PEACE THROUGH EDUCATION

Words are mightier than the sword,

a saying no one would cast a second thought;

If reading nurtures the human virtue,

books are the mind battling venue;

Peace through education needs no more be taught,

a spirit every soul on earth should thus resort;

'Jinwei' webs up the soldiers of the peace,

thou shalt be led to the world Jaycees.

Forward By Convention Director

When the Queensway Jaycees bid for the hosting right of the National Convention last year we bore the following objectives in mind: to enhance good relationship with the NOM, further improve the friendly relationship with other LOMs, reactivate our dormant members, involve our prospective members with the ultimate aim of developing the Chapter into a mature and strong one.

The organization of the Convention started in March with the first meeting held in early April. Over the past six months the Organizing Committee had spent much time and effort in ensuring the success of the Convention. We managed to overcome a number of crises and difficulties and at the same time learnt much experience. We involved most of our old members and a great majority of our new and prospective members. We had good liaison with the NOM and LOMs and achieved better relationship with them. We have basically met all our objectives set.

The success is due to the co-operation and hardwork of the Organizing Committee members, members and prospective members of the Queensway Jaycees who have been so devoted and committed to this first National project hosted by our Chapter. My biggest salute to them all. The success is also a result of the invaluable advices of the NOM officers and the enthuisatic support and encouragement from the LOMs. To them I must say many thanks.

Taking this opportunity, I would like to extend my sincere welcome to all the participants in this 22nd National Convention and hope all would have a wonderful memory of it.

GUEST OF HONOUR

MR. R. H. ANNING, CBE, QPM

COMMISSIONER OF POLICE

Message From Guest of Honour

The important role played by Jaycees International in providing opportunities for young people to receive leadership training through working on community service projects has brought the Jaycees a well-deserved reputation world wide. Here in Hong Kong the work of the Hong Kong Junior Chamber of Commerce is equally well-known and appreciated.

This National Convention will provide a forum for the discussion of new projects and the free exchange of ideas which is so essential if forward momentum is to be maintained. It will also give members an opportunity for the renewal of old friendships and the making of new ones.

The people of Hong Kong can consider themselves fortunate to have a group of such well-motivated young people working on their behalf. I am pleased to be associated with the Hong Kong Junior Chamber of Commerce and I wish all success to this year's National Convention.

R.H. Anning
Commissioner of Police

Message From Patron

Jaycees is a well-known international organization specializing in Leadership Development for young men and women aged between 21 - 40. Their proven contributions have been reflected through the thousands of service programs launched via its few hundred thousand members throughout the world.

To face a hugh population of over 5 million, the Hong Kong Jaycees has achieved tremendous results in the past years to better the livelihood of our citizens through the numerous meaningful projects. Simultaneously, it has developed a strong team of young leaders through its 16 Chapters in Hong Kong and Macau.

OTB Card Company Limited, with over 80% of its clients falling into the same age group of 21 - 40, is honoured to be associated with such a fine youth organization at its 22nd National Convention. Under the brilliant leadership of their National President, Miss Nora Cheng, Hosting Chapter President Miss Florence Tam and Convention Director Mr. Larry Lau, it is confident that this National Convention will benefit all Jaycees with overwhelming successes.

Message From JCI Executive Vice President

I have the greatest pleasure to send this Message of Greetings to all members of the Hong Kong Jaycees at this 22nd National Convention.

In our today's world of rapid changes in values and expectation, our communities are all the more in need of leaders who can perceive and keep pace with changing times and circumstances; who can respond and face changing environments as positive signs of new opportunities; and who possess above all, a firm commitment and faith in the realisation of a brighter future for our next generation and beyond.

Our common goals of leadership development and global citizenship propell us to seek the higher purposes of life as Jaycees. At your National Convention, I urge you to take the time to reflect upon your roles in your country and its relation to the world - your global community, to reaffirm the direction that your organization takes towards progress and peace for all.

My congratulations go to the Queensway Jaycee for an outstanding success in the organization of this convention. I also send my best wishes to you all for a most memorable and refreshing experince.

Jennifer C.W. Yu
1987 Executive Vice President

Message From JCI Vice President

It is with great pleasure to extend my warmest greetings to the members of the Hong Kong Junior Chamber of Commerce for the occasion of their 22nd National Convention.

Participation and Involvement are the key words to success and relevance in our personal development, as we, the Jaycees, have claimed that we are the World Wide Leadership Development Organisation. This occasion gives us the opportunity to voice our oppinions, to make known our strengths and weaknesses, to learn from each others, to renew friendship and to meet more friends. Our major emphasis theme - Jaycees: Young People For World Peace, is most appropriate at time when the world is faced with many crisis like: Warfares and Drug abuse. Young leaders of your community gathering in this convention and believing in the Jaycees philosophy that Leaders Are Trained, not Borned, will certainly contributing positive toward the theme. Please take this opportunity to actively involve yourself and participate. I am sure through the involvement you will arm yourself to go back to your community and put into practice the decisions taken.

May I take this opportunity to congratulate the Hong Kong Junior Chamber Of Commerce for a successful 22nd National Convention.

PETER SJ SIM
VICE PRESIDENT

Message From HKJCC Hon. Life President

The National Convention is the one occasion in the year when all who subscribe to the objects of the Junior Chamber come together to review progress and to deliberate on future policy while electing new leaders.

It is also the time when the pledge to the Jaycee Creed is renewed with determination that its universal application will be pursued vigorously here.

Due credit is given to the President and the outgoing Administration for the progress and achievements of the current year at the same time as good wishes are expressed for the success of the 1988 leadership.

A. de O. Sales
Hon. Life President, HKJCC
1956 JCI President

Hong Kong, 10th July, 1987

Message From National President

National Convention is sometimes regarded as a time to renew old friendship and establish new acquaintances. It should in fact, be the time when we seriously review and evaluate our performance in the last 12 months. One can only derive maximum benefits from the Convention by active participation in the business sessions and seminars, which will enable us to exchange ideas, identify problems affecting the community, and eventually come up with sound and feasible resolutions.

The Theme of this Convention is "PEACE THROUGH EDUCATION". Prominent speakers have been invited to join in a special seminar featuring this topic. Surely worthwhile discussions will be made.

Taking this opportunity, I would like to thank my Board of Directors and all LOM Presidents for their assistance and co-operation in making 1987 a successful year for the Hong Kong Junior Chamber of Commerce, and especially to all members for your active participation throughout the year.

My congratulations goes to the Queensway Jaycees for hosting such a wonderful Convention. Finally, to all delegates attending this Convention, I wish you all a successful and enjoyable Convention.

Nora Cheng

Message From Hosting Chapter President

I have great pleasure in sharing the honour of being the hosting Chapter of the 22nd National Convention with my fellow Queensway Jaycees. We are extremely proud of having this privilege bestowed upon us.

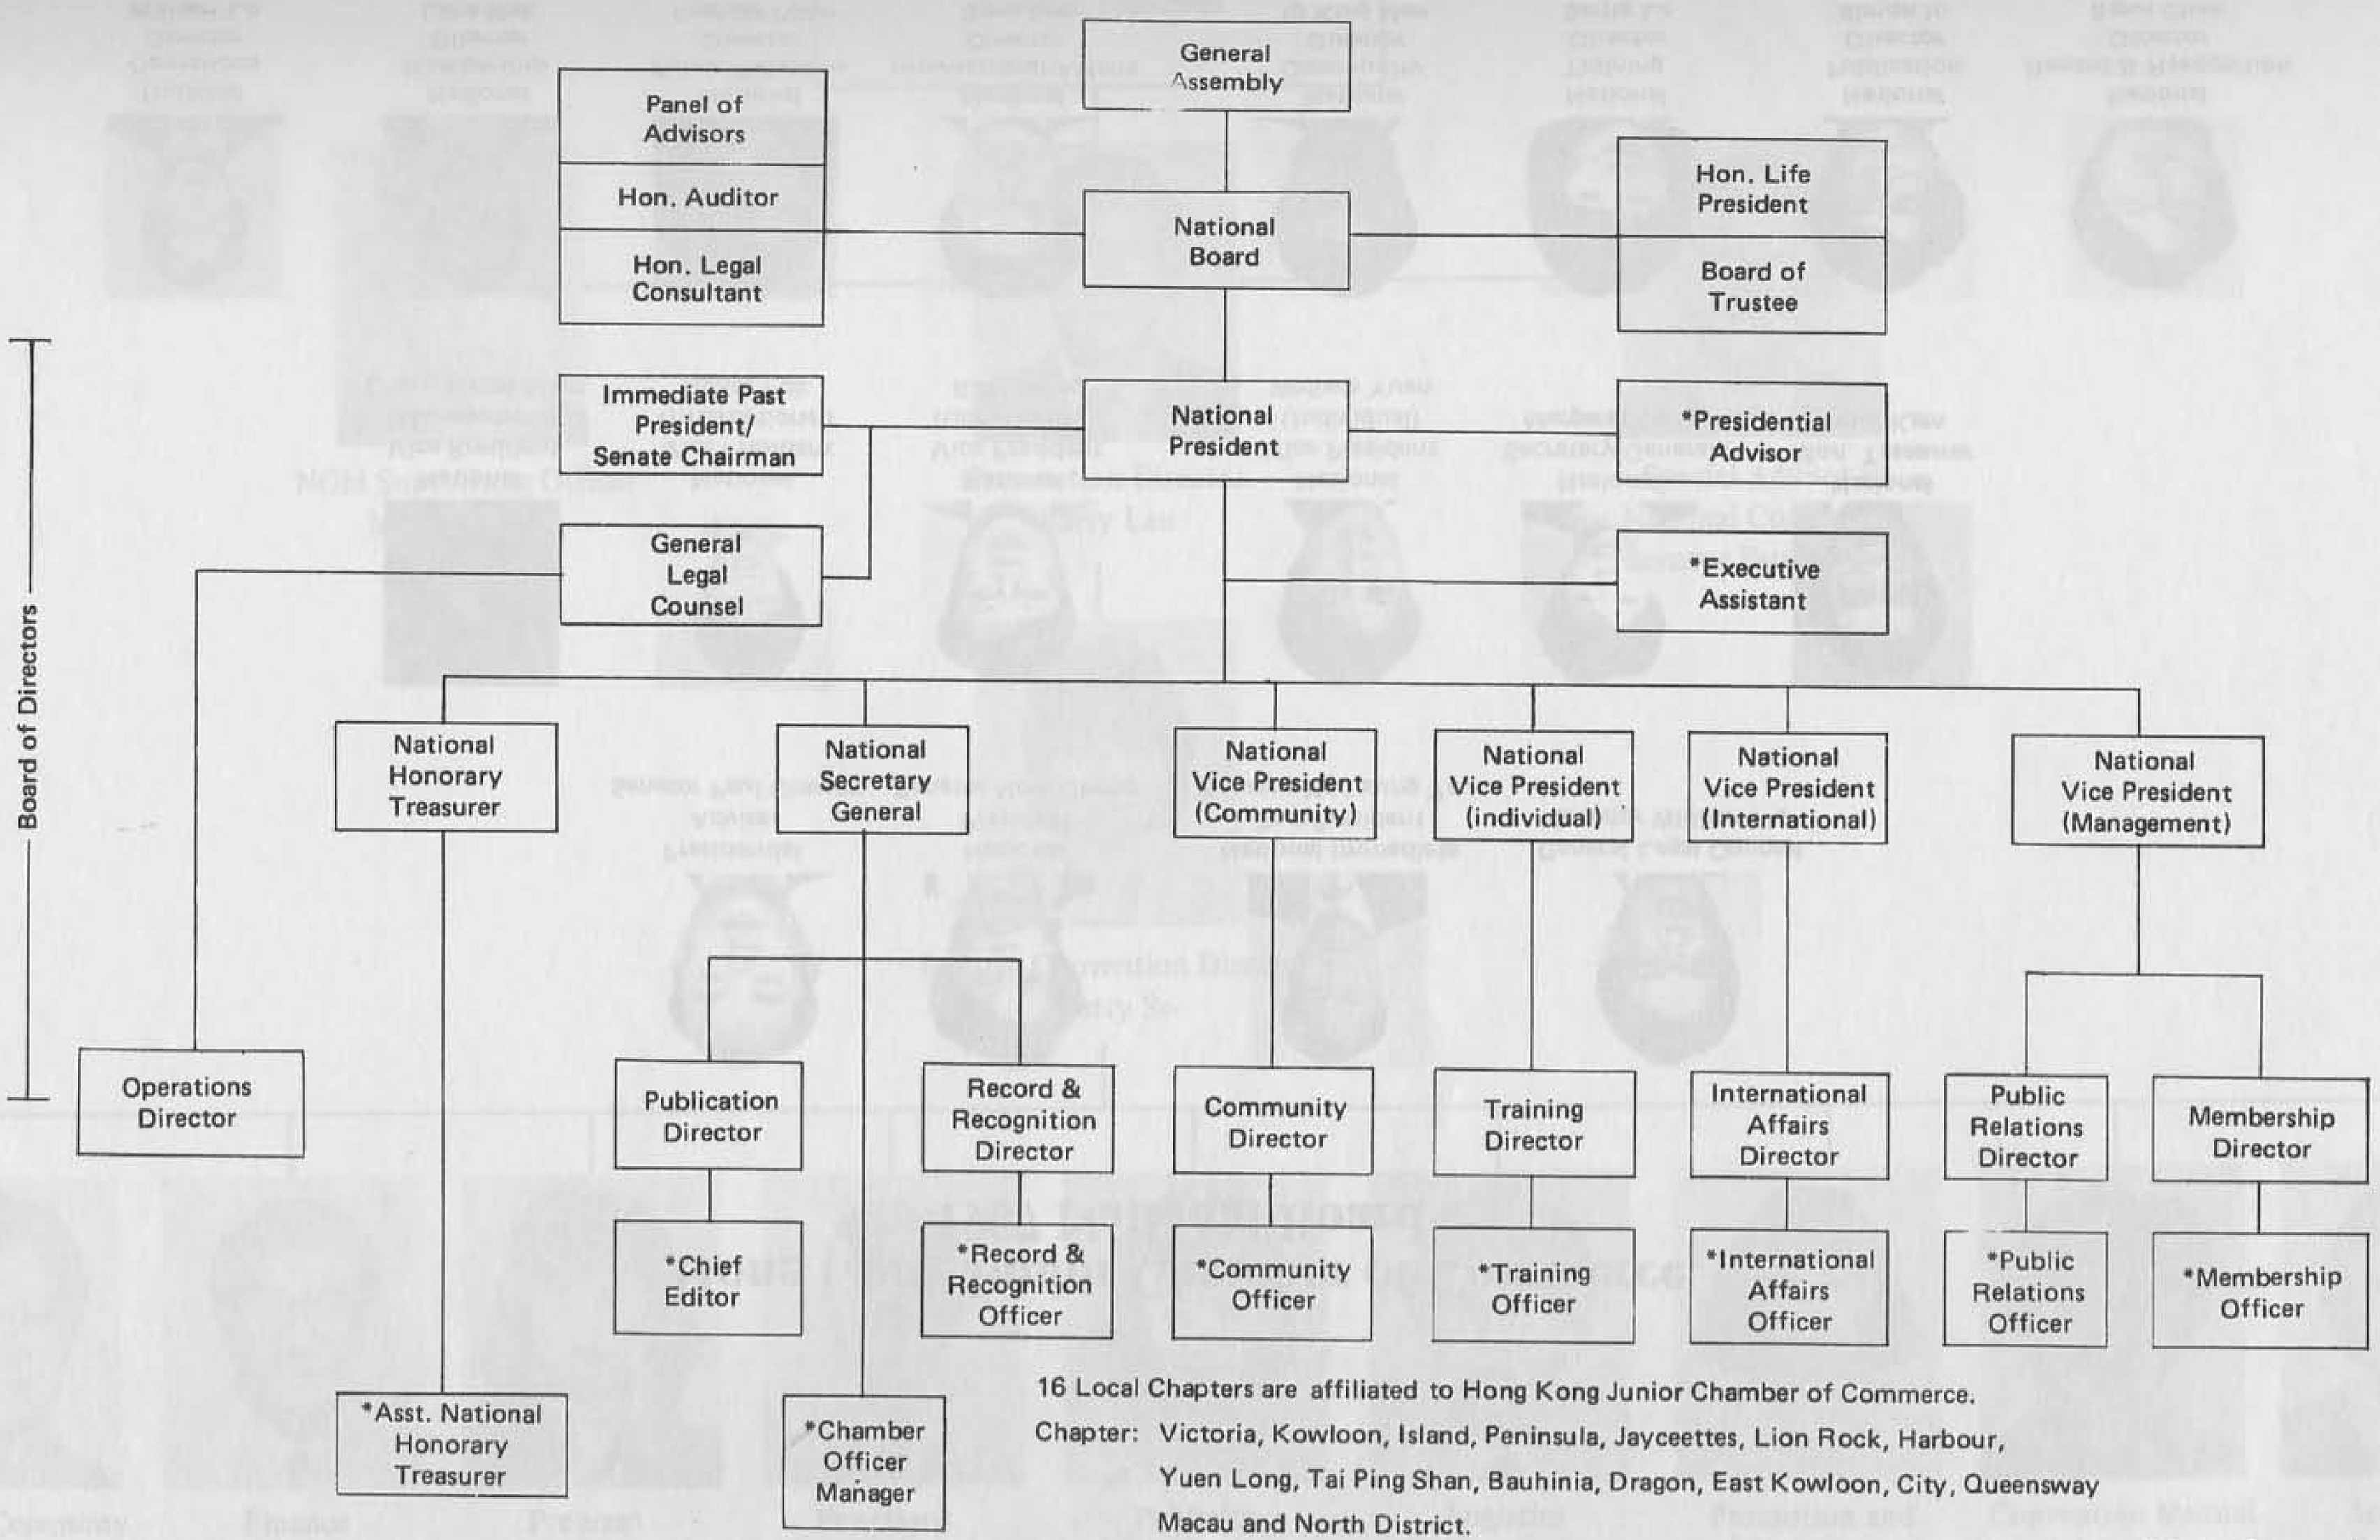

The success of this important event can be attributed to the hard work and dedication of our Convention Director Larry Lau and his committee. Nevertheless, the kind support of other enthusiastic Jaycees should not be forgotten.

I am sure that 1987 will be a memorable year for the Queensway Jaycees. Apart from hosting the National Convention, we have other achievements, too. Many projects having been completed quickly and efficiently. Through these achievements, we tasted the fruit of success and above all, we enjoyed the fellowship and unity.

Fellow Jaycees and friends, may I on behalf of the Queensway Jaycees and the National Convention Organizing Committee, warmly welcome all of you to this yearly gathering. Thank you for your participation and contributions.

C. ADMINISTRATION

1. The NOM conducts Executive Committee Meetings and Board Meetings monthly. To facilitate better communications with LOM Presidents, Joint Board Meetings are conducted quarterly, when LOM Presidents are invitied to attend and to report on their LOM's activities and membership.

2. The permanent Secretariat, under the supervision of the Secretary General is operated by 2 permanent staff and 2 part-time staff. Providing service to the NOM and LOMs, and this Clubhouse also served as a convenient meeting venue for our members.

3. Policy Manual of the NOM was compiled and despatched to LOMs to serve as a guideline for administration.

4. To enhance better communication, Joint Directors Meetings were convened by the National Directors with LOM Directors.

D. CLUBHOUSE

The Hong Kong Junior Chamber of Commerce purchased its own Clubhouse in 1977. Since then our membership and number of LOMs have increased, presently with 17 LOMs and a membership of 1,133, the existing premises were found insufficient for use by our members.

Verbal consent was given by the Trustee that we can proceed to look for suitable premises. As a result, an Ad Hoc Clubhouse Committee was set up, under the Chairmanship of Senator John Chan. Progress of the Ad Hoc Clubhouse Committee will be reported during the National Convention.

E. 1987 NOM PROGRAMS

1987 NOM Program was adopted at the beginning of the year. During the mid-year, some additions were made to the program, taking into consideration, that members require more training on the LD area, and also invitation from China's Women Association to Guanzhou and Chung Fa on a cultural exchange.

A copy of the 1987 NOM Programs can be found in Annex 1.

F. NOM FINANCE

1. National dues were collected quarterly from LOMs, based on membership dèlcared by LOMs during quarterly Joint Board Meetings.

2. This year, the Inaugural Ball was held on 11 January 1987, the amount raised this year was a record low, i.e. HK$38,900. As the funds raised from Inaugural Ball normally formed the major souce of funds for NOM projects throughout the year. The NOM this year, has to work on a very tight budget.

3. Budgets for administration and projects funds were prepared and approved at the beginning of the year. Regular reviews were made throughout the year, to ensure that expenditures on projects does not overrun. Close monitor were made on the accounts this year, in order to make ends meet.

4. As passed during the last National Convention, dues received from Prospective Members were being kept at a separate account solely for the use of repair and maintenance for office furniture and fixtures only.

5. The income resulted from the increased in Senator's Applicatio Fees were also isolated and kept in another separate account, solely for use by Senators only.

G. ACTIVITIES

All our activities are operated under the four Areas of Opportunit since these will be reported in the respective Vice Presidents' an Directors' reports, I do not intend to go into detail, but rather to share with you some of the aspiration of the respective areas:

1. Individual

All the programs organised by the NOM this year, were aimed to provide a higher level of training for LOM executives.

Parliamentary Procedure in a Lively Way - was aimed to give more advanced knowledge on Parliamentary Procedures.

SUPERSTAR Training Program - this project did managed to pick the brain of those attending. The feedback was excellent. For the first time :

- Organising Committee consist mostly Immediate Past Presidents, who are willing to share their experience in making this a superb project
- Speakers were distinquished personality of their respective profession
- Venue was at a Hotel in China
- Invited local youths from China to attend
- Visit to China's Industrial Zone and exchanging views with their officials were beneficial
- Punctuality of all participants was 100%
- 100% participation of all delegates throughout

2. Membership

To refresh our memory, the NOM membership target at the beginning of the year was 1,300 by Amsterdam Congress, while we are still struggling on with this number, I would like to appeal to LOM Presidents for your assistance in reaching our target.

Throughout this year, the NOM ME Director had organised Orientations monthly, and also assigning prospective members to LOMs.

Commencing this year, the NOM has had a clear record of all progress of prospective member in the LOMs, and the ME Director Lena had worked very hard to try to keep track of very PMs performance in the LOMs. In this regard, I would like to express my appreciation for LOM Presidents for your cooperation and endurance.

I am glad to inform members that an English speaking mixed chapter from Sha Tin District is now in the process of applying for provisional membership.

3. Public Relations

External

Through the good work laid by our predecessors, I am glad to advise that PR of the Hong Kong Junior Chamber externally has been good.

Was invited to
- New Governor's Swearing-In Ceremony & Cocktail
- City District Admin. Cocktail
- Birthday of Emperor of Japan's Cocktail reception

As National President was interviewed by the following: Newspapers, namely: Ming Po, Man Wei Po, Sun Po, Sheung Po. Acted as speakers to luncheon meetings of several Rotary, and Lions Club to promote on Hong Kong Junior Chamber, and articles were out in newspapers as well as in the Rotary Newsletters.

Publicity of NOM projects this year was excellent, we were interviewed by TVB and ATV twice, also interviewed by Radio Hong Kong and Commercial Radio, on our projects such as Young Leaders Voyage, Youth Voyage, and the Ten Outstanding Young Persons Selection.

Three Press Supplement on Hong Kong Junior Chamber was out this year: One Full-page Colour supplement was out on Sun Po during the Jaycee Week. One Full-page B&W supplement was out on Man Wei Po, and one half-page on Wah Kiu Yat Po in conjunction with TOYP and Hong Kong Jaycee.

Internal

Internaly PR was maintained through the regular publication of newsletters, and the various PR projects aimed at promoting fellowship among all Jaycee members.

4. Records & Recognition

As usual, the Senator Screening Committee headed by NIPP/ Senate Chairman was set up to recognise outstanding achievement of those who have contributed towards the Jaycee movement.

Due to the tight financial situation of the NOM this year, we have decided to seek assistance from past National President, who may be interested in donating awards during the National Convention. This was received with overwelming response from the Past National Presidents.

I would like to express my sincere gratitude to our Past National Presidents for their generosity and assistance.

5. Community

Under this area, various projects were being carried out. In order to commemorate the late Governor of Hong Kong, the Hong Kong Jaycees have donated an amount of HK$10,020 towards the Sir Edward Youde's Fund to assist the youth education in Hong Kong.

The impact of the Jaycee Week this year was very good, we have a full-page color supplement on that day, and also with the cooperation of the LOMs, many large scale projects were organised within the Jaycee Week. Furthermore, most of them were held within the New Town Plaza in Shatin. The weekend 25-26 July 1987, at Shatin was filled with Jaycee publicity.

Our annual project, the "Ten Outstanding Young Persons" selection this year, will again be organised. We are most grateful to Philip Morris Asia Incorporated Inc. to be our sponsor once again this year.

We have also assisted the UNICEF (Hong Kong Office) in the sale of their Raffle tickets.

6. Major Emphasis Theme

This year, the NOM has adopted the Major Emphasis Theme as "Training the Youth, Heading for Peace".

With the assistance of the Japan Jaycees, our Theme Project "The Young Leaders Voyage" was once again organised. The port chosen was Kagoshima. A total of more than 120 youths participated in April 1987.

The Hong Kong Jaycees had also won the first prize in the Best Poster Design in the Major Emphasis Theme on the topic - Children, Peacemakers of the 21st Century during the Singapore Conference in May this year.

7. International

A total of 76 Hong Kong Jaycees attended the 1987 JCI Singapore Conference. During this Conference, Hong Kong announced the nomination of Senator Jennifer Yu for the post of JCI World President.

The Dragon Jaycees will be signing sisterhood pact with the Meycauauan Jaycees in Manila in September 1987.

Four Hong Kong Jaycees were selected to participate in the Japan Jaycee Youth Voyage this year.

Close relations were maintained with other NOMs by means of correspondence and visits by NOM Officers. Meetings during the Singapore Confernece, and also during the Okinawa JC Youth Summit, did acheive to bring the NOM Presidents in Area B much closer.

H. JAYCEES INTERNATIONAL

1. JCI Vice President assigned to Hong Kong, Mr. Peter Sim visited us in January during our Inauguration, and spoke during our Joint Board Meeting. Courtesy visit was also made to the Urban Council Chairman.

2. Hong Kong is proud to have a JCI Executive Vice President from our NOM. Needless to say, our members did benefit a lot from Senator Jennifer Yu's advice. We also have the greatest honour in nominating Senator Jennifer to seek for the position of JCI World President in 1988.

3. Past National President, Senator Ng Leung Yau was appointed Special Assistant to World President on Marketing. Jaycee Agnes Fok was elected APDC Councillor during the Singapore Conference.

4. Macau Jaycees will be hosting the 1988 JCI Asian Pacific in Macau on May 1988.

A group of 14 female members, consisting of Executives of respective chapters, headed by the National President paid an official visit to them. Each NOM is requested to give a keynote speech of 20 minutes on their countries pride and joy, economy, tourism, trade, and future prospect. Wide publicity was given by the press and television stations.

4. SUPERSTAR Training Program

By holding this program in Shekou, was a good choice, as we have been able to understand more about this Industrialised Zone in China. Furthermore, the invitation of 5 local youths to participate in our program, did gave them an insight into the organisation of the Jaycees, and they were much impressed. Good relations and promotion of Jaycees into this area was most beneficial.

CONCLUSION

The year 1987 had passed very quickly, however, I am glad to report that the year has been a successful one.

Despite of the various difference of opinion in high level management, I am glad to witness that our members did have a happy and enjoyable year, as they have been working harmoniously together, especially with the organisation of the various joint projects.

Also, the image of Jaycees have been well maintained. Good relations were made within the Community, such as the District Boards, and the various community leaders. Support given was good, for example, the Judges we have in this years TOYP Selection was considered the best over the years.

Publicity given to the Jaycees this year was enormous, including those of the press, radios and television stations. For the first time, the Hong Kong Junior Chamber was able to obtain a full page colour press supplement.

On the international front, we have taken the pioneer step into China, either in form of official visits or using their venue for training and courtesy visits. The Guest of Honour for the SUPERSTAR Training Program, Mr. Yuen Geng was a prominent and well known person in the Shekou Industrial Zone, who is responsible for all its rapid expansion. His support to the Jaycee movement and younger generation is worth mentioning.

Furthermore, good relations were maintained with overseas NOMs, especially Area B NOM Presidents, which contributed to the good international relations among Jaycee countries.

Finally, I would like to thank all members and Board of Directors of the Hong Kong Junior Chamber of Commerce, and especially the LOM Presidents for your support and assistance, in giving me a year full of pleasant surprises.

It was a wonderful experience working with you all.

22nd National Convention

PEACE THROUGH EDUCATION

REPORT to the GENERALA ASSEMBLY of the 22ND NATIONAL CONVENTION of HONG KONG JUNIOR CHAMBER OF COMMERCE

From NATIONAL IMMEDIATE PAST PRESIDENT - NG LEUNG-YAU

It gives me great pleasure to present my report to the General Assembly in the capacity of your National Immediate Past President and Senate Chairman of Hong Kong Jaycees for the year 1987 as follows:-

1. DUTIES

The duty or the role of the NIPP is basically that of advisory to the National Board and to ensure that continuity of the NOM on policy matters are maintained.
In this respect, I have attended most of the NOM Meetings during which on-the-spot clarifications or advice are given or assistance provided to the NOM Board Members when required.

2. CONSTITUTIONAL ASSIGNMENTS

Under the Constitutions of Hong Kong Jaycees, I have also been given the following assignments :-

(A) Nomination Committee Chairman

As of this writing, your National President had not nominated the members in this committee.

(B) Senators Screening Committee Chairman

This year's Senators Screening Committee consists of the following members :-

Chairman - Senator Ng Leung Yau
Committee - Senator John Chan, Past NP
- Senator Evanda Kwok
- Senator K.W. Chow
- Senator Major Tang, Past NP

The Committee has received a total of 21 applications for Senatorship and all of them are in the process of being approved by President Nora Cheng.

Senate Fund - this year we have levied a US$100.00 Senate Fund for each new Senator to subsidise the Senate activities. HK$2,000 for US$ 150.00.

Unless the Committee has received more than three applications before December 1, 1987, it is not expected that another meeting will be convened before the end of this year.

(C) Senate Chairman

The rank of a JCI Senator is one the highest prestige in Jaycees. However, being one of the junior Senators in Kong and occupying the position as the Chairman to this se group of Senators has been quite a challenge.

Being an unofficial body without a formal structure, it stipulated in the Constitution that the purposes of the Kong Jaycee Senate are :-

- always for the fellowship of JCI Senators in Hong Kong.
- offer help to the Hong Kong Jaycees whenever needed.
- under no circumstances to interfere with the administra of Hong Kong Jaycees.
- always enjoy the individual status of a JCI Senator relation to other JCI Senators worldwide.

3. INTERNATIONAL

A) Aisa Pacific Senate - During the Singapore Conference in May 20 to 24 1987. Past National President Senator Cheung was elected President for the year 1987-1 Senator Tony Sun was appointed Hon. Secretary and Sena William Wu was appointed Hon. Treasurer, Past Nati President Senator John Chan was appointed General L Counsel and Senator Louisa Wong was appointed Publica Director.

B) Young Leaders' Voyage - This project being the 2nd organised by the HK Jaycees was successfully held a total participants of 130. A) Macau Jaycees - This chapter, though only 3 years of age has been performing satisfactorily under the leadership of their Chapter President S.C. Chui. The chapter have completed projects in all areas of oppotunity and my compliments go to them for their active involvement and the International area in particular.

Although the membership growth so far has been nominal, yet, I am pleased to report that the board of directors of Macau Jaycees has set an ambitious plan to increase the membership by 50% before the end of the year. This is inevitable due to the need of manpower anticipated for the coming of the Macau Conference next year.

Macau Conference - A few meetings have been convened and it is encouraging to note that so far this project has been progressing at the right track and the team spirit is high.

B) Ocean Jaycees - This young chapter, bieng a provisional one has been performing relatively well and they have been able to maintain a balanced program with membership at a steady growth. Chapter President Stephen Wong has demonstrated as a capable leader and I am particularly impressed with their community involvement. As of this writing, I have no reservation in recommending to the General Assembly for their formal affiliation to the Hong Kong Jaycees.

5. CONCLUSION

It has been a great pleasure working with your NOM Board Members of this year and in particular, your experienced National President Nora Cheng. I like to take this opportunity to extend my most sincere appreciation to those who have given me their unfailing support throughout this year especially when I have been frequently away from Hong Kong.

B LOM's Officers Training School (Jan 17 1987)

The Training School, chaired by Davis Kwong from Queensway Jaycees, was taken place at the World Trade Centre Club The purposes of the Training School were to let the incoming NOM & LO officers learn more about LOM Management techniques, Jaycee Knowledge, and exchange experiences amongst the incoming officers from the participating Jaycees.

The Training School started off on Dec 16 1986 with a LOM President Forum. Speaker was Senator Sonny Yu. The aim was to highlight the basic standard of performance as a LOM President

The main feature was on Jan 17 1987, with respective promine speakers on various topics, such as How JCI functions, the Administration of Hong Kong Junior Chamber of Commerce, and LOM management techniques To exchange views, there was a group discussion period led by various ex-comm members

Full capacity of more then 80 people was recorded The role play and the speech were followed by the 30-minute Question & Answer period. The project was chaired by Louisa Ng from Peninsula Jaycees

F "SUPERSTAR" - NATIONAL TRAINING PROGRAM

The "Superstar" was the centre piece of this year's National Training Series The objective was to train up the current or petential Jaycee leaders who are willing to climb further up the Jaycee ladder, by drilling their leadership and management skills. The venue of the training site was designated to be Nanhai Hotel at Shekou of China The venue was chosen because we felt that Nanhai Hotel(a 5-star hotel) would provide a perfect environment and training atmosphere for intensive and un-interrupted training As a result the degree of concentration and the level of enthusiasm that the participants demonstrated during the training program was quite amazing

With the advice of the Hon Life President of Hong Kong Junior Chamber of Commerce, A De. O Sales, we had invited four participants from China to attend our training program. Through the assistance of Xinhua News Agency, four young highly-ranked executive from Shekou had been nominated. And they had actively involved in our training program.

G. "Time Management" Workshop

To be successful leader, effective time management is very crucial A "Time Management" workshop is being planned to be held at the Royal Hong Kong Jockey Club - Training Centre The chairman designate is Cindy Mok from Peninsula Jaycees

II Supervising LOM's

A. Victoria Jaycees - It is composed of a group of high-calibre and young persons. They are imaginative and innovative in nature During the year, they are quite successful in up-bringing the member-to-member relationship through organizing a number of public relation functions and monthly fellowship gathering It consequently provided an optimal understanding and co-operation between their members as they practically executed projects The successful projects included "Spread the Light", "Hang Seng Index

Future" Seminar, 25th Anniversary Ball and so on

B Island Jaycees - Under the capable leadership of Gregory. the Islanders have been very active and very high-profiled in the Hong Kong Jaycee circle. They had actively participated in the JC Interchapter public relation functions, and they had won a number of awards at the JC Olympics On the other side, they have successfully discovered a number of potenital leaders of the chapter through organising various successful International and Community projects With appropriate leadership and motivation, I believe they will become a strong propellent in bringing glory to the chapter. In terms of retention, President Gregory had successfully re-activated some experience members. I believe the future prospect of the chapter will be very optimistic

C Hong Kong Jayceettes - The chapter still maintains their high standard of work and remains one of the betterly organized chapters in Hong Kong Their members are agressive and enthusiastic Their projects over the year was well-balanced in four areas of opportunities. In serving the community, they have successfully organised a seminar on a highly controversial topic "Central Provident Fund in Hong Kong" The "Knit Your Care, Share Your Love" project shared the theme of the United Nations, "International Year of The Shelterless" The project voiced out our immediate concerns for the homeless and it also suceessfully raised fund for the homeless and mentally retarded In memebrship training, they carried out a Interview Techniques seminar The seminar was quite informative and well-attended by Jaycees and general public.

D East Kowloon - The progress of the chapter was amazing Training was emphazied as they had organized two intensive training courses to train more leaders who are expected to be able to take greater responsibilities for the chapter. "I Can Be Great" was a meaningful Community project which had successfully promoted to the youth that hard work and endeavour were the basic ingredients for success The chapter is bidding for the hosting right of the 1988 National Convention. Although it is the first time they attempt such a break-through, I am sure, the convention organised by them will be one of the most successfully ones.

III. Conclusion

This year is my fifth consecutive year taking Jaycee position and the first year serving the National I find that the experience I gained from this year's commitement is extraordinary and rewarding Taking this opportunity, I'd like to convey my tokens of appreciation to LOM Presidents Peter Ma, Gregory Fong, Connie Pun and Yung Kin Yee for their co-operation. With that experience, I would become a more mature and stronger person to accept any challenges that is facing me in the coming days.

I would like to thank my two Directors, Simon and Steve for working with me in the past months for their support and initiative; Chamber Office Manager Catherine and Amy for their dedicative work, NP Nora for her advice throughout the year and all members of the National Board for their cooperation.

REPORT TO THE GENERAL ASSEMBLY OF 22ND NATIONAL CONVENTION
FROM NATIONAL HON. TREASURER- PETER M.K. KAM

I. FOREWORD

At the start, 1987 was considered to be a financially testing year for the Hong Kong Junior Chamber of Commerce. Though the NOM has; in the past few years developed and expanded sizably, the cost of running activities, services and maintenance were on the increase, which in turn posed an added burden for the administration this year.

Nonetheless, I am pleased to report that the NOM has sustained a very sound financial status throughout the year. Not only are we able to maintain projects in considerable scale and quality. but the year 1987 is also expected to carry a reasonably substantial amount of surplus forward to the next administration.

II. FINANCIAL POLICIES

It is the organization's policy to budget each year to provide, out of its dues income and other internal income, all services and publications to members without taking into account sponsorship potential.

The expenses incurred in the promotion and conduct of program activities within the Areas of Opportunities and the NOM's publication are limited to amounts set by the annual Budget.

Surplus funds of the NOM are invested in accordance with guidelines established by the Executive Committee.

III. BUDGETARY POLICY

Adjustment of allocations between budget headings to accomodate minor variations in the actual costs of achieving the purposes for which the allocations were made were authorized by the NOM Executive Committee during budgetary review.

IV. FINANCIAL STATEMENT

Update Income and Expenditure statements, with Actual/Budget comparison, breakdown of Accounts Receivable and payable etc., are presented biweekly to the NOM Executive Committee and Board meetings respectively. The showing of cash position and how they were used helps the review of financial situation.

The presentation of updated statement to NOM Excom.and Board with Actual Income & Expenses as comparable to Budget establishes a clear standard of performance and serves as a means for planning and controlling activities at each area. Deviations can also be detected and acted upon.

IV.1. 1986 Audited Financial Statement

Forming part of my report is the audited 1986 Balance sheet and Income & Expenditure Accounts.

V. INCOME

V.1 Membership Dues

Dues are collected by NOM quarterly according to LOM membership declaration. As a result of a slowdown in membership growth at the beginning of the year, budget revision was recommended to the Excom., accordingly, the budget was realistically revised by the Board of Directors.

V.2 Chamber Office fund

Each new member upon joining the organization, is required to contribute $100 to the Chamber office fund. The fund shall be used for the improvement of installations as well as renovation in the Jaycee office.

V.3 Fund Raising

Proceeds from the Inaugural Ball, the Jaycees Carnival'87 and Sponsorships for our projects form the major monetary backup to the organization this year. Funds raised are sufficient to enable the NOM in carrying out several large scale programmes.

This duplicate by courtesy of RANK XEROX

V.4 Investment

Surplus funds of the NOM was invested in the form of Fixed deposit. Interest received forms a source of income

VI. EXPENDITURE

VI.1 NOM Activities

Expenses for the activities and administration is on the basis that no money shall be spent unless income is secured or available and that no money shall be spent unless it has been contained in the approved budget or otherwise approved by the NOM Excom..The system runs very well and the NOM is able to keep proper control of all expenses.

VI.2 Salaries

Salaries are paid to full time and part time staffs regularly in line with the range set within the limits of the budget.

VI.3 Purchase of Fixed Assets

As a result of intensive and frequent use over a period of more than six years, the folding machine experienced frequent broke down and a new installation is considered necessary. The replacement of the Distilled Water Dispenser is likewise necessary.

A new Gestetner paper folding machine was purchased whilst a new Distilled water Dispenser was ordered

This year, the chapter celebrates its 10th anniversary and the occasion will be in the form of a grand ball held on the 8th of November 1987 in the Royal Hong Kong Jockey Club Shatin Clubhouse.

The LOM was significantly active in International Affairs following the signing of the sisterhood pact with Kyoto Jaycees last year. They have planned to extend one sisterhood in Korea and pay constant visits to their sister chapters.

I take pleasure in being assigned to supervise this LOM as it proves to be a most enjoyable job.

It serves as a fellowship between the 17 chapters as well as raising funds for the Jaycees. The event took place on 20th September 1987 at the Police Officers' Club, Causeway Bay.

2.5 Membership

As of the date of this writting, the total membership stands approximately at 110.

This year the chapter has made extra efforts to enhance the close friendship between members; as well as to conduct series of training program and meaningful projects to evolve one to be 'loyal' and 'contributive' to the organisation as well as to the community.

Special effort has also been made to lead our senior but rather 'lost' members back to organisation.

3. <u>Conclusion</u>

Special thanks have to be made to assistance rendered by NP Senator Nora; Supervising NVP Wallace, our dearest Presidential Advisors Senator Alex Tzang and John Lo, and IPP Brian. For without their support, Island could probably have a less memorable year than the one we are now enjoying.

Regards,

IX. Conclusion

It is indeed a great challenge and a long lasting memory in my life to serve fellow jaycees as President of Peninsula Jaycees. I have enjoyed very much the challenging and pleasant experience of working with my dynamic board members for the last eight months. We are happy to see that the goals and targets set at the beginning of the year were successfully achieved one by one during my term of office.

My special thanks would go to my Presidential Advisor Senator William Wu who from time to time gave me a lot of encouragement and advice that were greatly needed. My predecessor Wallace Yuen and my Panel of advisors Senator Ng Leung Yau, Senator Rececca Lui and Chan Hoi Wan were all very supportive in what we had done this year. Backing me up were also three Presidential Assistants - Virginia Lam, Patrick Yip & Helen Law who had provided important assistance in different areas in my daily routines as President of Peninsula Jaycees. Of course, without the unfailing support of all the past presidents, the project chairmen and the participating members, Peninsula Jaycees would not be as successful as such.

Lastly, I whole-heartedly thank my fellow board members, all other members of Peninsula Jaycees, other jaycees and jayceettes, and sponsors for their support and assistance all thrcugh the year.

REPORT FROM PRESIDENT OF HONG KONG JAYCEETTES

In the past 17 years, our past presidents have achieved in upholding and promoting the Jayceettes image locally and internationally. at our election in last year's Annual General Meeting, we realized the continuous need of the Chapter : GROWTH. We believed that unless the members grow, or the Chapter would not be able to grow. Thus, the slogan "Personal Growth ═══ Chapter Growth" has set the goal for this 18th year.

In the capacity of President this year, I am very pleased to report that we have achieved our objectives. Right after our election, the Board of Directors was formed, and a detailed, balanced administration strategy and activities program for the coming year were structured to meet the various needs we have identified. It has been aimed at proving dynamic growth opportunities to our members through learning and participations. We would like to run our Chapter using the modern management techniques to improve its administration and financial control. Ultimately, we would like the Chapter be seen and perceived as a progressing and dynamic organization.

Being a voluntary organization, we believe that only through team efforts and cooperation of the Board of Directors could make things happen. It has always been the Jayceettes strength that we always put our heads together. Furthermore, our innovative approach in problem solving has led us overcoming each and every difficult we encountered. The success of each project has further proven that the team spirit is always in our hearts.

Following is a summary report of the overall performance of the Chapter and its progress :

Membership

The targeted net membership growth rate of 10% has been achieved, and hopefully, by the end of the year, we may achieve over 15% growth.

In view of the keen competion among local chapters,and as mixed chapters are becoming popular, Jayceettes have to be more aggressive in recruiting new members. Programs such as member-get-member, take-one application, etc. were introduced and proved to be successful. Unfortunately, we have also lost 10% members due to emigration overseas. It is envisaged that we will loose more members for this reason.

Interest groups, launching, monthly fellowship gatherings, etc. provided members opportunities to learn more, to get together and to keep up their interests in retaining their membership.

To provide members and board members with more personal development opportunities, training seminars were organized according to members interests and needs and proved to be successful. Seminars organized were "Officers' Training School", "Right People for Right Jobs". The upcoming one will be an orienteering to be organized in the last quarter of the year.

Finance

The Chapter is in a health finance position. Funds raised through the "Rhapsody in June" Charity Ball were sufficient to cover all expenses in the year.

To be able to cope with the financial constraints, to apply proper control of expenses, and to raise necessary funds through various channels, have been the challenges for a charitable/non-profit making organization like us.

In the annalysis of sources of income and possible channels of fund raise, it indicated that the weaken world economy and keen competition of businesses were the major factors leading to increasing difficulties of generating funds for the Chapter's running. Our alternative was, therefore, to reduce expenses to the minimal. As revealed in the financial statement, we had an even distribution of funds allocated to each area. In some areas, e.g. Publication, Leadership Development, additional sponsorships were solicited for their projects. Furhtermore, the generous support of our Trust Fund and the financial assistance of National Trustee provided us adequate funds to complete our community projects under Economic Affairs, Community Development areas.

Administration

Efforts in systemizing the Chapter's administration were made, e.g. membership directory standardized reporting format were introduced. Management techniques we have learned were applied in running the Chapter. As a result, we projected a more professional and organized image of the Chapter. A set of awards for recognition were designed to encourage recognize outstanding performances.

Projects

Opportunities for leadership development were provided to members tghrough organization of projects mainly under areas like community development, economic affairs, international affairs, public relations, fund raising, leadership development. The project ideas were identified after surveys of the community's needs, current economic issues, members' interests, e.g.

"Knit Your Care, Share Your Love" - a project under Community Development/Theme area was organized to arouse public's awareness of peace, homeless. Youths as well as the local citizen were educated and motivated to contribute to promoting world peace. Through knitting competition, HK$60,000 was raised which amount was equally divided into two portions for donations to The Association of Mentally Handicapped and the Shelter for Street Sleepers Association.

"Economic Impacts of Provident Fund in Hong Kong" - an open forum organized under Economic Affairs area was to arouse the geneal public's awareness of how this potential issue would affect the local economy. Feedbeck and comments received through this forum were put together and submitted the the Hong Kong Goverment for their reference and consideration.

Through these projects, we have promoted Jayceettes image not just locally, but regionally.

Public Relations

This year, we placed stronger emphasis in maintaining and promoting the Chapter's relationships internally, with other LOMs, our sister chapters and the Lady LOMs in Asia Pacific (APLLC). Joint fellowship meetings with other LOMs, hosting Inter-chapter Basketball Competition, participating in various national projects and competitions, visits to Kaohsiung JC at their 30th Anniversary Celebration, the Orchid JC in Singapore, visits from Kaohsiung and Taipei JCs, etc. were good evidences. Furthermore, a new sports shirt was designed as the Chapter's uniform which was worn in various occasion representing the Chapter. It has achieved in promoting members sense of belonging.

J. Conclusion

It is indeed my great pleasure to be the eighth President of the East Kowloon Jaycees. To become the President of a Chapter is really very challenging and rewarding in particular when seeing the improvement and growth of the Chapter.

As I mentioned in my election speech, " a leader can only be as effective as his group will let him be ". I deeply comprehended the truth of it throughout the year. Without the active participation of the Board of Directors, we could not have made the ball rolling. Without the valuable advice and dedicated supports from the seniors, we could not really have learned from past experience. Therefore, I would like to take this opportunity to give my sincere thanks to all the 1987 Board of Directors and the seniors who has given us supports throughout the year.

I believe very much with the dedicated involvement of our members and the coming 1988 Board of Directors and, of course the everlasting supports from our seniors, East Kowloon Jaycees will have a better jump in the years to come.

會議

一. 週年大會

本年度之週年大會已於九月十九日舉行。

This duplicate by courtesy of RANK XEROX

二．特別會員大會
一月二日為補選副會長兩名及秘書長一名召開。
五月十五日根據會章，於註冊為有限公司後召開。
六月十二日為補選財務長一職召開。

三．執行理事會議
每兩月召開一次。主要討論關於委任，分配工作及檢討會務進度。

四．理事會會議
每月第一個星期五召開。報告及討論工作計劃進度。

五．會員月會
每月第三個星期五召開。惟一至三月之月會未有召開，會長遂將籌辦月會之職責由秘書處移交予會員擴展組。
月會內容包括會務報告，專題演講及聚餐，主要為促進會友間友誼及提高會眾對會務關注。

財政

行政經費主要來自會員會費。
七月中，某機構從其主辦之演唱會收入中撥捐港幣三萬元正，供本會推廣會務之用。
九月五日，由本會主辦之籌款舞會，亦成績不錯。詳情另作報告。
前任財務長於五月間辭職。會友戴斌兒於六月中召開之特別會員大會上被推選，繼任後一直致力於賬項整理，財政收支處理漸上軌道。

工作計劃實施

一．會員擴展組
工作表現未見積極。年初部份會員流失後，人數未有顯著增長。
人手短缺以致「青商週」工作計劃亦被擱置。
自四月起，該組理事接任籌辦會員月會工作態度認真。與其他分會合辦月會，反應熱烈，備受好評。年中，更曾舉辦午間茶叙，使會友進一步接觸溝通，因此在吸納新血方面有所收效。
八月底結算時正式會員為二十九人，準會員十一人。

二．國際事務
今年度有了一個好開始。經過多次非官式接觸及了解後，該組理事於五月中陪同會長應邀赴台出席中華民國四海青年商會六週年紀念餐舞會。訪台期間，會見該會創辦人，會長及要員，正式提及兩會以後加深了解合作。

This duplicate by courtesy of RANK XEROX

六月間，該會財務長到訪，會長及本會理事於會址接待。
介紹本會一般情況加強該會對我們的認識。
八月底，四海青商鄭會長將會訪港，屆時理事會將會安排接待。

三．領袖才能訓練組
六月間，與元朗分會合辦會議程序研討會。
因以話劇形式表達，深入淺出。一般被認為枯燥的研討會，經此生動的演繹令參加會友大感興趣。
另一工作計劃，領袖訓練營亦將會在十月間舉行。

四．出版事務
會員通訊「北極光」每兩月出版一次報導會內會外情況。
透過這份刊物，會友可以交流意見及青商知識，惟投稿未見踴躍。
又因財政預算所限，「北極光」只能投寄供本會會員及各分會會長閱覽。
未來數月，理事會或可考慮增加預算加強流通數量。
在該組工作桌上另一項計劃是製訂一本「會務實例手冊」以供理事或工作計劃小組成員作為參考之用。

五．社區事務組及青年事務組
多項工作計劃中，目前祇有「北區十大傑出青少年選舉」，經已於三月間面世。但該項工作計劃規模龐大，內容豐富。動用人力物力非常浩大。可告慰的，該項計劃的推出引起北區各界人士關注。對本會在區內聲譽增添不少；可惜未能競投總會之獎勵計劃。
去年由該組辦得十分出色的「北區青少年音樂比賽」亦因人手短缺，本年度未能再接再勵。

六．記錄及獎勵組
該組理事一職，因未有適當人選一直懸空，至七月中始委任會友張家康出任該組幹事。
上任後，張幹事立即投入工作，擬定本年度獎勵計劃書提交理事會通過。
工作表現評估及獎項頒發將分別於十月及十二月舉行。詳情另行公佈。

總會工作計劃籌委會之參予

劉國樑	第七次青商知識講座主席
	日本第 17 回青年之船訪港小組主席。
尹淑嫻	競投冊評選委員 (提名)。
陳健強	領袖才能訓練課程 義務秘書。

結　語

創辦兩年以來，一如任何新建立的組織，本會會務推廣可說荊棘滿途。

個人認為原因大致有兩個 ：

一. 理事會成員多是創會會員，他們就好像拓荒者一樣，有著勇往直前的精神，但弊於主觀極強，缺乏合作協調的意念。 遇上成為少數意見的一群或受到批評時很容易就氣餒起來。或以低調處理所屬職務，甚或杯葛逃避。
理事會成員，來自各行各業，所受之青商訓練均始於創會以後。其領悟青商精神及處事方式之深淺程度又有別於每人投心的熱心多寡。
一會之內，少說也有兩種處事方式和態度。會務推動之艱苦可以想見。

二. 一般會員對會務的關注態度冷淡，或因個人事務太忙，或因興趣不大，又或因對其作為本會一份子的義務及權行都不大了解。遇到被諮詢或被要求作出支持，都會感到無所適從，因此而與組織疏遠。

當然上述之外，還有種種因素，但如果能首先針對這幾個原因埋手，其他的亦應能迎刃而解。在此寄望下屆理事會努力。

在本人任內，會內外前輩友好襄助不遺餘力。
未能一一致謝，特此謹以表示感激。

It was moved by Yuen Long and seconded by Macau. Motion carried unanimously.

Appointment of NVP Raymond was moved by Kowloon, seconded by East Kowloon. Motion carried.

Annex I

1984 - 1986 LRPC FINAL REPORT TO THE 21ST NATIONAL CONVENTION

The current Long Range Planning Committee (1984-1986) was appointed by the 1984 National President for a term of 3 years.

Members of the Committee include:-

Senator Edmond Pang	Chairman
Senator Major Tang	Member
Senator Andrew Wong	Member
Senator Nora Cheng	Member
Senator S.T. Tang	Member
Senator Lucas Tse	Member
Senator John Chan	Ex-officio for 1984
Senator Paul Cheung	Ex-officio for 1985
Senator Ng Leung Yau	(NP, Ex-officio for 1986)

(A) The LRPC held deliberation on the following areas concerning the affairs of the NOM:-

1. NOM organization and Administration
2. Marketing and Growth
3. Training
4. International Affairs
5. Public Relations
6. Finance

(B) The LRPC presented its Interim Report to the 19th National Convention and gave its observations, opinions and, where appropriate, recommendations on the above-mentioned areas.

(C) In this Final Report, the Committee presents its views again on the above listed areas except on training which the Committee has witnessed marked attention being paid in both NOM and LOM levels.

Our observations, opinions and recommendations, where appropriate, are listed below.

1. NOM ORGANIZATION AND ADMINISTRATION

1.1 NOM Accounting and Management Information

In view of the increasing work load being experienced by the NHT, the anticipated growing complexity of the treasury and accounting matters of the LOM as well as the necessity to provide management information to the Board, the NHT will need more professional assistance.

This duplicate by courtesy of RANK XEROX

RECOMMENDATION

THAT the paid staff of the NOM be expanded to include a properly training member reporting to the NHT.

1.2 Chamber Office

Our Chamber Office was acquired 9 years ago and now no more adequate to cater for the needs of NOM, LOMs and Individual Members.

RECOMMENDATION

THAT a committee of the NOM be set up to look into the matter with the view of obtaining additional or alternative Chamber Office premises with total floor area of no less than 1,800 sq.ft.

1.3 NOM Statutory Memorandum and Articles of Association and By-Laws

The Memorandum and Articles of Association and By-Laws now in use are the result of numerous amendments made over a period of 12 years.

In spite of the fact that the amendments were properly adopted during AGMs/EGMs of the NOM by ways of Ordinary Resolutions and Special Resolutions, they are, however, not recognized under the laws of Hong Kong.

They are NOT the same Statutory Documents of the NOM as registered with the Government.

RECOMMENDATION

THAT the NOM treats this as a matter of urgency and rectifies this situation no later than end of 1987 by the employment of professional legal assistance.

1.4 Trustees Information

The Board of Trustees is an important body of the organization and subsidies provided by the No. 1 and No. 2 Trust Funds are important sources of financing to NOM and LOM projects. It is considered necessary that more information on the Board of Trustees be afforded to members.

RECOMMENDATION

THAT the National President, being an ex-officio member of the Board of Trustees, provides information on the Trust Funds and, at the least, includes an appendix on this topic in his report to National Convention and that this requirement be included in every year's Policy Manual of the NOM.

1.5 Voting at National Convention for Election of National Officers

Voting strength of LOMs for the election of National Officers is provided in By-Law 10-4-2. Such voting strength is the combination of the number of votes basing on the Active Membership of the LOM [By-Law 10-4-2(a)] PLUS one vote for each of the LOM Executives [By-Law 10-4-2(b)].

In addition, By-Law 10-5 and By-Law 10-6, respectively, provide that the number of votes per By-Law 10-4-2(a) by exercised by the Chief Delegates while the votes per By-Law 10-4-2(b) be exercised by the individual LOM Executives.

The Committee considers that the provision in By-Law 10-4-2(a) is already out-dated and should be revised along the line of the common practice of JCI and most NOMs.

The Committee also considers that the provisions in By-Law 10-5 and By-Law 10-6 also deviate from common practice. Most importantly, the existing method of voting is not consistant with the broad principal that a LOM should express its opinion on the basis of an overall decision of that LOM.

RECOMMENDATION

THAT the NOM considers amending the appropriate By-Law Clauses in respect of the voting strength and the method of voting during National Convention for the election of National Officers to the effect that:-

(a) The total entitled number of voltes of a LOM be the aggregate of the fact of its affiliation to the NOM, its membership size and the number of its Executives;

(b) the voting be exercised by the Chief Delegate and on en-bloc basis of the total entitled number of votes of the LOM.

PROVIDED THAT

(a) the proposed amendment to the By-Law Clauses be passed by way of SPECIAL RESOLUTION(s) at a properly convened EGM of the NOM;

(b) the total entitled number of votes in respect of a LOM shall not majorly different from the same as at the 21st National Convention (1986);

(c) the SPECIAL RESOLUTION(s) shall not take effect earlier than the 22nd National Convention (1987).

2. MARKETING AND GROWTH

In the Interim Report, the Committee already gave its recommendation on LOM and Individual Membership growth targets for the year 1985, 1986 and 1987.

2.1 Membership Cards

This is considered necessary for the purposes of identification and boostering sense of belonging to the indirect effect of improving marketing and growth of the organization.

RECOMMENDATION

THAT the NOM centralizes the issue and control of identification cards for Members and Prospective Members.

2.2 Allocation of New Members to LOMs

Every year, the NOM receives a few hundreds of applications from young people who wish to join the organization. The applicants are allocated to the various LOMs. However, due to various reasons, the rate of final induction usually falls short of 25%.

RECOMMENDATION

THAT the NOM pays more attention to monitor the progress of prospective members allocated to the LOMs till their induction to allocated LOM.

2.3 Membership Supplies

It is considered that the present range of membership supplies being too limited. Bearing in mind that the wider the range and the more of such items in use, the stronger the impact it will have on membership extension, retention and external PR.

RECOMMENDATION

THAT the NOM evaluates the present position and seek to expand the range of membership supplies in collaboration with LOMs.

3. INTERNATIONAL AFFAIRS

The Hong Kong Jaycees have been rather active in international affairs of our world organization during the past 10 years.

Our involvements in APDC, Regional Conferences, World Congresses and close connections with neighbouring NOMs have been ever on the increase.

This duplicate by courtesy of RANK XEROX

The Committee considers that this position should be maintained and our level of involvements should be sustained.

RECOMMENDATION

3.1 International Department

THAT an International Department reporting to the responsible NVP through National International Affairs Director, be set up within the NOM with the specific duties of handling international involvements of the NOM and co-ordinating similar involvements of the LOMs.

3.2 Participation at National Convention of Neighbouring NOMs

THAT, budget allowing, the NOM should consider subsidising the travelling expenses of Hong Kong Jaycees delegates attending the National Convention of neighbouring NOMs.

4. NOM FINANCE

4.1 Deadline for the Adoption of NOM Accounts

Being a corporation registered under the Companies Ordinance of Hong Kong, there is a legal requirement that the audited accounts of the NOM be adopted at General Meeting within 9 months from the date of the accounts.

For various reason, we rarely are able to meet this deadline. This not only exposes the NOM to legal trouble, it also makes it difficult for the incumbent NOM Board to rely on the sort of information these accounts should contain for management purposes.

RECOMMENDATION

THAT the audited accounts of the NOM be presented and adopted at an EGM to be convened for no later than July 31 of each year and

THAT this requirement be included in the each year's Policy Manual of the NOM.

(N.B.: With the current practice of holding a Joint-Board Meeting in July, which all LOM Presidents attend, it would be rather convenient to convene the EGM be held immediately before the Joint-Board Meeting on the same day).

This duplicate by courtesy of RANK XEROX

4.2 Setting Up of General Reserve Fund

The present financial position of the NOM is quite sound as the result of accumulated surpluses during the past years.

With the background that, unless for special reasons, the NOM should have an at least balanced budget for each year, such surpluses should be more consciously preserved, built up and its utilization better monitored.

RECOMMENDATION

THAT a GENERAL RESERVE FUND of the NOM be set up and be managed by a Committee of the NOM; and

THAT the Committee shall have the NIPP as its Chairman plus 2-4 other members to be appointed by the NP upon the recommendation of the NIPP, and

THAT the Committee shall report to the NOM Executive Committee.

4.3 Separate Bank Account for Chamber Office Reserve Fund

The Chamber Office Reserve Fund was set up in 1981. Its initial funding ($49,000) was from Initiation Fees received from new members joining the organization between 1978 and 1980. Subsequent receipts from this source has also been credited to the FUND.

Utilization of this Fund is restricted to major renovations, facilities improvement and premises expansion of the Chamber Office.

Due to the uniqueness and the specific purposes for which the Fund was set up and the prospects of Chamber Office expansion, the present arrangement of mixing it up with other monies of the NOM is deemed no more appropriate.

RECOMMENDATION

THAT a separate bank account for the Chamber Office Reserve Fund be opened, and

THAT the authorized bank account signatories be the same as those in force unless otherwise decided by the NOM Executive Committee.

PURPOSES: The purposes of the Jaycees, as outlined in the JCI Constitution, are to "contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive change."

HISTORY: The organization was founded in St. Louis, Missouri, U.S.A., by Henry Giessenbier on October 13, 1915. His idea spread and on December 11, 1944, representatives from eight nations met in Mexico City and the world organization — Jaycees International (JCI) — was founded.

THEME: Each year, Jaycees International adopts a major emphasis theme program which is implemented on a worldwide basis. The theme that is selected relates to a major problem or problems with universal significance. In this theme program members can select from a number of specific projects that are most relevant to the needs of their respective communities.

The theme program adopted for 1987 is JAYCEES YOUNG PEOPLE FOR WORLD PEACE It is somewhat unique for an organization like Jaycees International to become so involved in such an enormous issue, but, as a leadership training organization, it has the responsibility of directing this leadership and community initiative into a program that is based on the search for a better world balance and, ultimately, world peace.

AREAS OF OPPORTUNITY: This concept promotes the adoption, by national and local organizations, of a balanced program of activities which will offer the membership: individual, management, community and international opportunities.

RIGHTS OF THE CHILD: JCI recognizes and supports the United Nations Declaration of the Rights of the Child. In 1979, Jaycees throughout the world conducted programs which directly affected the lives of more than eleven million children. Since then, national and local Jaycee organizations conduct permanent and continuing programs to assist with providing for the basic needs of children as set out in the Declaration.

OFFICIAL PUBLICATION: LEADER, printed in English, French, Japanese, Spanish, Chinese and Korean, with a worldwide circulation of nearly 500,00.

Hong Kong Jaycees History

The Jaycee Movement reached Hong Kong in 1949,when a Philippine Jaycee John Ng who was the Special Liasin Officer of the JCI 5th Congress and was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim an purpose of the Jaycee movement succeeded in firing the imagination of his audience. A Brief Introduction of Hong Kong Jaycees

In 1950, Hong Kong was recovering from the last World War. There was an urgent need for local community leasers to enhance its economical and social development. But how to train up young men who aspired to become community leaders? Casting their eyes abroad, a group of young men found the Jaycees international — an organization of young people for leadership training. Thus, in 1950, with the help of the Philippine Jaycees, Hong Kong Jaycees came into being and was officially affiliated to JCI in 1951.

Immediately after its formation, Hong Kong Jaycees showed its strength and enthusiasm by hosting the 1951 JCI Regional Conference for Asia — the first of a string of JCI Regional Conferences held in this dynamo of a city.

In the decade that followed, Hong Kong Jaycees gradually and steadily came into international In 1952, the first JCI Vice President from Hong Kong (J.S. Lee) was elected. In 1956, another Hong Kong Jaycee, A. de O. Sales, was elected JCI World President. 1962 was a hallmark in Hong Kong Jaycee history because we hosted the 17th JCI World Congress in that year.

In the course of the next few years, more and more young people were benefited by the Jaycee organization which offered more training opportunities for their members. In 1965, two local chapters were affiliated to the national organization. Upto the time, we now have 13 local chapters and two Provisional chapters with about 1,000 members.

Information Technology. First we made IT work for us. Now we're making IT work for you.

As aerospace manufacturers, McDonnell Douglas have long been among the world's largest users of Information Technology. So extensive has been our experience that we've developed our own IT business, embracing computers, CADCAM, applications software and communications systems.

- When we needed Computer Aided Design and Manufacturing (CADCAM), we pioneered the techniques ourselves. We have since achieved an outstanding capability to supply CADCAM solutions, ranging from architecture, engineering and construction, to facilities management, manufacturing and robotics – using our GDS and Unigraphics II products.
- When we pioneered the Pick operating system, we quickly became market leaders. We still are: with over 10,000 installations – and each one uses hardware designed and built by us as well, together with a whole range of application solutions.
- And when we introduced our proprietary "packet-switching" network, Tymnet, we enabled many different makes of computer to communicate with each other locally, nationally, or internationally.

Now, putting all these elements together, we provide an unrivalled range of IT products and solutions to meet the needs of industry, commerce, finance and the Public Sector.

We're making IT work for you, because it already works for us.

We're McDonnell Douglas.

Suddenly, it makes a difference which petrol you put in your car.

Was there ever a time when your car didn't start first time? Or when the engine didn't pick up as quickly as it should when you put your foot down to accelerate? Or when the engine response was uneven, perhaps jumpy?

Well, much of this is due to the condition of your car and the way you maintain it.

But some of it is due to petrol you use. Some petrols simply don't ignite as readily as others. And they can leave deposits of unburnt fuel in your engine, making it run less efficiently than it should.

Now, there's a completely new petrol from Shell that is so technologically advanced, so far ahead of the others; when you use it you'll actually feel the difference. You'll actually get faster acceleration, a smoother response and better all-around performance out of your engine. While other oil companies have been selling petrol, Shell has been improving it.

You know that nice fresh, clean feeling you get when your car comes back from a service or a tune-up? That's the feeling you get when you fill up with Formula Shell and we call it driveability.

What makes Formula Shell so different?

All petrols start out much the same. Some oil companies add things to improve performance. They can then claim cleaner combustion, fuel economy etc.

In fact, for many years Shell's petrol has contained a detergent additive that achieved these same benefits.

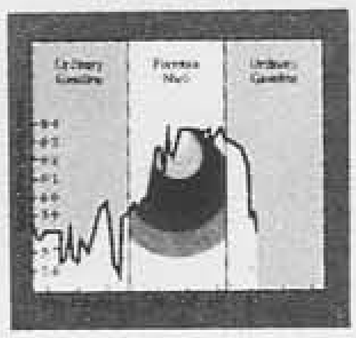

Formula Shell takes additives one stage further. Because as well as containing a detergent that keeps your engine running cleanly and efficiently, Formula Shell also contains a revolutionary and unique ingredient called the Spark Aider.

The Spark Aider. A Shell invention that turns driving into driveability.

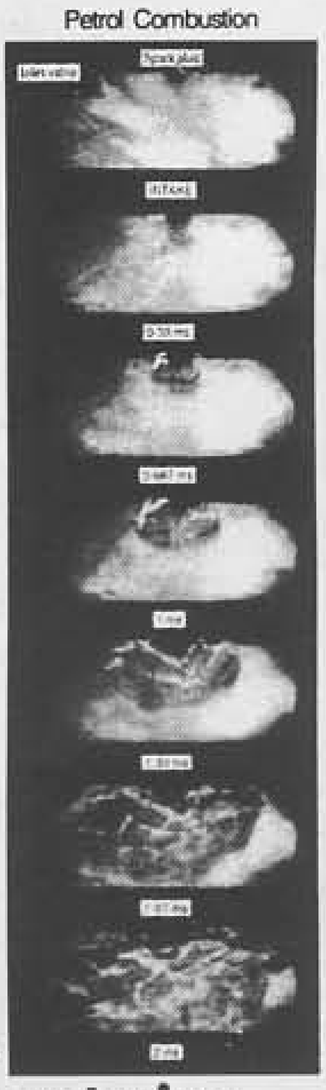

The Spark Aider is an entirely new concept in petrol technology — the first for more than a decade. Its function is to improve the combustion of petrol in your engine. The spark from your plugs will ignite the mixture in the chamber more readily than before and the process of combustion is both faster and more regular, making the cylinders fire more evenly and the engine run much more smoothly. The difference is measurable.

So, not only do you get cleaner, more economical motoring from Formula Shell's detergent properties, you also get a marked improvement in performance. That's the difference you'll feel — because only Formula Shell has the Spark Aider ingredient.

Initial Flame Speed

Petrol Combustion

Formula Shell. A new era in motoring.

Formula Shell is the petrol of the future for you and your car. Once you start using it, other petrols just won't seem good enough.

But when all is said and done, the only way to really find out about Formula Shell is to fill up and feel it.

Formula Shell. A spark of genius from Shell technology.

Feel it.

Way out ahead.
