, I was struck and sank into deep thought. I hoped that one day I would have the same experience and happiness.

Thank you VP Brenda and Publicatoin Director Rainby. If they had not interviewed HLP during this visit, I had no opportunity to sit beside and listen.

That day was also a lucky day for us. Immediate Past President Shirley Chan had shared her tips with us on one of the horse race. We put our bets on that horse even though we did not know the name of the horse and its past record. We all won.

I hope luck will folllow me in the Year of Tiger.

Grace But, JTT

NOM & LOMs Activities Update

NOM Inaugural Ball

NOM Inaugural Ball was held on Jan 18, '98. Leading by President Phyllis Chan, the board of directors went in front of the stage to vow for their responsibilities. There were 28 of us, including 2 guests attended the ball. Wearing the most chic make-up, charming hair-style and elegant evening dress. We are proud to have EVP Matty Wong to be the master of the ceremony, Past President Alice Liu successfully bid for the membership of Deborah's Fitness Center in the auction. The most exciting moment came when we knew that Hong Kong Jayceettes has won 3 prizes :

- the highest Raffle sale by LOM over 75;
- the best contributing Chapter of 1998 Inauguration;
- the highest Raffle sale by individual won by EVP Matty.

Congratulations to P Phyllis and EVP Matty and all Jayceettes!

Julie Lau, Vice President-Administration

1. *Guess who is the Pink lady?*
2. *JTTs Patience Leung & Joyce Chu were the OCs while EVP Matty was the MC of the night.*

NVP Valentine Wong (JTT) is the NAEO of Island JC. Coincidentally, NSG S C Mok (PP of Island JC) is the NAEO of our chapter.

Met with 莫錦強處長 Xinhua News Agency, HK Branch Women & Youth Affairs Dept. at Ocean JC Inaugural Ceremony on Jan 14.

NOM project – Right Decision Program kick off Ceremony at the Press Conference on Jan 18.

NOM Officers & LOM Presidents enjoyed a lot at PNP Sonny Yu's house on Jan 1. PWP Jennifer & NGLC Alice were invited to sing a song for the audience.

We were delighted to meet Past Presidents of LRJC at their Inaugural Ceremony on Jan 17.

PP Winnie Yeh's family was back for Shanghai for the Chinese New Year Holiday. Principal Sophia Chan was pleased to Meet her youngest daughter Nicole with some JTTs.

IPP Shirley was invited by PP Jennifer Chow to be one of the judges for the Spring Blossom Ambassadors Election.

New ME Corner

It is a new corner for **M**embership **E**xtension Area which is welcome new and prospective members and new trend towards recruitment.

Newly Inducted Member

Congratulations to newly inducted Jayceette – Kim Cheng.

Your favorite publication will be in the hands of Publication Director Rainby and Officer Teresa. We have created something new starting from this issue, such as **National Convention Update**, **Jaycettes Review** & **ME Corner**. In order to make it more rich, your COMMENT & your IDEA is very important for us to go ahead.

As we are the hosting chapter of 33rd National Convention, **National Convention Update** can let you have the hot NEWs from Convention Organizing Committee.

We are inviting our past president & outstanding project representative to share with us their past experience at **Jaycettes Review** as our fruitful tips in the future.

Besides that, **ME Corner** brings the new trends towards Membership Development. And hoping these new columns you will enjoy and can also bring your ideas to us too.

Our materials deadline for 2/98 will be Feb 21. We wait your articles.

Happy New Year.

Message from the President

My Presidential Advisor Past President Margaret always said to me that 'Nothing is impossible if you have a strong will'. I remember when I called up some Past Presidents and senior members of my decision to run for the Presidency in last June, most of them told me that there would be sweet and bitter time, however, it's worth to take up the challenge and you would treasure the experience in the rest of the life. Yes, indeed a well balance of life is important for us to keep our body and soul active so that we can be the herald of the team.

Leadership is the most important technique in Jaycee movement. How to motivate people to work towards a common goal is a way to prove or improve our leadership skills. Junior Chamber provides us the opportunity to learn and to improve ourselves. And, I believe that this is one of the reasons people come to join the Jaycee family. Every time when I attend the Organizing Committee Meeting, I want to pass a message to the committee members that the Commitment and Involvement of the OC determine the success of the Project.

The '98 Fund Raising Project on the theme of 'Farewell to Kai Tak Airport' will be launched on March 22. **Please reserve your seats on Flight #322 with Project Chairman Jacqueline Kung NOW!**

Don't miss the chance to win the grand prize - Return Airticket to Bangkok for 2 and to bid for A Ruby Set. Besides, please come and receive your souvenir if you have returned the Membership Survey to VP Julie.

The Membership Involvement and Public Relation areas are busy on organizing various kinds of functions cater for the needs of our members. The February Monthly Fellowship Gathering on the theme of Chinese Valentine's Day drew good attendance on Feb 11. Participants enjoyed the delicious food as well as singing and dancing. A PR Joint Project with Island Junior Chamber on **"Visit to Music Farm" will be launched on March 29.** Do bring your family and friends to enjoy a day of country life free from the hustle and bustle.

Lastly, I would like to draw your attention that the **'98 JCI Asia Pacific (ASPAC) Conference will be held in Macau between May 28-31.** Please make yourselves available to participate in the 4-day programe. This is also a great occasion for our members to meet with our sister chapters. Being the Chairman and Secretariat of the Asia Pacific Lady LOM Council (APLLC) this year, the International Affairs Team has started to coordinate the Annual Meeting in Macau.For details, please feel free to contact VP Brenda or IAD Ivy.

Hope to see you then!

Phyllis Chan, President

From the Diary of JCI Vice President Caroline Au-Yeung

assigned to the National Organisation of Japan, Korea, Pacific, Philippines and Taiwan

It is only eight weeks into '98 and I have already made four trips abroad and at the time of publishing, I will be somewhere in Taiwan conducting my official visit.

I cannot describe the depth of feelings this post has brought me. In the short span of six months, from the time I accepted the challenge to run for JCI Vice President '98 until this moment, my horizons have already widely broadened.

I have learnt more about the constitution and operation of Junior Chamber International, I have met the Founder of the Jaycee Movement here in Asia, I was deeply touched by a priest who operated a home for street children in the Philippines, I have tasted snow and warm hospitality in Kyoto and yes, I was even privileged to attend a meeting of the Manila World Congress Organising Committee and caught a glimpse of the exciting programmes planned for us. This year's Macau Area Conference and Manila World Congress both promise to be one of the BEST.

The 1998 JCI Board of Directors

In Jaycees, you need to actively participate and sometimes dive-in head first without asking "What's in it for me!" Then you will experience the true meaning and rewards of Jayceeism. What you put in you definitely get back in multiples. **Dear fellow members, get involved, go international. You and I can Bring Worlds Together. You and I can make a difference.**

98 National Convention Update

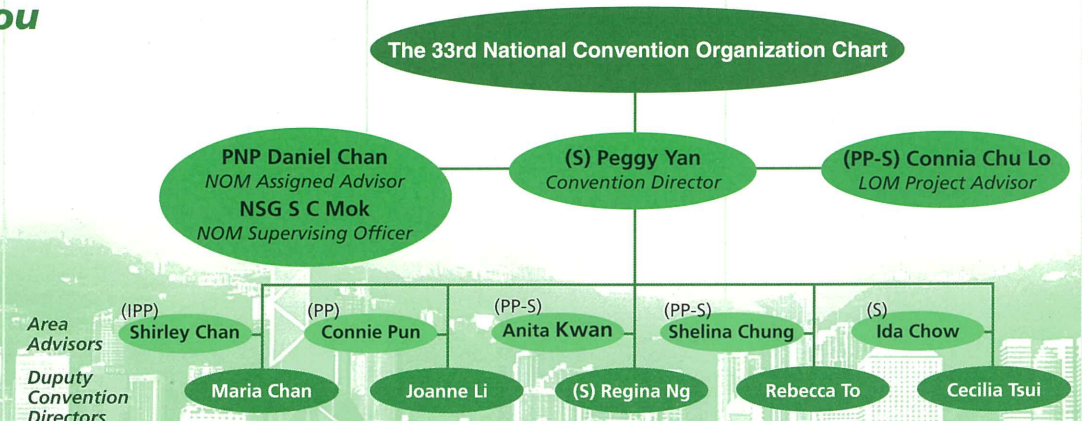

Help us to help you

Do you wish to gain more exposure?

Do you wish to work with a large group of Jayceettes in a project?

Do you wish to further develop your own potential through organizing a large scale NOM project?

If your answer to any of the above questions is 'YES', then you should join the organizing committee of the 33rd National Convention. Not only will you gain the above advantages, you could also have the chance to contribute yourself in an important annual project of the HKJC. Dear Jayceettes, we need your support!! Please complete the form & fax to Convention Director Peggy Yan at 2866 8871 and we would contact you later.

Grace But and You - Broken Marriage

Best Wishes to all members this year and hope the new Board will lead us to a successful year.

We all strive to lead a happy life and to have a happy family. Unfortunately nowadays, there are many unhappy marriage. News of broken family and broken marriage always make one upset.

When one has a broken marriage, the greatest concerns are the matrimonial home and the maintenance for the children of the family. When application is made to a transfer of property, for instance from a joint name property to a sole name or from the name of Respondent to the name of the Petitioner, the Court has first to see whether it has the power. If the property is a public housing estate, the Court does not have the power to give any order. If the property is under the Home Ownership Scheme, the Court has limited power to make an order to transfer and the Court is subject to the consent of Housing Authority. If the matrimonial property is a private property other than a Home Ownership Scheme, the Court may exercise its power having regard to the conduct of the parties and all the circumstances of the case including the following matter:

1. the Income, earning capacity, property and other financial resources which each of the parties to the marriage has or is likely to have in the foreseeable future;
2. the financial needs, obligations and responsibilities which each of the parties to the marriage has or is likely to have in the foreseeable future;
3. the standard of living enjoyed by the family before the breakdown of the marriage;
4. the age of each party to the marriage and the duration of the marriage;
5. Any physical or mental disability of either of the parties to the parties to the marriage;
6. the contributions made by each of the parties to the welfare of the family, including any contribution made by looking after the home or caring for the family;
7. in the case of proceedings for divorce or nuility of marriage, the value to either of the parties to the marriage of any benefit (e.g. a pension) which, by reason of the dissolution or annulment of the marriage, that party will lose the chance of acquiring.

In regard to the financial provision for the child of the family, the Court may exercise its power having regard to the above (1) & (2) and all the circumstances of the case including the following matters:

(a) the financial needs of the child;

(b) the income, earning capacity (if any), property and other financial resources of the child;

(c) any physical or mental disability of the child;

(d) the standard of living enjoyed by the family before the breakdown of the marriage;

(e) the manner in which he was being and in which the parties to the marriage expected him to be educated.

The Court may exercise its power to place the child of the family in the financial position in which the child would have been if the marriage had not broken down and each of those parties had property discharge his or her financial obliged and responsibilities towards the child

Executive Development Program - Feb 15 (Sun)

We have 15 Jayceettes to attend that program. 2 experienced speakers, Mr Sidney Yuen and Senator Paul Chan, have been invited to discuss topics regarding **how to equip ourselves for '98 and the effective way of people management** respectively.

From Sidney's presentation, we not only knew the mega trends for coporate development but also learned some new skills and behavior for an effective management. He advised that self awareness and continous evaluation to our daily life were the tips for being success.

A good leader must be a good communicator. S Paul used interesting games and vivid presentation to help us to identify traits of a geniue leader and ways to become a leader. S Paul always emphasized that a leader has to understand people's need and commit to assist them to attain their goals. Also, the ability to motivate your sub-ordinate is a crucial element for a leader.

The full day Program is really useful in giving us more ideas in the area of Leadership Training and I hope those tips are useful for you too.

THE OFFICIAL PUBLICATION OF THE HONG KONG JAYCEETTES JUNIOR CHAMBER

OUTSTANDING CHAPTER OF THE WORLD 1981 & 1989

OUTSTANDING CHAPTER OF THE ASIA PACIFIC 1991 & 1992

Message from the President

Three months have passed. My schedule was fully occupied by various internal project meetings, external social functions and JC seminars/fellowship gatherings, etc. Past President Alice Liu has once warned me to prepare for "sleep less" as I used to sleep for at least 8 hours. I had wondered why some people could sleep so late but back to work in the early next morning and still holds a bright countenance. Past National President Junia Ho is a good example to quote and her secret of success is "it's your mind to make thing done." Well, I will try and my reflection tells me that I can overcome the weakness.

Our Fund Raising Project "Kai Tak - Seal With A Kiss" was successfully held on Mar 22, a foggy Sunday evening with dual purpose: to raise funds to the Chapter and to bid farewell to the Kai Tak Airport. Being a voluntary organization, Hong Kong Jayceettes lies heavily on the funds raised to keep us alive, therefore, I would like to send warmest gratitude to all those who had attended the event or made donations in terms of money and prize. Your kind support is very important to us!

The annual Effective Lady Manager seminar "Lady in the 21st Century" will be launched on Apr 25 (Sat) at Sheraton Hotel. Two prominent speakers, Mr. Raymond Wong（黃經國）and 1997 TOYP Awardee Ms Deborah A. Sims have been invited to share their views on "How to lead a balanced and successful life for the women in the 21st Century". Why not come and hear what the speakers elaborate on the subject?

I understand that life is getting tough because of the upset of economic environment. However, I believe what we have done and what we have achieved in the past are good examples for us to elevate our morale and it is time to regroup our direction. We should make earnest efforts to improve ourselves so that we could pull through danger and stand immovable under any adverse situation. TOMORROW WILL BE BETTER!

Phyllis Chan, President

Jayceettes REVIEW - Past President Valerie Cheung

(Photo A) This one was taken at the Aberdeen Marina Club in '86 when Jennifer Chow was the President. I think you recognize some of the ladies in the picture. They've great bodies (excluding myself) and look oh so innocent too, aren't they? They were the "Happy Girls" who graced the venue to solicit donations for exchange of a small souvenir from them.

(Photo B) The year was '82 when I chaired the fund-raising project "Fantasia" at the Furama Hotel. The lady in centre is Amy Ma, the then LOM EVP and sister of the President Emily Ma. The ladies in costume are Jayceettes members; but only one of them is still active today. Guess who? They've volunteered to perform a Chinese dance at the event despite the fact that none has previous training or experience in the act. I found them an instructor, a make-up artist and the costume to put up the show. I can still remember the instructor gashed at their stiff posture & lack of coordination during rehearsals. But they did well during the actual performance, and they looked good too.

(Photo C) Well, this one was taken at a private party some time in '90 when some Jayceettes spent a relaxing evening with our fellow JCs at someone's home. See if you can identify all of them (I'm not sure if the guy in black polo shirt is still active these days or "famous" enough to be known by many). If not, let me know. The party reached a climax when the gentlemen rose to dance to a MTV song. We all had a great time. Afterall, we worked hard that same afternoon promoting the National Convention and these gentlemen had all offered a helping hand. They deserved a fun evening in the company of the Jayceettes.

Diary of Executive Vice President

It is my great pleasure to serve the board again this year as your EVP-Internal, it is a great challenge for me and I will give my upmost effort.

Taking this opportunity, I would like to highlight some of my duties this year. I believe that most of you have received the new edition of the administration handbook. Besides the general duties, there are two new tasks assigned to me which include the formation of commission system (Business Opportunity, International Affairs and Public Relations) and setting up the homepage of HK Jayceettes. Apart for my past experience, it is my plan to conduct some survey, discussion and analysis as to kick off. But most important is your support and involvement. You are most welcome to give suggestions and recommendation. If you are interested to join the commission team, just give me a call.

Doris Leung, EVP-Internal

Be a True Jayceette!

The Power of NLP - Feb 28 1st Prospectus Membership Orientation

One of the highlights of the seminar was a talk conducted by our Membership Extension Director NLP Trainer Elisa Lai on the "Power of NLP". After she had given a brief introduction on the concept of NLP, she conducted an interactive game with the participants to illustrate a practical NLP technique.

You can't imagine NLP was so powerful! Not only can it help you to get rid of the desire to eat fatty food in order to keep fit, and also help you to control emotional states, achieve personal breakthroughs, and by thinking positively, you can lead a much happier life. Its power is limitless...

It was truly enjoyable a very fruitful afternoon for all the participants. We would like to thank both the speakers, President Phyllis, JCI VP Caroline & Elisa who share her valuable experience with us, and the participants who attend this seminar. Of course, thanks for the souvenirs too.

The 1st Orientation /Pre-Induction Seminar attracted good attendance on Feb 28. 24 ladies and 2 gentlemen attended.

Fund Raising Project – Mar 22

At 6.30 pm the tinned hanger at the Hong Kong Aviation Club were packed with guests and "Kai Tak - Seal With a Kiss" was officiated by our President Phyllis. We had the famous "Rock N Roll" Band- "Dragon Air" to play during dinner and the lively music did bring a lot of JC's on the dancing floor. Through Auction, Sales and Lucky Draw tickets, we did raise the required funds for the chapter. Thanks again for the support from all Jayceettes and fellow Jaycees.

Message from the President

"When Days cannot be added to Life, add Life to Days". I was moved when I read this sentence from the leaflet of the Society for the Promotion of Hospice Care. Life may be long and may be short, a meaningful life has no measurement. In Jaycee, as we have age limit to serve the Board, we should grasp every opportunity to contribute ourselves in projects or in positions. Only by participation that we can improve ourselves from the immense Jaycee trainings.

Talking about training, our Effective Lady Manager (ELM) Seminar "Lady in the 21st Century" held on Apr 25 in conjunction with NOM's Jaycee Week. The ELM project was first organized in '90 with the ultimate objective of recruiting new bloods. Along these years, we have achieved a good result and some of the members recruited have assumed the role of Presidency and Vice Presidency of the chapter, so am I. Our ME team is now coordinating membership enquiries from the seminar and they are optimistic to achieve a membership growth figure by the year end.

The '98 Economic Affairs Seminar "Flying Over Economic Crisis" will be held on May 9 at the Hong Kong Convention and Exhibition Centre. The recent Asian economic crisis has affected Hong Kong's principal industries, such as tourism, retail and property. The turmoil has led to company liquidation, rise of unemployment rate and falling of consumer confidence. Through this seminar, representatives from the HKSAR government, HK Tourist Association, property industry, as well as an academic institution will suggest recommendations to help to revive the slump situation to a better position. We, being part of the community, should not miss to attend to voice our concern. Lastly, let's join together to enjoy the programme of Macau ASPAC and to welcome our friends from overseas.

Phyllis Chan, President

Message from National Assigned Executive Officer

The capability and enthusiasm of Jayceettes always amazed me eversince I joined Jaycee. When I was a sub-committee member of the '91 TOYP Selection project, I have the luxury of witnessing the chairmanship of your Past President Connia Chu Lo who always finished OC meetings in 60-90 minutes and kept this biggest project for Hong Kong Junior Chamber in good progress. While I didn't learn all the techniques involved, it served as a benchmark to pull me out of complacency. In subsequent years, I have chances to meet Jayceettes more personally and find that you are friendly and helpful too.

This year, I am glad to work very closely with you both as your NAEO and the supervising officer of the National Convention. My colleague Valentina in the National Board also happens to be the NAEO of my mother chapter. This close encounter with you is an opportunity that many people envy.

Its been 100 days since I became your National Assigned Executive Officer. I have to admit it is no easy job as you are so serious towards your work and routinely achieve a high standard. On the other hand, this is to our advantage that we make the most out of every encounter and opportunity that we come across.

This year, most of us face heavier pressure at work. Many of us would like to reduce our time we put in Jaycee activities. In this respect, I am particularly glad that, under the capable leadership of President Phyllis, she is well prepared, punctual and efficient in meetings and project execution. That makes my time with you a pleasure. Having seasoned Jayceette Peggy as our Convention Director this year and active involvement of past presidents and experienced Jayceettes is a big relief for me. Seeing so many new ideas and benefits for delegates, the efforts of the organizing committee will most likely set the standard for this otherwise routine annual exercise.

I would like to close with an overused sentence, but sincerely from my heart.

"It is a pleasure meeting you."

S C Mok, National Secretary General

New Jayceettes REVIEW - Past President Caroline Keung

We have pleasure to have Past President Senator Caroline Keung to share with us her experience in the Jaycee family.

Q:What drove you to change issue of Snapshot from bi-monthly to monthly when you were our President in '90?

A:Snapshot is our official publication and is our major communication channel among members. In '90, we achieved the Certificate of Merit of the Best LOM Publication in the JCI ASPAC. In '89, Snapshot was issued bi-monthly. And then from '90, it became a monthly publication. We wanted members to know chapter's activities in the first hand and enhance communication.

Q:What drove you to bid the hosting right for '90 National Convention?

A:This year, we are the hosting chapter of National Convention. During my presidency in '90, Hong Kong Jayceettes also hosted the Convention. Past President Valerie Cheung was our Convention Director. Senior members and new Jayceettes got involved in this project too. Through hosting and participating, we could challenge our capability and enhance team spirit. On the other hand, our strong sister chapters inspired me the desire to bid the hosting right, Manila JC hosted World Congress before, Yokohama JC did '89 ASPAC Conference, Kaohiung JC hosted '89 ROC National Convention. So I thought Jayceettes why not bid for '90 Convention to meet the challenge.

Q:We know that you are the founder of Effective Lady Manager Seminar in the year of '90, can you share with us how you created this idea?

A:The Effective Lady Manager (ELM) Seminar held on Apr 25 was quite successful. I remembered that in '90, the ELM Seminar was a joint project with Nov MFG. The topics covered 儀表，工作，內涵 and the speakers were 麥楊慧玲，文綺真，梁鳳儀. The Seminar was held from afternoon till evening including dinner. ELM Seminar was not in the Year Planner. In September, we thought that such project idea would not only provide training to our members and also recruit new members. We promoted through our Anniversary Press supplement in October and received lots of feedback. From '90, the ELM Seminar become our annual project. The project name in Chinese "秀外慧中，精英一族" was also created by me.

During the interview, I was impressed by Past President Caroline's enthusiasm. She is our Membership Development Area Advisor and is very active in the Jaycee family.

Girls, what about you? JC provides you an opportunity to train, and to achieve. Do you have any objective? Share with us.

New 98 National Convention

The logo for the 33rd National Convention is

"Managing Change - Excel through Partnering" 掌握變機、結伴求進 is the theme for the 33rd National Convention. In the wake of the economic turbulence in the Asian markets, Hong Kong has to face many unprecedented challenges. Partnership has become an important strategy that managers and businessmen have to adopt. Partnership covers eveything from interpersonal to organizational relationship. This especially applies to the 'open door' relationship between the Mainland and Hong Kong.

Some see two persons walking with hands on the shoulders. Some see the bridging across two regions, tapping on each others' expertise and resources. Interestingly enough, some see the simplified Chinese word "兴" – the rise of prosperity. It could also be the evolutionary process inicating the driving force in the midst of economic turbulence. These are all the essential elements necessary to give rise to excellence to the HKSAR ultimately.

There is no definite answer. Not only is your imagination that we urge from you, but also your participation, determination and support in order to make the event a success!

N.B. Gratitude goes to Mr. Wesley Chau, the original designer of the logo.

Do you know what is National Convention, what kind of benefit you'll obtain, and so on...? Please come and attend the miniature organised by COC with the following details :

Joint PR project with IJC
Music Farm, Mar 29

Music Farm, I did not heard music after I arrived at the music farm. There was a plano standing in one of wooden huts but no one was playing. However I heard the laughter of boys and girls and the laughter of visitors. It was a place for family outgoing. The folk song of Albert Au were played during dinner time. The folk song singing led my menory back to the camping in the summer holiday when I was a secondary school student. It was wonderful. There was a new song I did not know, but the little boys and girls sang with enthusiasm. It was "小丸子".

Linkage with Tsuen Wan District

Courtesy visit to the Tsuen Wan District Office. Home Affairs Department took place on Apr 3. P Phyllis, NIPP Henry, PP Maureen, HT Windy and I met the District Officer, The Hon William C C Yap, JP and his assistant Miss Ellen Yip. Mr Yap is the uncle of NIPP Henry and he was glad to see him and Jayceettes. We explained to them some of our major projects that we had organized and are planning currently. They expressed considerable interest on our work and were impressed by our enthusiasm and efforts made towards the betterment of the society. They also informed us that they would support future projects organized by us for the Tsuen Wan District. On the whole, the meeting was friendly and fruitful.

Since becoming the Chairman of PR Commission, I participated in the luncheon organized by the Women in the Hong Kong Commercial and Industrial Sectors for the Memorial of the International Women Festival on Mar 6, and also joined the grand opening of the office of six Provisional Tsuen Wan District Board councillors which include our PP Maureen on Mar 31. I am pleased to say that the PR Commission could provide us with more opportunities to meet other people and would enable us to improve our inter-personal technique in dealing with people.

4 MFG HEPATITIS PREVENTION TALK

Many thanks to our guest speaker Mr Cheng Hoi Fat given us an informative speech.

New born Jayceettes Connie Wong, Polly Chow & Doris Mark and the big sisters as well as the referral.

EFFECTIVE LADY MANAGER

Being the lady in the 21st Century, did you attend the "Lady in the 21st Centure" seminar?

I did enjoy myself very much during the seminar and of course I also learnt more after being the Project Chairman even though I had involved in different projects before. I hope all the participants did have an enjoyable afternoon with the knowledge and experience sharing as well as exercises with the guest speakers, Mr Raymond Wong and Ms Deborah Sims.

Here, I would like to share with you the speakers' remarks:

- Say to yourself in front of the mirror everyday: "I can do it!"
- Be confident
- Be well-planned
- Be consistent with your plan
- Be positive
- Keep update with the information in the society
- For keeping good relationship with your partner, always bear in mind with the reason(s) why you come together with him and have more communication

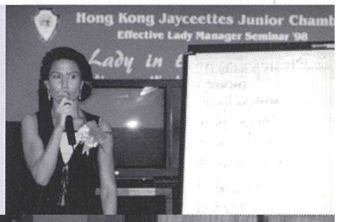

Ladies, good luck!

Patience Leung, Project Chairman

Mr. Raymond Wong inspired the audience with how to analysis the value of your better half in order to have a happy and balanced life.

After all, ENERGY is the most importance if you want to achieve your goals.

New Grace But and You – Road Accidents

In the past few months, several serious road accidents occurred involving motor bus. Many passengers were injured and some were dead. It was unfortunate for these things to happen.

Under the Motor Vehicles Insurance (Third Party Risks) Ordinance, there is an obligation on users of motor vehicles to be insured against third party risks. The vehicles owner has a policy of insurance. The remedy for the unfortunate victim is to sue the vehicle owner and driver to claim compensation on personal injury as far as money can to place the victim in the position he would have been but for the accident.

In injury cases, there are three main categories of damages:
(1)Pain, suffering and loss of amenities;
(2)Loss of earnings;
(3)Expenses.

In fatal cases, a reasonable amount will be awarded for funeral expenses and a fix sum of HK$70,000.00 will be awarded for bereavement. The dependency can claim for their loss. The estate can claim for loss of accumulation of wealth, being the difference between the value of estate of deceased when he died following the accident, and what his estate would have been if he had died naturally. A reasonable amount of expenses can also be claimed.

Not only traffic accidents, claims can also be made in accidents during the cause of work that couse personal injury. By the Employees' Compensation Ordinance, the employee can claim.

(1)Compensation in case of permanent partials in capacity,
(2)Compensation in case of temporary in capacity, this is usually referred to as sick leave payment, and
(3)payment of medical expenses.

Many injured persons say that they prefer health rather than money compensation. Always take care when cross the road or during the work.

Macau ASPAC (May 28-31, '98)

One of the FIVE opportunities provided by Junior Chamber is "INTERNATIONALISM". You would not enjoy/experience this opportunity if you do not attend international events like Asia Pacific Conference (ASPAC) or World Congress. As this year's ASPAC will be held in Macau, it is a real good chance for those who have not attend these sorts of functions before to experience first hand internationalism.

Come on, pay a registration fee of only HK$2,200.00, we can enjoy a 4-day event with exciting programmes like grand opening ceremony, training seminars, international nights, (especially the Hong Kong night in May 30, award banquets & etc...

Furthermore, this year, we have a joint IA project - 港台日共創愛心與和平之書法比賽, with Yokohama Jaycee, Toyota Jaycee and Kaohsiung Jaycee. An exhibition for winning pieces from 4 LOMs will be held during ASPAC. Lots of helpers are required. We hope that you could give us your support in every way possible - **REGISTER NOW!!**

Message from the President

Dear fellow Jayceettes,

Definitely, the Macau ASPAC Conference is a memorable & rewardable event for the Jayceettes who had stayed in Macau during the period from May 27-Jun 1. Though we had an extremely tight schedule, I believe everyone of us enjoyed a lot in that few days. Sweat and rain cannot set back our enthusiasm in the internationalism.

The Chinese Calligraphy Competition Exhibition was kicked off on May 29 at 8.30am by the JCI President Petri Niskanen. The Most Favorite Pieces have been chosen by 93 voters. The project aimed to promote Love & Peace, echoing with our **JCI Presidential theme - Bringing Worlds Together,** had been well recognised.

LOM Presidents exchange souvenir after the meeting.

The Asia Pacific Lady LOMs Council Meeting with 8 LOMs attendance was held in the same morning. Members had raised their concerns about their counterparts for having affairs while away from home for business. The floor has come to an conclusion that communications & understanding are the key elements to tide the relations between the husband & wife.

The Sister Chapters Reunion luncheon hosted together with City Junior Chamber on May 30 was a great success too. More than 110 members from 8 LOMs packed the entire restaurant. All delegates were so excited to meet new friends. Thanks to PNP Sonny IPP Shirley for co-ordinating the event & PP Caroline Keung for helping us in the interpretation.

To show our deep appreciation, souvenir phone card was presented to PNP Sonny Yu at the Inter LOMs Reunion Party

Taking this opportunity, I would also like to congratulate PA Margaret, who has been invited as the Head of Recording & Newsletter Release of Macau COC Secretariat, for leading a team of members from Hong Kong to accomplish their assignments timely & proficiently. My heartfelt thanks go to all delegates who had been involved in the team & assisted in carrying all materials to/from Macau. YOU DID A GREAT JOB. I sincerely hope that you will also join me to Manila in November since PP Caroline Au Yeung has decided to run for '99 JCI EVP at the World Congress.

Top guys for Area B Asia Pacific-JCI VP Marcelo N. Fernan Jr & his wife (R-2), Conference Chairman JCI EVP Gary Tompkins (L-2) & JCI Director of Growth & Development Edson A. Kodama

At the Macau Conference, Hong Kong Junior Chamber has received a total of 11 Awards & 1 Certificate of Merit. 3 Awards for NOM, 6 Awards & 1 Certificate of Merit for LOMs & 2 Awards go to individuals. Congratulations to the recipients.

Phyllis Chan, President

Macau ASPAC Highlight May 28-31

The sounding of the gong by the top man from both side - our JCI World President and His Excellency of the Governor of Macau, signify the opening of the Macau Conference '98. Performances like dragon dance, can-can dance and drum parade push the event to another climax. Everyone is so high that you can just smell the feeling of excitement and expectation in the air.

Besides the training sessions and seminars, the most exciting events are those national parties held every night. There are fireworks in Macau night - I have never seen fireworks in such close vicinity, after that, we have a tour of the city from Leal Senado to Mont

Macau ASPAC May 28-31 *(continue)*

Fort and the Macau Museum. A creative design to allow the delegates to enjoy a night tour of Macau.

As usual, there are lots of game booths and lots of prizes at Japan night. It also include a performance by JCI officers. Can you recognize our JCI VP Caroline? Can you recognize who are our members behind the mask?

We go dancing in Korea night and Manila night. Everyone is enjoying themselves. Do you know what our blind folded President is doing?

We cannot report ASPAC without mentioning Hong Kong Night. There is a game booth of horse racing, golfing, Chinese calligraphy, fortune telling and of course, the 'Miss Hong Kong Night'. After three rounds of parade in sports wear, executive wear, evening wear and answering a very tough question, our IA officer, Juan Lai surpassed all the contestants and became the 'Miss Hong Kong Night'. World President presented the prizes to Juan.

Jealous? No need. Another international event is coming - the World Congress, which is to be held in Manila, Philippines from Nov 15-20, and one of the hosting chapter is Manila Jaycees, which is also our sister chapter. On top of that, our PP and JCI VP Caroline is going to run for JCI EVP '99! Your support to our sister chapter and our PP is needed. Watch out for more details, and don't miss another chance!

Chinese Calligraphy Competition - Exhibition in Macau ASPAC

After semi-judging and final-judging on May 3 and 17 respectively, it seemed that I could take a rest. But it was not the case. Another big event was coming near and it was the exhibition in Macau ASPAC. In this exhibition, all the winning pieces from different chapters would be exhibited and people were invited to vote for their most favorite piece in each of the three main categories. Early at 8.30am on May 29, it was our great honor that our World President Petri Niskanen had come to our kick off ceremony. As a gimmick, all our guests including Petri Niskanen used a Chinese brush to write the word "愛心和平書法比賽" for us.

If you asked me how I feel now, I would say busy busy but happy"!

5 MFG SAY HELLO TO YOKOHAMA

Our sister chapter Yokohama Jaycees paid us a visit before attending the Macau ASPAC.

During this gathering, Yokohama Jaycees shared with us their organization structure and their commission system. Yokohama Jaycees has 450 members with over 900 senior members. They arrange a senior member gathering twice a year just like us. Year 2001 will be their 50th anniversary. The commission system in Japan is very well developed. There are 21 commission in Yokohama Jaycee, each member belong to one commission and each commission got 15-32 members.

On the other hand, Business Opportunity Commission Chairman Winnie shared with me the function of the BO commission which Yokohama do not have. This commission use formal or informal gathering to promote the product or services of members' business.

Senior Members Gathering

The Senior Members Club was formed for those members who have joined the Chapter for 5 years or more. Led by Immediate Past President (IPP) of the current year as Chairman, the Club arranges gatherings for the members to get together for fun, pleasure, chatting, renewal of friendship and more. This year, the 1st Senior Members Gathering was held on May 2 at the Chariot Club. It was a warm gathering even though it was heavily raining on that evening.

"Stress among Women in Modern Society" - CD Project Questionnaire + Seminar

Stress is a part of life in today's society for many women in Hong Kong. Appropriate stress helps the individual to adapt. Inappropriate, however, serves no useful prupose and may result in disease. Knowing the cause(s) of stress and taking proper action(s) to handle stress is the key to happiness.

Questionnaire will help to discover new understanding of the effect that stress brings to the women living in Hong Kong. The seminar will be based on the results of questionnaire survey of a sample to 5,000 women from various backgrounds as collection of common problems causing women's stressful feeling. Also, through the professional suggestions and stress-reduce demonstration given by the guest speakers (including Ms Engenie Leung, M.Soc.Sc 梁若芊女士 & Mr Mattew Cheng 鄭一石先生) in the seminar, we believe,will help participants to cope with stress at an easier level.

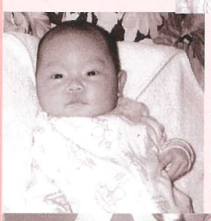

If stress is a part of life, why don't we turn our energy power from negative to positive? And from inappropriate to appropriate? Ladies, do think about it!

Please also help us to distribute the questionnaire to your friends.

Message from the President

1998 is not an easy year for Hong Kong and its people. We have experienced a severe jobless rate; the property markets are stagnant and the retails markets are dull. Despite the critical condition, I am fortunate to see that members of the Hong Kong Jayceettes have not abandoned our mission. We are still active in pursuing activities and projects set in the beginning of this year. I think if we persist to equip and strengthen ourselves notwithstanding the adverse circumstances, coupled with SAR government's determination in rescuing the economy, Hong Kong will conclude its economic infirmly soon.

With the hard work of the organizing committee, I am pleased to report that as in mid of June, the Early Bird Registration for the coming National Convention has reached 361. There is still three months to go and may I appeal all Jaycees and Jayceettes to support this annual event by reserving your seat either with the O/C or through your LOM's President. The registration fee now is HK$1,200.00

The Awards Presentation and Exhibition of the Joint IA/YA project "Chinese Calligraphy Competition" was successfully held on Jun 14 at the Arts Centre. The project has achieved encouraging results and received a lot of compliments from the Guest of Honor, Mr. Li Kam Yin, Chairman of Visual Arts Committee, Arts Development Council and from the judges. Without doubt, the friendship among all involved LOMs have been enhanced. That's why we are planning to visit to Kaohsiung, Yokohama and Toyota. Please watch out details from the IA area.

No matter you are a career woman, housewife or student, you may face different challenge and stressful situation every day. Our speakers of the Community Development project 'Stress Among Women In Modern Society' on Jul 25 will enlighten the audience how to manage stresses, share with you their life experience and give you an insight of the new concept of mind and body healing of stress related disorders.

Half year has gone. It is time for us to have a mid year evaluation. If you have any constructive comments and suggestions, please feel free to let me know via email, fax, or even sit down with me for a drink. I look forward to receiving your idea!

Message from the JCI VP Marcelo Fernan Jr

Dear President Phyllis Chan,

Greetings from Cebu, Philippines! First of all my wife and I would like to thank you for the photo and publication that you sent. With all the activities and projects that you have featured, I know that you're having a busy year. Your involvement in the Junior Chamber International movement has touched the lives of many individuals.

I hope to see you and your members help in "Bringing Worlds Together" in the Manila World Congress in November 1998.

Best regards!

Economic Affairs Project - May 9

Flying over Economic Crisis

The economic crisis has caused a great suffers to the general publics in Hong Kong. Many companies closed down, employees laid off, tourists reduced...etc. In view of this, we had invited 3 prominent speakers - Dr. Ho Lok Sang, Mr. Shih Wing Ching and Mr. Stanley Yip - to share with us their opinions on the current economy analysis, future real estate development and the methods to attract more tourists to Hong Kong.

The seminar was held on May 9. More than 100 participants were benefited from the valuable speeches given by the speakers. Base on these useful information and suggestions, the OC has prepared a report stating the recommendations from the speakers and present them to different government sectors. We hope that the government will listen more to the general public and make right decisions to help recovering from the financial crisis as soon as possible.

Chinese Calligraphy Competition - IA Project which I would never forget!

When I decided to take up the project of Chinese Calligraphy Competition, I foresee that the coming few months would be a hard time for me. It is a rather big scale project involving other sister chapters such as Yokohama JC, Kaohsiung JC, Toyota JC as well. It is a milestone in our JC diary since it is the first time that we organize an international event aiming at "Bringing the World together".

This project lasts for more than half a year and takes the process of semi-final, final, Macau ASPAC exhibition, and lastly the Award Presentation and Exhibition on Jun 14 '98. We are honoured to have Mr Lee Kam Yin, Chairman of Visual Arts Committee of Hong Kong Art Development Council to be our Guest of Honour. The highlight of the presentation is that our GOH and all the judges write some encouraging message and comments to all the participants!

After running through such a large project, I think I would like to take a rest. However, surely I will miss all those great moments which the project has brought to me!

It was a pleasant memory for every participant. The exquisite decors of Hard Rock Cafe and the relaxing atmosphere of that evening were just suitable for a get-together of friends, old and new. The two speeches were wonderful - both Dekki and Randy had made good presentation and the topic IMAGE was of our high interest. You know, we had many follow-up questions from the floor afterwards! Last but not the least worth mentioning is the experience and friendship earned from co-operating with VJC in organising the event - it is good!

Grace But and You – Personal Data

In Hong Kong, it is common for an individual to be asked for his or her identity card number by both public and private sector organization. The identity card system was introduced for the registration of persons under Registration of Persons Ordinance. When the Personal Data (Privacy) Ordinance came into operation on Dec 20 '96, the collection, holding, processing and use of the identity card number and other personal identifiers in a record form are under comprehensive statutory control.

What other personal identifiers usually one has?

Besides identity card number, there are employee number, student number, examination candidate number, patient index and hospitsal admission number, public housing application number, social welfare case file number, bank account number, serial numbers on paper files of record number in computer databases, tax file number, treasury reference number etc.

Under what statutory basis that an employee has to furnish the identity card?

Section 17K of the Immigration Ordinance requires employers to keep a record of the number of the document held by each employee by which he or she is lawfully employable, which would usually be the identity card.

If you are a Human Resources Manager or Personnel Manager, what do you have to be aware?

1. Review whether the personal data you hold are only used for the purposes for which they were to be used at the time of collection, or for a directly related purpose.
2. If you are using personal data for a different purpose, check whether the data subjects concerned have given consent for this change of use.
3. Reviews whether your arrangements for disposing of obsolete record meet the requirement that personal data shall not be kept for longer them is necessary for the pruposes for which they are used.
4. Implement arrangements for ensuring an adequate level of protection for the personal data you collect, hold, process or use against unauthorized access, processing, erasure or other use.
5. Be prepared to inform anyone on request of the kinds of personal data you hold and the main purposes for which you use personal data, as well as your policies and practices in relation to personal data.
6. Farniliaries yourself with the requirements for complying with requests by individuals to ascertain whether you hold data pertaining to them, to obtain a copy of such data and to correct such data.

The Reception of the 25th Japan JC Youth Voyage

More than 900 Japanese were here for this large scale recruitment project of Japan JC. (600 delegates on board & 300 delegates flied in to recept the ship). We were delighted to meet President Inagaki (R-2) & EVP Kamiye (L-2) of Toyota JC at the lunch reception of the Japan Tokai Youth Voyage on Jun 10 at the lunch reception & other members on board at the evening. A dinner reception has been arranged on Jun 9 to welcome them from Japan again.

The 2nd Senate Gathering was held on Jun 23 with the presence of Sir Roger Lobo. It's our honour to have Sir Lobo witnessed the presentation of New Born Senators including Spencer Li (VJC), Michelle Tang (IIJC), Kevin Pong (CJC) & Patrick Poon (NDJC). Sir Lobo's sense of humour and his gentle has impressed the Jayceettes

Stress Among Women in Hong Kong

Thank you fellow Jayceettes for filling out our questionnaires on Stress among Women in Hong Kong. If you want to know the results of the questionnaire, don't miss our Seminar to be held on Jul 25 '98 in Hong Kong Polytechnic Cheung Chen Studio Theatre! In this Seminar, we will not only announce our findings, but we have also invited Ms Eugeine Leung (梁若芊) to speak on how to manage our stress to achieve a more balanced lifestyle. Another speaker Ms Christine Loh (陸恭蕙) will share her life experience with us. The 3rd speaker Mr Matthew Cheng (鄭一石) will also give us some hints on how the increasing popular alternative healing methods can be used to help us reduce stress. Don't miss this opportunity to learn more about the importance of our mental health!

Message from the President

Years ago, I used to hang around in the Kai Tak Airport with some classmates after school. At that time, the airport was spacious. We could spend hours by reading, chatting & watching aircraft taking off and landing. When I took off at the Chek Lap Kok Airport on Jul 17, I felt into my memory emotionally. Those were the days – there were full of funs and jokes, we have nothing to worry and life is just simple and easy. Anyhow, we need to grow up & be mature. But most important is "Young at Heart"!

Seven Jayceettes with 3 family members attended the 41st Anniversary celebration of Kaohsiung Junior Chamber on Jul 18. The whole day program, including tree planting in the morning, ceremony in the afternoon till night time and the harbour cruise in the late evening could not resist the Jayceettes to steal some hours to try the delicious food and drinks at the night market. As for myself, I prefer to keep my diet and try the body massage which only costs NT700 for 45 minutes. Members of Kaohsiung JC were eager to meet with Jayceettes again and we have extended our warmest invitation to them & President Guo Chour Lan, who is the 1st lady president of Kaohsiung JC, to attend our 29th Anniversary on Oct 17.

The CD project - Stress Among Women in Modern Society had aroused great concern from the public, press and media. OC has obtained free advertisement on Sing Tao Newspaper for 3 days & the project was being promoted on air by HK Radio & Metro Broadcast. The seminar was held on Jul 25 with more than 200 participants. During the seminar, result of the Questionnaire which was distributed to the public earlier were released and the same would be published in various magazines later on. It's delighted that we have received many enquiries about the project and our chapter after the event.

Lastly, achievement of the Inter-chapter Badminton Competition was out of my expectation. Congratulations to PP Alice Liu, MID Fanny Loh & JTT Shirley Cheng. It was a great chance to explore the potential of our Jayceettes through various kinds of activities. No doubt, Jaycee is the ideal organization that provides opportunities for members to prove their concealed potentialities. If we don't try, we will never know how much we can achieve. So next time, when we solicit members to represent the chapter for any sort of competitions, please do stand up and be recognized!

Visit to Kaohsiung Junior Chamber

BRINGING FAMILIES TO JAYCEE! A total of 10 delegates which included three families went to Taiwan on Jul 17 to attend the 41st Anniversary of our sister chapter – Kaohsiung Junior Chamber. They were President Phyllis, PP Connia, EVP Matty and her better half, VP Christine and her mother, Wimi and her mother, MI officer Christine and me.

Kaohsiung JC arranged a whole day programme to celebrate their 41st anniversary. In response to Kaohsiung Mayor's call for planting 5 million trees within this year and made Kaohsiung became a green city, they kicked off the celebration by holding a meaningful tree planting activities in the morning at 仁愛公園. Although the temperature was high and everybody was sweating furiously, all the delegates, guests and JCs treasured this opportunity and happily planted their own tree. Other than that, sponsors were solicited to install a sound system in the park, so that light and relaxing music could be broadcasted in the morning and evening. What a wonderful idea!

Can you guess who were the performers at the dinner

reception? Taiwan singers? Kaohsiung JC? WRONG! You would never guess. We, all the guests, were the star performers!!! Each delegation was invited to sing a song. At that time we thought: Oh, my God! We didn't prepare for it, what should we sing? After a long struggle and brain racking, we managed to come up with a song 小城故事 and we thought: it's an easy job, no big deal. Surprise! Surprise! We just loved surprise! At the end of the song, there appeared a large bowl of beer and each performer was asked take turn to drink from the bowl and the last one should finish it all. It was hilarious. After a 'little' persuasion, the bowl was passed from left to right. After the first three taking their turn, all the others on the right hand side suddenly disappeared and moved to the left hand side, playing hide-and-seek. What a shame! Nevertheless, with the help of other JCs, we managed to pull it off.

Although our stay in Taiwan was very short, all of us had a wonderful time. We managed a grand harbour tour, a little bit shopping, a little bit sight seeing and a lot of local snacks and drinks.

Wonderful! Isn't it? We are now planning to visit Yokohama JC from Oct 9-11. Anyone who is interested, please give me a call.

Seminar on "Stress Among Women in Modern Society" – CD Project

Jul 25 was a great day for us! After months of hard work, we have finally finished the analysis

of our questionnaire results to be announced in our CD Seminar on "Stress Among Women in Modern Society". We have received a total of 168 questionnaires and have listed all the stressful events in the order of importance. Reporters from media and the press have shown great interest in our survey, especially after the tragic deaths of five women in Telford Garden, which police suspected to be an attempted suicide due to an inability to cope with life changes.

After the announcement of our questionnaire results, Psychologist Ms Eugenie Leung (梁若芊女士) gave us some hints on how to manage stress in life, which includes finding proper channels to let go of our anxiety, and diverting our attention to more productive activities. Ms Christine Loh (陸恭惠女士) then gave us a very humorous and interesting speech on how she personally manages stress. Many audience were interest to know if she feels any pressure from men for being such an outstanding woman in the society. She replied that it does not bother her at all, but men should definitely learn to accept the rising status of women. Our last speaker Mr Matthew Cheng (鄭一石先生) taught the audience how to do muscles test and also talked about the use of alternative healing methods in Hong Kong.

Over 200 participants attended this event and we have received very good feedback from the audience. Some of them were even interested on becoming a member of our Jayceettes family. We are very encouraged by the results and thank to all of you who have participated in this event, and all of you who have filled out or distributed the questionnaires for us.

3rd PR Gathering – Dessert Buffet at Grand Hyatt

People usually take dessert at the end of their dinner. 37 Jayceettes & me took it as our "dinner" on Jul 10 '98 at the 3rd PR Gathering, dessert buffet at Grand Hyatt Hotel. We started at 8.00 pm sharp. In front of a varieties of desserts, cakes, chocolates, tirumisu, saffoels, crepes, waffles, yougart, and fruits, I put aside my "on diet" plan. Lying on the big sofa, hearing the soft music played by the pianist, while eating the delicious dessert, I was totally refreshed. We ate, drank and chat so relaxingly that we forgot about the time. We finished until 12.00am. That night brought me so much joy and happiness that I decided to organise the 4th PR Gathering. If you have missed joining us in the first three, do participate in our last PR gathering of 1998 that we specially organise for you! Look forward to seeing you.

A fun-filled gathering – Business Commission

All year through, Business Commission Chairman Winnie will arrange visit among our members. The purpose of the visit is to know more about the occupation of our commission members. The first visit we had was in Solicitor – Grace But's office. I would say we did enjoy quite a lot because we were too happy to ask enormous questions we might think of. Through this visit, we learnt more about the services of a solicitor may provide. Of course, the most important question I asked Grace was that if we could have discount of her service. What was her reply ? You may take a guess. Our second visit is coming soon, you are very welcomed to join us. Don't miss it !

OUTSTANDING CHAPTER OF THE WORLD 1981 & 1989

OUTSTANDING CHAPTER OF THE ASIA PACIFIC 1991 & 1992

Message from the President

There is a Chinese Idiom (天有不測之風雲). The recent serious floodings in Yangtze River had slammed into the major provinces of China causing million lost their homes and assets. This natural disaster is the largest flood crest of its kind since 1981. Many refugees are facing skin diseases and fresh water shortage. In preparation for colder weather and to provide victims with food and other necessities, Hong Kong Junior Chamber is now initiating a flood relief campaign to raise HK$150,000 for the victims. Any Jayceettes who would like to make donation, please contact EVP Matty directly. Our chapter will gather all contributions and transfer to NOM in mid September.

Talking about weather, it seems that whenever we are launching outdoor activities, we have to adjust programs on the event day due to the unexpected bad weather. Similar situation was happened for our August Fellowship Gathering where we have to move the venue from outdoor BBQ to indoor dining. Surprisingly, I am glad to have a close contact with many families and new faces while we are crowded together, getting to know deeper of each other.

Up to now, 70 Jayceettes have registered for the National Convention and 2/3 of them are either involving as O/C members or on-spot helpers. However, we are still looking for more... more registration and more participation. Hong Kong Jayceettes wants to be a good host for this 33rd National Convention! If you haven't joined the welcome team, it is our final call to invite you on board.

Taking this opportunity, I would like to say thank you and appreciation to all board and O/C members who are busily engaged in compiling the chapter and project bidbooks for the Convention bidding. We have tried our best this year and hope the bidbooks can serve as momento for our members to recall in the future.

Once again, I would like to draw your attention that our Annual General Meeting and 29th Anniversary Celebration will be held on Oct 17, '98 (Sat) at the Grand Stanford Harbour View Hotel, T.S.T. East, Kowloon. Please come to vote for the 1999 team.

Jayceettes REVIEW – Nora Cheng

PP Nora is still actively involved in Jaycees' functions.

We are pleased to have PNP and also our PP Nora Cheng shared with us her valuable memories. As this year's congress is to be held in Manila, it made Nora remember the Manila Congress some twenty years ago..... when HKJTT announced her intention to bid for the hosting right of 1979 Asian Pacific Conference in Hong Kong.

It was also taken at 1978 Taipei Conference with WP Carl Peterson at the Jayceettes hospitality suite. Can you recognize our PP Nora, Florence Wong, Kitty Leung and Emily Ma?

It was taken at 1978 Taipei Conference. On stage we have thank you speech by NP John Lo, Conference Chairman Jennifer and Jayceettes President Nora, after the Jayceettes won the hosting right of the 1979 Asian Pacific Conference.

It was taken at 1978 Manila Congress. Hong Kong Jayceettes promoting the 1979 ASPAC Conference by sending a large delegation. We have lots of PPs & senior members in this group photo, wearing sharp and eye-catching uniform. They include Emily Auw, Emily Ma; Joyce Tsang, Amy Ma, Nora Cheng, Jennifer Yu, Evanda Li, Elsa Leung, Sandy So.....

Grace But & You – Severance Payment

Economic downturn makes many employees become redundant and are dismissed. Employers have to pay severance payment. Where an employee who has been employed under a continuous contract for a period of not less than 24 months ending with the relevant date is dismissed by his employer by reason of redundancy or is laid off, the employee has the right to severance payment and the employer shall be liable to pay.

Domestic servant – serverance payment?

If you have employed a domestic servant for a period of not less than 24 months and you want to dismiss her, do you have to pay severance payment? The answer is YES. Though the domestic servant is employed with a private household, the Employment Ordiance says that the domestic servant has the right and the employer shall be liable as if the household were a business and the maintenance of the household were the carrying on of that business by the employer.

Lay off – under what situation?

When the employee's total number of days which work is not provided by the employer exceeds:

(a) half of the total number of normal working days in any period of 4 consecutive weeks or

(b) one third of total number of normal working days in any period of 26 consecutive weeks

and the employee is not paid a sum equivalent to the wages which he would have earned if work had been provided on the days on which no work was provided.

Claim for severance payment – any time limit?

An employee shall not be entitled to a severance payment unless before the end of the period of 3 months beginning with the relevant date:

(a) the payment has been agreed and paid;

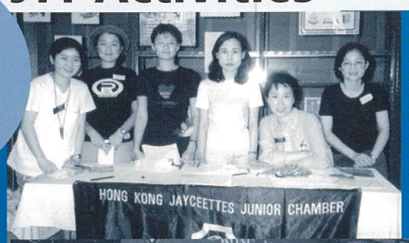

(b) the employee has made a claim for payment by notice in writing given to the employer; or

(c) a claim has been filed with the Registrar of the Labour Tribunal of which a question as to the right of the employee to the payment, or to the amount of payment has been made the subject of the claim.

Club House Questionnaire

In June, the Club House Feasibility Study Ad Hoc Committee had sent out a questionnaire with the hope to find out the motive of our members towards the issue of Jayceette Club House. We have received 42 replies and the results are summarized in the following charts. Based on the analysis, the Committee will meet again and propose recommendations to the Board for further necessary action.

The Chairman would like to thank the devotion of Committee members, namely Past Presidents Connie Pun, Connia C Lo and Past EVP Alvina Lam. For those members who have responded swiftly to the survey, sourvenirs of appreciation have already been presented during the occasion of MFG. The rest will be sent by mail accordingly.

Visit to Yokohama Jaycee

Yokohama Jaycee invites us to attend their Monthly Fellowship Gathering on Oct 9, '98. We have not visited Yokohma Jaycee for more than three years and it is a good opportunity for us to strengthen the relationship between us. We intend to join a 5-day package tour to Japan, and then stay behind 2 days to visit them. The tentative schedule is Oct 4-10, '98 and the cost is approximately HK$6,500. Dear members, if you are interested, please call VP Brenda Lam.

53rd JCI World Congress

Dear Jayceettes, the 53rd JCI World Congress will be held at Manila, Philippines from Nov 15-20, '98. If you have missed other international events before, never mind, but you've got to try your best to attend this one. WHY? Besides the usual reasons of experiencing internationalism, meeting our sister chapters, national parties, attending training seminars, etc. The others are:

1. Our PP Caroline Au Yeung, 98 JCI VP is going to run for 99 JCI EVP;
2. Manila Jaycees, is one of our sister chapters, the hosting chapter,
3. The gold year (50th) of Jayceeism in Asia and celebrate 100 years of Philippines Independence.

Both PP Caroline and Manila Jaycees need your support. As a Jaycee member, you've got to attend at least one international event to experience what we call 'international opportunity'. Why not attend this one. The package cost is HK$6,270. (Early Bird registration deadline is Sept 14) If you are interested, please contact IAD Ivy Cheung.

Message from the President

People asked me how I feel for the achievement of 2 Awards, The Award for LOM with the Best Contribution in NOM Activities and The Outstanding LOM President Award (CoM) at this National Convention. I would say not much for myself but very much for the chapter. The glory is belonged to all Jayceettes. Without your support and the hard work of our Board members, we would not be able to achieve these awards.

Taking this opportunity, I would like to thank all of you who had been involved and participated in the Convention, as well as your support to my election as the 1999 National Vice President. Totally, we have 78 Jayceettes out of 423 registrations registered for the Convention.

I have received a lot of compliments from the National and other LOMs for all the dedicated arrangements of the Convention. Some of them enjoyed the delicious food, some enjoyed the singing performance at the Award Banquet, some enjoyed reading the timely Newsletters, well, some enjoyed seeing all the beautiful pink ladies flying around, so and so. However, there might be something that we had overlook or not entertained well. Please let me or Convention Director Peggy know if you have any comments. Next year, Island Junior Chamber has awarded the hosting right of the 34th National Convention. My Congratulations to President Duncan & Bidding Chairman Kendy.

Dear Jayceettes, we are now facing the most serious challenge in recent decades caused by the Asian financial crisis since last year. The downslide of the HK economy affects our daily life and might resist us to make more commitments other than our family and career. However, I am sure we are the one who will not just satisfy on our own accomplishments and we are the one who would like to take up challenges to achieve a meaningful life. It is our goal of enhancing the prosperity of our community and our chapter. Therefore, we need your staunch support to our AGM and other upcoming activities in the rest of the months!

The Manila Congress is approaching. Meanwhile, we have PA Margaret, PP Anita, VP Brenda & JTT Sharon to go with me to Manila next month. This is a great chance for you to explore the most exciting area of opportunity of JCI – International. Do contact IAD Ivy for details and grasp this chance to celebrate the 50th Anniversary of our sister chapter, Manila Jaycees as well!

Phyllis Chan, President

New Convention News

The 33rd National Convention has come to a conclusion. We are glad to have total 423 registrations this year. And I would like to extend my heartfelt appreciation to all of you – your keen support and your participation.

It is indeed my great honor to be the Convention Director of the 33rd National Convention. Though extremely demanding as it is, the experience of hosting a National Convention has been most fruitful and gratifying in the mind of Jayceettes members. I take this opportunity to salute members of the very hardworking and devoted Convention Organizing Committee for their dedication and contributions over the past 9 months.

My gratitude goes to National President Spencer Suen, Past National President Daniel Cham, National General Legal Counsel Alice Liu and National Secretary General S C Mok for their advice. I would also like to extend my heartfelt thanks goes to my Chapter President Phyllis, Advisors Connia Chu Lo, Shirley Chan, Ida Chow, Shelina Chung, Anita Kwan and Connie Pun for their valuable advice and tremendous support.

Last but not the least, thank you your participation in the 33rd National Convention. I hope you have enjoyed the program as much as we have enjoyed working on it.

Wish the Island Junior Chamber another successful convention in 1999!

The Social Readjustment Rating Questionnaire

In order to explore the majors stressors among women in Hong Kong, we have designed a questionnaire based on the well known Rahe & Holmes' study in 1967 which we have distributed to over 2,000 women in May-June. 168 questionnaires were returned, and analysis of the results was announced in July '98.

Top 10 ranking of Stress among women in Hong Kong

1. Dealth of spouse
2. Detention in jail or other institution
3. Death of a close family member
4. Disabled child
5. Major personal injury or illness
6. Single parenting
7. Infertility
8. Death of a close friend
9. Child's illness
10. Crime victimization

9 MFG

It was a marvellous night. The sweet voice and the lovely song sang by our member Josephine chu showed her great talent to be a professional singer. Members wore pajamas, made laughters and the party was full of fun. And there were something more, our guest speaker JTT Grace But and Maggie Leung gave us some knowledge on law and beauty. Can we have another MFG likes this which give us both fun and knowledge later on?

Follow Your Heart
– Finding Purpose in Your Life and Work

– written and illustrated by Andrew Matthews

I have come across a very interesting book and would like to recommend to all of you. This is an enjoyable and easy-to-read book, fill with humor and wisdom. Here are some of the extracts.

The Ten Concepts:

1. **We are here to learn lessons, and the world is our teacher.**
When we fail to learn a lesson, we get to take it again ... and again! Once we have learned the lesson, we move on to the next one. (And we never run out of lessons!)

2. **The universe has no favourites.**
Your success and happiness depend on natural laws and principles – and how you use them.

3. **Your life is a perfect reflection of your beliefs.**
When you change your deepest beliefs about the world, your life changes accordingly.

4. **The moment you get too attached to things, people, money ... your screw it up!**
The challenge of life is to appreciate everything and attach yourself to nothing.

5. **What you focus on in life expands ...**
so think about what you want!

6. **Follow your heart.**
Your mission in life is not to be without problems – your mission is to get excited.

7. **God is never going to come down from a cloud and say: *"You now have permission to be successful!"***
You have to give yourself permission.

8. **When you fight life, life always wins.**
If you want more peace of mind, stop labelling everything that happens as "good" or "bad".

9. **How do you love people? Just accept them.**
Complete acceptance is unconditional love.

10. **Your mission in life is not to change the world. Your mission is to change yourself.**
There are no "outside" solutions, only "inside solutions".

Message from the President

Thank you very much for your support to our 26th Annual General Meeting and 29th Anniversary Celebration on Oct 17. That is a memorable day for me in fact. To chair the most important meeting and to response to the concerns from our members at the General Assembly, I needed to be well prepared. All your concerns and suggestions to the chapter would be taken into consideration by the current and incoming boards.

Our Anniversary celebration in the evening received more than 100 guests including 14 past presidents of our own. It was our honor to have Tsuen Wan District Officer, Mr. William Yap, JP and Ms Helen Kun from our Hon. Auditor Fan, Chan & Co. among the guests of NOM and other LOMs. The celebration went to a climax when past presidents Nora Cheng, Connie Pun and Shelina Chung representing the years of 70's, 80's and 90's performed on stage. We were all proud of their talents and indeed Anniversary is always an occasion to pay tribute to all past presidents for the jobs they have done to the chapter! Also token of appreciation were presented to members with 3,5,7,10 and over 10 years membership in the grand occasion.

Dear Jayceettes, I hereby pledge your support to our 2nd Extraordinary General Meeting to be held on Saturday Nov 14, '98 (Sat) at 2/F., Chariot Club, 2-8 Wellington Street, Central（馬車會所）at 2:30 pm for the purpose of electing the 1999 Executive Committee Members. Please show your support by casting your vote in person or sending in proxy to HS Anita.

Meanwhile, if anyone of you is willing to participate in any office or project in our LOM or NOM next year, please feel free to contact me. Manpower allocation has become prime issue because of the job commitment of our members. We have to plan ahead, monitor the progress of all areas in order to maintain a well balanced program.

This year, to allow a balance JC life for members, some chapters have organized various sports activities and Jayceettes have received awards. Please show your interest again by involving as team member or take part in the cheering team for the coming Bowling Competition jointly organized with Lion Rock Junior Chamber on Nov 29. The OC is very considerate to arrange 2 training sessions for our members on Nov 9 & 22. Ladies, do remember our slogan- TEAM POWER, JAYCEETTES IN ACTION.

JTT Activities - 29th Anniversary Celebration

The 29th Anniversary was well attended by over 100 guests amidst of our dedicated Jayceette members on October 17. There were 14 Past Presidents came to celebrate the birthday. The climax of the night was the singing performance by three of them, namely Nora, Connie and Sheline. They have brought us three beautiful songs of "I've never been to me", 情人知己 and 郊道 respectively. We also had guest singer Mr. Benny Lam from Victoria JC.

The night went on merrily when all-time favorite artists 奇哥and 寶珠姐 arrived and played games with the guests. We never know how talented our members are if we were not present there. The Jayceettes can sing, act, and of course organize projects..

The 29th Anniversary is also a memorable occasion for four of our Prospective Members as this is their first JC project. I am sure they have learnt something out of this endeavour and let's hope that they can be future leaders of our organization!

Grace But and You – Counterfeit goods

Consumer products of famous brand name or trade mark are welcomed by consumers and the price is quite high. Hence counterfeit goods are sold and attract those who wish to have the goods that bear the famous brand name or trade mark but cannot afford or not wish to pay the high price.

Some companies transfer the manufacturing process of counterfeit goods into China, import them into Hong Kong and then some export them to their overseas buyers. Famous trade marks are altered such as an original registered trade mark is written in capital letters is altered into script. In appearance the marks are not the same and they are not manufacturered in Hong Kong.

Does company commit an offence if he altered trade mark?

S9(3)(ii) of the Trade Description Ordinance says that a person shall be deemed to forge a trade mark who falsifies any genuine trade mark, whether by alteration, addition, efffacement or otherwise.

Does company commit an offence if he imported counterfeit goods?

The company may commit an offence unless he proves that he did not know, had no reason to suspect and could not with reasonable diligence have found out that the goods to which forged trade mark is applied or, the goods are not intended for trade or business.

Or the counterfeit goods are in transit for example from China brought into Hong Kong to overseas country. The goods brought into must be for the purpose of taking them out of Hong Kong and remain at all times in or on the vessel or aircraft in or on which they are brought into Hong Kong. If the counterfeit goods were unloaded from cargo from China onto a ship or a container, an offence is committed.

The penalty for the offence is fine and imprisonment.

Grace But, Solictor

Best Answers to the 201 Most Frequently Asked Interview Questions - Matthew J. DeLuca

In this prevailing economy, some members might have to find another job due to various reasons. Writing an attractive and impressive resume is the first step, prepared yourself for the interview is the most important one. Here we listed some of the suggested answers to the most frequently asked interview questions for your reference.

1.Have you ever been asked to resign?

Determine in advance how to handle this question if the answer is affirmative. Admit it to the interviewer, disclosing the circumstances as briefly and objectively as possible. When faced with an ultimatum from an employer, the scar is usually deep and long-lasting. Present an objective spin and demonstrate a firm, confident conviction that you benefited from the experience.

I was asked to resign at XYZ corporation because there was a major down scale of activities and I was given the choice of taking a position of less responsibility or leaving. If I had taken the lower level position, there still would have been no guarantee that that job would have any more security. If I had stayed, the severance package may have been less or none at all. So I left. It really worked out well, though, because I quickly found a position at DEF Industries with a 20 percent increase in compensation. As you know, XYZ on the other hand shortly thereafter went out of existence entirely and 200 employees were out of work with only unemployment benefits at their disposal.

2. What are you strong points? What are your weak points?

Take this opportunity to share with the interviewer your strong points, including qualities that are relevant for the position at hand and also important to you. Loyalty, a strong work ethic, good interpersonal and communications skills, a project and results orientation are all personal characteristics that interviewers love to hear. Be prepared to give situations that exemplify one or more of your personal characteristics.

Do not be as open with your weaknesses as with your strong points. Try to identify qualities (or their lack) that are not so relevant to the position being discussed.

I must admit I am a workaholic.

I am impatient with others who display the sense of urgency.

Or damn yourself with faint praise:

I always try to come in ahead of deadlines.

3. How would you describe your own personality?

Attention to detail, work oriented, task driven, stickler for time, focused, attentive, sensitive, empathetic, aggressive/assertive, self-motivated, high energy, self-starter, parsimonious, loyal, punctual, control-oriented, team player, questioning.

Ask friends, family, and business associates what words could be used to describe you. In many cases, friends are delighted to help with your job search in any capacity. Ask yourself what kind of personality is needed to fill the position and cite your characteristics that support your candidacy.

4. What do you think is the most difficult aspect of being a manager/ executive?

"Giving bad news" is as succinct and to the point as one can get. This answer provides a brief valid answer that begs the serious interviewer to ask you for more. A superficial interviewer does not pursue with additional questions to flesh out your thought-provoking response and to determine whether there is substance and a demonstration of in-depth experience behind the answer. This response addresses how a manager reacts to difficult situations.

A second response demonstrates that the manager is ready to take control and provide leadership from the start. *"Getting the group of people that you have inherited to respond quickly and effectively to your authority."*

Motivating people and find (as well as building) the team are additional areas to explore in finding an effective approach to this question. Both certainly demonstrate to the interviewer the depth of your experience and your ability to be trusted with the responsibilities for managing others.

Message from the President

I am pleased to announce that Senator Peggy Yen was successfully elected as the '99 President of our beloved chapter at the EGM held on Nov 14. I am now working closely with the newly elected '99 Executive Committee members to finalize a concrete year plan for '99 as we are going to have a big celebration for our 30th Anniversary next year.

There were 9 Jayceettes attended the Manila World Congress. Each of us has experienced the warm hospitality by the Hosting LOMs and the Filipinos. The 6 days programme gave us a lot of excitement. When attending a Luncheon Reception hosted by Manila Jaycees, one of our sister chapters, we have renewed our Sisterhood Pact with them by signing the Renawal of Sisterhood Agreement. President Felix extended their appreciation to Hong Kong Jayceettes for helping the Bidding of Manila World Congress at the '93 Hong Kong World Congress. They also invited us to participate in a Community Project to clean up the riverbed in Manila next year. President Kudo of Yokohama Junior Chamber proposed to have more fun with Jayceettes by having some sports event next time. The incoming President Miyabayashi is keen on karate. And, Past President 蔡景軾 of Kaohsiung Junior Chamber was awarded the Senator of the Year. He is almost 80 years old!

Past President Caroline Au Yeung was successfully elected as the JCI Executive Vice President assigned to Area C. You are most welcomed to join with her to Panama where she will chair the Area C Conference in April next year.

Yong Suk Choi from Korea was elected World President and his presidential theme for 1999 is `Creating the Future`. The JCI EVP assigned to Area B is Nagayuki Nisho from Japan and the VP assigned to Hong Kong is Michael Kern from Austria.

Santa Claus is coming to town soon. The OC members of the Christmas Ball have arranged special programs for you in this festival season. Incentive Awards will also be presented to outstanding Board members and Jayceettes in this grand occasion. Don`t miss the chance to celebrate and shine your dancing shoes for the night.

Phyllis Chan, President

2nd Extra Ordinary General Meeting

For and on behalf of the Board, we are pleased to announce the 1999 Executive Committee Members were duly and successfully elected at the 2nd EGM held on Nov 14 '98 at the Chariot Club, Central as follows:

President:	Senator Peggy Yen
Executive Vice President:	Rebecca To
	Daisy Lui
Vice President:	Petula Wong
	Ella Kwan
	Elisa Lai
	Elaine Ho
Hon. Treasurer:	Senator Regina Ng
Hon. Secretary:	Louisa Ng

We would like to express our heartfelt congratulation to the elected Executive Committee Members and extend our sincere gratitude to the kind attendance and support of all Jaycees and guests.

Anita Ho, Hon. Secretary

JTT Activities -
The Art of Communication
口若懸河，才華洋溢

Nov MFG - "The Art of Communication" was successfully held on Nov 28. The speaker, Mr Terence Wong gave us an exciting and lively presentation. As Terence said, public speaking is confidence training. It required skill, practice and finally change your character.

Due to time constraint, Terence elaborates on two of the skills required, namely, clear and attractive. Regarding clarity, one has to pay attention to the pronunciation (like 吳，五，唔 in Cantonese or 談情 / 彈琴 in Putonghua), the volume, the way of breathing and the speed. In order to be attractive, one has to make strategic pauses or stress some particular words in a sentence so as to emphasize the importance and then match with appropriate tones.

A total of 86 participants enjoyed the afternoon very much and they really got some insight into the art of communications!

The competition was successfully held on Nov 29 with 20 teams and 10 Presidents / Presidents Elect participation. Ms Catherine Che and Mr Louis Cheung were invited as our Guest of Honor and Judge respectively. In order to provide more training for our members, OC had organized two training courses on Nov 8 & 22 conducted by Mr Louis Cheung. We had 3 teams & President Phyllis participated and luckily we got 3 awards this year.

Manila World Congress Highlights - Dec 15 - 21

Mabuhay ! Cheers!

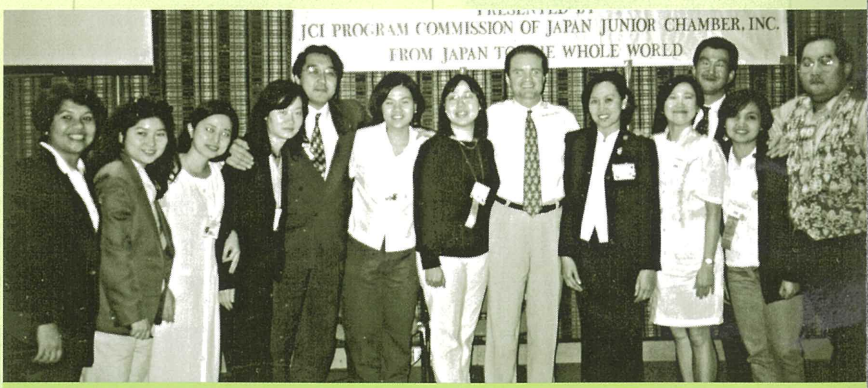

Mabuhay! This is the Philippine word I learnt during Manila Congress, meaning Cheers!

Starting from the Opening Assembly, General Assembly, Caucus Session andAward Presentation, I was impressed by the enthusiasm of the delegatesover the world. Whenever their Presidents or Past Presidents of their area stand on the stage, they would applause with cheers, shake their flags. Of course, we, Hong Kong delegates emited all our energy in clapping hands and standing up when our NP Spencer, HLP Jennifer and PP Caroline appeared on the stage.

Besides the formal ceremony in day time, we were kept busy every night to enjoy the Manlia night, Finland night, USA night, Japan night and French night hosted by each area. I could not forget to mention about the BBQ of the whole cow during the Manlia night. I am sure you could not taste it in Hong Kong. We met not only our sister chapters, but also other JC friends of different countries. We exchanged name cards, danced and talked. It is really a good chance for those who would like to develop internationlism.

Of course, one of our purpose for the trip is to support our PP Caroline to run for 1999 JCI EVP. No doubt, she is successfully elected. We are so proud of her!

Every day, there were different training sessions. For myself, I participated in a two day 'Life Planning Seminar' where I recognised my priority in my life. I would like to share it with you if there is a chance in future.

VP Julie was very glad to have attended the Life Planning Seminar among the other JC members

Well, after all the tight and interesting programs, we grasped every minutes to enjoy the trip. We went for shopping in Marcarti, we went swimming in the hotel's pool and we were so relaxed when we went in the jetkuchi and steam room and finalised with an aromatherpy massage at a very comparable price.

Jayceettes at the Yokohama JC Booth at the Japan Night

For such a wonderful journey, there is only one agent in HK can promise, that is - HK Junior Chamber. They will organise another 2 trips next year. They are Jakarta Conference and Cannes Congress. Prioritize your time and money to join them! You will experience something different from ordinary travel agents!

Interview of JCI VP / EVP Elect Caroline Au-Yeung

We, the Jaycees in Hong Kong, are delighted that Jaycee Caroline Au-Yeung has been elected for the respectable position of JCI Executive Vice President during the Manila World Congress. In the coming year, she will be in-charge of Area C and will chair the Area Conference in Panama next April. After her successful election, I had the opportunity to interview JCI EVP-Elect Caroline to share some of her insights and thoughts with us.

ST: How did you feel when you were preparing to run for JCI EVP?

CAY: Even though I have gone through the international election process once when I ran for JCI Vice President last year, I tried not to take things for granted and read through all the preparatory notes from JCI and studied the Constitution in details. I felt honored to have the chance to serve JCI for another year.

ST: Can you tell us something about the responsibility of a JCI EVP?

CAY: At the international level, the President, Immediate Past President, General Legal Counsel, Treasurer and the four ExecutiveVice Presidents form the Executive Committee. Unlike the Vice President, whose duty is mainly to work with and visit his assigned NOMs, the Executive Vice President's role is more focused on supervision, management and decision making. Moreover, each Executive Vice President will act as the Conference Chairman of his assigned Area and take on any additional duties as requested by the President.

ST: Since you have been assigned to Area C, an entirely different area, how do you plan to overcome the possible difficulties, such as language barrier and cultural difference during your term of office?

CAY: Over the years as an international Jaycee, I discovered that language is not a barrier amongst members from different nations, since we all have the same Jaycee heart and speak the same Jaycee language. At the same time, I do have plans to learn Spanish and the Samba Dance. With regard to the cultural difference, I am extremely excited to have the opportunity to learn how the people live in another part of the world. I found that so long as you observe and respect the local customs and are open-minded to accept new things, then there will be no problem.

ST: Can you tell us the attributes required to serve at the international level? What is the amount of time needed to spend on JCI affairs?

CAY: There are of course constitutional qualifications for the candidacy of JCI officers and specific duties for each position of the organization. However, on top of that, I believe that the candidate must have an international mind and the spirit to serve and to give. The amount of time and money spent during the officer's term of office vary from person to person. This year I took 13 trips on official JCI duties, with an average of 4 to 5 days per trip. I reckon that since you only have a one-year term of office, you should make the best of that experience.

ST: Finally, in the months ahead, would you have the time to speak at your mother chapter's and other LOMs' functions to share your JCI experience with the members?

CAY: Apart from the periods when I am out-of-town on JCI functions, I am in fact pretty free when I am in Hong Kong. I have seen and learnt so much through my involvement at the JCI level and I am always eager and ready to share my experience with members locally and around the world. I firmly believe in the power of internationalism and its effect on membership growth, retention and development. I would highly recommend members of the Hong Kong Junior Chamber to take advantage of the diverse opportunities available at the international levels - seeing is believing!

ST: Thank you JCI EVP-Elect, it has been a pleasure talking to you.

CAY: Thank you. Hope to see you in Panama!

Message from the President

The Christmas Ball cum Awards Presentation was successfully held on Dec 25 with more than 150 participants. The lovely little angels started the event by strolling into the ballroom with sacred candles and joyous Christmas carols. All the guests had enjoyed a wonderful and glamorous evening while sharing the happy moment with the award recipients. I must thank the Project Chairman Catherine Leung and her experience OC for making the event a memorable one. My congratulatoins also go to the winners of our Project and Individual Awards.

I have almost completed my term of presidency, however, there is still a long agenda on my organizer for December. There are various LOM and NOM Board and Committees Meetings which I have to attend in the capacities of 98 LOM President, 99 LOM Immediate Past President and 99 National Vice President. What else? Luckily there are fun parties besides meetings in which I can find time to relax while waiting for the arrival of 1999 to assume my new offices.

I am glad that I had grasped this challenge when the opportunity arrived to me last year to become the President of 1998. A full year of experience has made me understand more about mankind, each with different characters. You have to know how to think on the others shoes, identify faith and false, be objective and open mind, respect and accept different opinions when came across, and many many .... That positive change had eventually made me become more mature in handling human and social relationship. I am grateful to Jaycee organisation for turning me into a better person.

True friendship is to let someone how you really care and give advice when you deem fit. You can win trust from people when they think you are honest and careful. The Arts of Communication is not easy but is very important to make ends meet.

This is my last message as your President. Take this opportunity, I would like to thank again my devoted Board Members for working with me this year, all the Past Presidents and senior members for giving their valuable advice and involvement, all the Jayceettes for the support rendered throughout this year.

Lastly, I wish the incoming President Peggy and her Board of Directors every success!

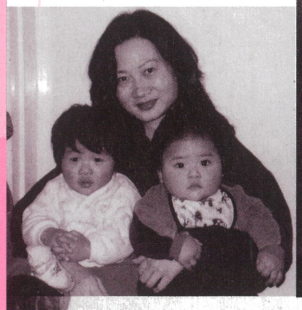

Wishing you all the best!

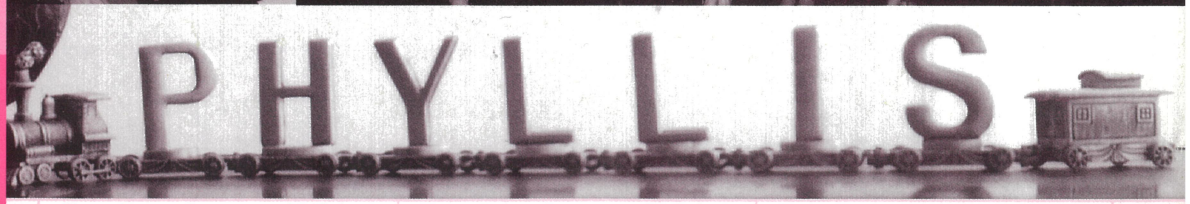

Phyllis Chan, President

Message from the most supportive senior Jayceette

Every year joining the Christmas Party and the Award Presentation is something that I would not miss. To date I have served as a member in the organising committee in 1992 & 1994.

Deep in my heart, I believer that every Jayceette should support the Chapter if we could spare even the smallest amount of time. In turn, we would enrich our Jaycee life and cultivate a sense of belonging. Right at the start we should always try not to say "No" whenever being asked to participate in Jaycee work. No matter how small the amount of contirbution one may provide, one would always find it to be worthwhile and manage to enhance our Jaycee knowlege in the process.

I would like to take this opportunity to express my thanks to our P Phyllis who has supported me throughout 1998 when I served as the Chairman of the Public Relations Comission. Unfortunately, because of other pressing personal reasons, I was unable to continue such task this year.

Sharon Thumb

The OCs: Thank you for joining us tonight!

Message from PA Margaret - The other side of me

"It is said that people who dislike working are those who derive no enjoyment or satisfaction from the exercise." These are some of the words in my last Presidential message 10 years ago when I was your President.

10 years have glimmered away very fast! There were years that I was silent from Hong Kong when emigrated to Canada in 1990. I returned home for good in mid 1993 and found myself a stranger to most members. Nevertheless, my instinctive support had revived me back to the spot and those unfamiliar faces have eventually become part of my story.

I have witnessed that members are more busier than our days on their jobs and self-studies. Our demands for more involvement in chapter management and project execution are harder than ever. There were frequent "desperate" calls crying for Board and O/C members. I tried to convince myself that they are only jokes and in fact, we have plenty of resources within our chapter. members should be taught well that Practical Training is the best teacher in leadership development. Believe me, Hong Kong Jayceettes is one of the best chapters in developing outstanding individuals!

I've been Presidential Adviser for Presidents of '95 Caroline Au Yeung and '98 Phyllis Chan. I must say that both of them have grown to be more decisive and presentable after their reign of office. Friends of mine understand that I'm by no means of a kind person at work, I am pleased that they can go in pace with me. Caroline and Phyllis will play a key role in the JCI and HKJC arena in 1999. I am sure they will exercise what they have benefited from the Hong Kong Jayceettes to demonstrate that they are good living examples of "take and give".

If you don't work, you get no satisfaction.
If you don't involve, you cannot tell interesting stories.
I still have many exciting stories with me. How about you?

Margaret Wu,
Presidential Adviser

Message from CDD Petula

In the earliest o my family & studying. Eventually, I accepted this post in May. Besides an invitation from President, it is a great chance to serve our community and beloved chapter. I persuaded myself of the great challenge on practicing Time and Stress Management. As a result of this training, I learned how to enjoy a balanced life style.

Petula Wong, Community Development Director

Message from JTT Wimi

I have learnt and enjoyed myself in this busy year of 1998. Being a OC member of the fund raising project "Kai Tak-Seal with a Kiss", NOM JC Week, National Convention & World Congress, I got the valuable experience and friendship. It is true, we all learn by EXPERIENCE. Wishing every success to 1999 Board of Directors!

Wimi Lam, Jayceette

Taste the Nature (6th PM Project) - Dec 6

The final PM project of '98 - "Taste the Nature" was successfully held on Dec 6. A group of 57 participants headed to Mangrove Reservation Area which, is close to Mai Po - Hong Kong Government declared it as a "Site of Special Scientific Internet" in 1976. And also, the project provided our members and guests with opportunities for recognizing one of endangered species (*) - Black-faced Spoonbill.

After faring with the lovely birds, we left for the biggest monastery in New Territories - "Wan Tsuen Sin koon Monastery" in Fanling. Not only enjoyed a delicious traditional vegetarian lunch there, but also we had a chance to take photographs in the Chinese-style garden.

In the meantime, our member were very busy in taking photos with the "Superstar" - Huge Golden Fishes when we arrived in "Fat Kee", common Carp Golden Fish and cultivation Pond. Some Jayceettes exclaimed they never see such a magnificant picture when they fed golden fishes as there were hundreds of them chasing for the food in the pond.

We expressed our heart-felt thanks to prize donations by P Phyllis Chan, IPP Shirley Chan and PE Peggy Yen for the lucky draw, and each of participants got one before arriving at our last visiting place - "Red Wine Factory". All of us could get top-class red wine in a nice price, and of course, we won't miss to have free tasting of different types of "Bordouex" red wine.

Last but not least, throughout this outing project, it awakened on-going urban development of the limited wetland habitat around Mangrove area, and increasing pollution in Deep Bay create serious threats to the reserve.
