Message From National President

National President
Senator Louise Chan

I am very glad that all Chapters are "in high gear" in launching various projects in our five areas of opportunities. January and February were busy months for our Inauguration and New Year Bonanza. It was also the time when we solicited funding for our various projects. Luckily, our LOM projects got another sourcing for funds as National initiated the granting of MET (Major Emphasis Theme) funding and rebate of raffles sales proceeds. In March and April, we explored much of our International Opportunities when we welcomed our JCI World President Yong Suk Choi (Korea), JCI EVP Yuki Nishio (Japan), JCI VP Michael Kern (Austria) and the APDC (Asia Pacific Development Council) team to Hong Kong.

Recognizing the importance of building up our corporate image, World President Choi assisted us in promoting JCI and HKJC to external parties by paying visits to Secretary of Home Affairs, Rotary District Governor, CEOs of large corporations during his stay in HK. We were also invited by the Home Affairs Bureau to be one of the organizing committees of the Youth Jamboree that provides us the chance to work with 14 other voluntary organizations such as Lions, Boy Scout, Girl Guide, Hong Kong Youth Federation...etc. The Community Concern Group (CCG) conducted a press conference to present our views on the Budgetary Policy. CCG is continuing to provide response to the Education and Health Policy review. A joint project with the Hong Kong Tourist Association is in progress. The Right Decision Program is further extending its influence on secondary schools and various camps have been conducted with good response.

Personally, I attended the World Young Business Award Competition to support our finalist, JC C.S. Ng in late April. The visit to Beijing in celebration of the 80th Anniversary for the May 4th Movement gave me insight in launching a joint project with The Outstanding Young Persons Association on youth affairs. To further extend my internationalism, I will attend the JCI Area A Conference in Mauritius.

In view of the membership recruitment and retention, we have located "ambassador" at each Chapter to promote the Associate Member Club. Our Jaycee Membership Card was launched in April to provide more benefits for members from selected merchants.

As Jaycees, we are achievers and future leaders. All the achievements are made possible by the restless force of enthusiasm, dedication and perseverance. I am proud of you as the NOM Board members, as the Chapter Presidents and as ordinary members – in upholding your capacity for self-development and movement of Jayceeism.

Let us all get "Hand in Hand, go for GOLD" towards the new Millennium.

Louise Chan
National President
Hong Kong Junior Chamber

International Affairs

Dear Fellow Jaycees,

The NOM IA Team was fully occupied in March & April receiving our JCI Guests and the APDC Officers.

On March 28, our first VIP guest from JCI this year is our World President Youg Suk Choi. WP Choi has spent just 2 days in Hong Kong because of his tight schedule. During his stay with us, he made use of every opportunity to have close contact with our members despite many official visits to outside organizations.

On March 29, WP Choi met with The Hon. David Lan, Secretary for Home Affairs, aiming at promoting JCI and HKJC. He was impressed by Mr. Lan that how HKJC has been involved in our community, especially in the Youth Affairs sector. Meetings with Xin Hua News Agency HK Branch, Consulate General of the Republic of Korea, Zung Fu Co., Ltd., HLP A. de O. Sales, GBS, JP, PNPs Sonny Yu & Junia Ho, District Governor of Rotary Club, ... tied up his schedule. Thought WP Choi had hardly squeeze some time for his own, he would never feel tired whenever he saw the members. Surprisingly, NP Louise has prepared a scrapbook for WP when we saw him off at the airport on March 31. I believe the scrapbook would be the most valuable present for WP from his last trip to HK.

▲ NP Louise with JCI VP Michael Kern.

▼ Welcome WP Choi !

Just 1 week after, we received our JCI EVP Yuki Nishio, VP Michael Kern and the APDC Officers who came to attend the 2nd 1999 APDC Meeting held in HK on April 10. With the hard work of IA Commission Chairman Chikara Shimoda, all of them had enjoyed a fruitful meeting and pleasant stay in HK.

JCI VP Michael Kern started his official visit to HKJC on April 14 for 3 days. We were pleased to have him share his views on the 2 areas of opportunities, namely International and Business with us. Members were inspired by the projects that the Austria Junior Chamber launched in their community. One of those projects let retired executives share their experience and helped young entrepreneurs to start their own business. We were so lucky that VP Michael had shared the JCI vision with our members and aroused their interest in these 2 particular areas during his stay.

VP Michael is a friendly person. He was eager to get in touch with our members. That's why he has attended many LOMs' activities, such as PMO, MFG, Seminars, etc. Apart from internal activities, he has visited the Trade Commissioner of Austria and the largest exhibition ever held in HK, the HK Gifts and Houseware Fair and the HK Premium Show to know more about HK current situation.

Up till now, we have confirmed 57 early bird registration for the coming Bali ASPAC Conference in June. Please hurry up if you have not registered yet. Grasp all these opportunities offered to you by Junior Chamber International.

NVP Phyllis Chan

▲ WP Yung Suk Choi met with The Hon. David Lan, Secretary for Home Affairs.

Community Concern Group Update

(Position as at May 5, 1999)

▲ CCG Press Conference.

Jaycees, being a leading youth leadership development organization in Hong Kong, should take an active role in bringing about positive changes in our community. This year, NOM has revived the setting up of a Community Concern Group (CCG) with the aim to strengthen the image of the Hong Kong Junior Chamber in being a pro-active organization in participation in public affairs. We have much pleasure to report to all members the work we have done so far.

Feedback to government on public consultation documents

Each year, the government would solicit public feedback on various community affairs. CCG has taken the initiative in co-ordinating opinions within our organization before submitting feedback to the government in order to establish the significance and "market" niche of Jaycees in the public arena.

The mechanism of opinion collation usually works like this. CCG would first draft the feedback on behalf of the Hong Kong Junior Chamber which would be forwarded to all NOM officers and LOM presidents for consideration. LOM presidents are expected to consult the views of their members through whatever means they deem appropriate. All opinions collected would be duly considered and incorporated in the submission before sending out to the relevant authority for consideration. Based on this mechanism, CCG has forwarded feedback to government on "Review of the Aims of Education" and "Additional Legal Tools for Combating Intellectual Property Rights Infringement."

In cases where the issue would be of interest to most members, CCG would arrange a discussion session with all NOM officers and LOM presidents to collate their opinions and would consider releasing the views of Jaycees through a press conference besides submitting a written response to the government. Under this format, we have held a press conference on 9 March 1999 on the SAR government's proposed budget for 1999/2000.

Members who are interested to peruse the three submissions could download them from the JC web page: http://www.hkjc.org or borrow a copy from the Chamber Office.

CCG has just started the ball rolling on preparing Jaycees' views on the Harvard medical report. We target to conduct a research within Jaycees, followed by in-depth discussion with NOM officers and LOM presidents before a public release on our comments.

If members have views on the medical report or any other public consultation documents, you are most welcome to relate them to your LOM presidents or forward them direct to me via E-mail: scwychan@cityu.edu.hk. CCG would carefully consider your views and incorporate them in the Jaycee submission whenever appropriate.

An unprecedented Jaycee publication – 青商晉言集 —— 同心齊創新紀元

Hong Kong, together with the world, is entering the 21st century. In the coming era, there would be a lot of new concern for people of all strata and a lot of new social issues may emerge. Within the Jaycee circles, there are many members who have outstood themselves as community leaders and leading members in their respective industries. The Community Concern Group has taken on the initiative to consolidate the talents of Jaycees by inviting them to write articles on specific themes which would be compiled together into a book.

As denoted by the title of the book, we hope to integrate our outstanding members to give their vision on the future development of Hong Kong. We target to complete the book before the National Convention and send it to a wide spectrum of organizations and community personage in Hong Kong to solidify the community concern and visionary image of the Hong Kong Junior Chamber.

CCG still have many plans for this year. If you want to be a member of the CCG team, please feel free to contact me via pager 7203 0234.

Best wishes,

Senator Rosa Chan
Chairman
Community Concern Group 1999

JCI Area C Conference

▲ THANK YOU – from the Area C Team.

▲ A good representation from Areas A, B, C & D.

Let me tell you why Panama is so special

Panama – a place which brings back fond memories, a city which will always have a special place in my heart.

To me, Panama is not only the place where the world-famous canal is located. To me, this city represents the moment when I ventured into territory previously unknown to me, braved challenges beyond my imagination and met unique experiences which I have never dreamt could be available to me one day.

All these were brought to me because I took the first step. I took my first step in 1991 to join the Jaycee family. I took the first step to participate in the international arena. And I took the first step to accept the challenges and opportunities presented to me along my Jaycee path.

Panama was the venue for the first Area Conference of 1999 – the Area C Conference, which was also "my" conference. This was the city where we received 700 delegates, representing all four areas in the Jaycee world. The figure may appear small when compared to Area B attendance number, but for Area C, this represents a record and I am truly proud of the achievement of the Conference Organizing Committee.

▲ Members of the Conference Organizing Committee and the Area C Team.

Committee Open Forum was initiated, over 60 delegates graduated from the PRIME Course and the delegates truly enjoyed the hot hot hot Latin American spirit and the never-ending fiestas. Panama was where we worked hard, learnt a great deal and had a tremendous time.

Yes, you have indeed missed a golden opportunity to enjoy a brand new experience. Isn't it time then for you to take your first step – your first step towards internationalism?

Don't ponder anymore, plan ahead, make your decision and experience the world, which is truly within your grasp.

See you in Bali. See you in Cannes.

During the 4-day event, a Business Seminar was held, the Mottainai Award was approved by the General Assembly, the Strategic Planning

- wall paper–50% off
  Call 2803 4777 (Wanchai)

For any interested parties, please fax offer to HKJC office before June 30, 99.

PMO II A New Trial

Hosted by Harbour Junior Chamber, the PMO II was successfully held on March 21, 1999 at University of Hong Kong. To make the event more challenging, we had a new trial in changing the traditional 3-hour seminar to a "day-camp" event.

This time, we selected "時間黑洞" as our main theme and attracted nearly 100 audiences to attend the event. We were so delighted that not only had we achieved the target number of participants, 60% of which were the combination of PMS and new-comers. At the end of the day seven new-comers submitted the PM enrolment form. Having such positive feedback, I would like to take this opportunity to thank the three prominent coaches, including Senator Paul Chan, Senator Tony Chan and JC Joseph Ho for their wonderful speeches.

In order to appreciate Chapter's participation, two awards were specially designed for the program. Both Ocean and Victoria JC won the "Best attendance of PMs Award and Harbour JC won the "Best attendance of new-comers" Award.

Last but not the least, a big thank you to my four beloved OCs who have contributed their time and creative ideas to this project and the guidance from the supervising directors, and of course YOUR SUPPORT.

Elaine Tai
Project Chairman

"Hong Kong PRIME, Sharp Our Mind! WOW"

When our very exciting BABY coaches received their certificate from our JCI World President Yong Suk Choi during the welcoming reception for him on March 29th with the witness of National President Louise, National Officers, LOM Presidents & other members, they commenced their coaching path. Their excitement was amplified when they delivered their slogan "Hong Kong Prime, Sharp Our Mind! WOW!" We all shared their strength, enthusiasm, energy and joy. Congratulations to Hong Kong Junior Chamber! We have a positive force added to our coaching pool as our last local PRIME course was conducted in 1996.

I could still recall my first encounter with the 21 PRIME participants at the reception of the Hong Kong Sports Institute. At that moment, they were still in the "not yet warmed up" stage. Some even didn't know much about PRIME and JCI Training Ladder. They only thought that PRIME was only another L.D. training hosted by National. The picture really had a little bit unmatched and odd when our Head Coach ITF Senator William Fung, dressed in Hawaiian colorful shirt, shorts and sandals jogged in to the reception area to greet everyone of them with Assistant Coaches..... in their sunny smiles and delightful voices.

On the first day, I observed that the participants behaved very properly and O.K.

▲ A "Think on the Foot" demonstration share with the team.

▲ NP Louise with Prime graduates & coaches.

as they are the TOP GUN from Jaycee nominated by their LOM's and finally approved by the National Board. They were still presenting themselves in their usual way. But coaches are innovators, anything creative? With the lead of the coaches, participants went through various human experiences. On the next day, coaches had gradually led the participants to open up their mind and heart – OUT OF THE BOX !!. I do feel the difference as joy and laugh filled up the whole training arena as they proceeded with their course. On that night, everyone was devoted to their teamwork that I wondered if anyone had more than two hours sleep. The energizer might come from the midnight "dim-sum" express personally delivered by our National President Senator Louise and Founding Chairman of Training & Development Committee Senator Bassanio So from Dragon JC.

On the last day, all the coaches & O.C. was amazed by the presentation delivered by 21 Shatin Sleepless. They have demonstrated the power of coaching bond. They all utilized what they had learned in the past 2 days and re-structured into a entertaining, amusing & inspiriting SHOW !!

During the last part of the course, the sharing moment, I would congratulate the coaches as they had motivated and empowered the participants to choose and develop for themselves what it is they want to learn. Further, they had successfully linked the expectations with the mission of Junior Chamber to create positive change.

National Business Network

In order to provide a clear picture on identifying opportunities and challenges facing small and medium enterprises in the new millennium, National Business Network (NBN) had the honor to invite Mrs. Selina Chow, Legislative Councilor (Wholesale & Retail) as speaker at their 1st Fellowship Gathering at Eaton Hotel on April 12, 1999.

It was a golden opportunity for NBN members to share opinion with Mrs. Chow on various topics like finance, taxation, new skills, government policy, rules & regulations. Following a very impressive and informative talk by Mrs. Chow, members sat together to exchange their experiences and enjoyed a delicious Chinese meal.

The climax of the night was the Business Promotion Session. Several members exhibited their company products or offered their services to the participants. Some of them also shared valuable business tips.

The evening ended in a most amicable atmosphere.

Peninsula JC

今年是半島青年商會的三十週年，標誌著該會邁向一個新里程，而為了配合三十週年會慶，該會訂立了多個目標，並籌劃多項有代表性及有意義的工作計劃。

今年舉辦的主題工作計劃「青商心連香江事」，將分別從經濟角度、管理人材層面，及公關推廣方面，探討廿一世紀資訊科技年代下，對商業活動、領袖人材和人際關係的模式轉變，影響及應用。

活動包括：網上調查、網上定向遊戲、網上資訊購物城、論壇、講座及工作坊，而我們更會總結多月來活動的所得和成果，結集成一小冊子分發給香港市民。

如各會友想知更多有關工作計劃的詳細內容，請留意宣傳單章或於一九九九年五月六日起，瀏覽本工作計劃於互聯網上之網頁 www.pjctheme.com.hk 。

總會會長陳展雷、會長歐陽美雲及各前會長於四月份會內進行三十週年紀念活動開幕典禮。

Re-engineering for Tomorrow's Leaders

Victoria JC

Hong Kong and most the Asian countries are now in a deep recession. How fast our economy rebounds depends on how well we adjust and re-engineer ourselves. It is important that we should first examine ourselves to understand our own strengths and weaknesses. This sets the background of VJC's 1999 project: "Re-engineering for Tomorrow's Leaders". VJC will join hands with City JC of Singapore to carry out this project as both Hong Kong and Singapore are still struggling to recover from the fieriest financial turmoil ever seen in Asia.

This will be a joint effort of Leadership Development and Economic Affairs areas of VJC. The project will provide opportunities for individuals and enterprises in Hong Kong to be better prepared for future challenges.

The project will last from April to July and will split into five stages:–

- **SURVEY** to be conducted in Hong Kong and Singapore to compare opinions and attitudes of young executives in the two cities when handling adversity. Findings of the survey will be announced in July in the form of an open forum.
- **COMPANY VISITS** to be arranged around June to CLP Power (formerlly known as China Light & Power) as well as other major corporations. Through the visits, the participants will be able to appreciate first hand how these successful corporations re-engineer themselves to stay competitive.
- **INTERVIEWS** with university professors, management consultants and Ten Outstanding Young Person Awardees. Interview results will be published in Contact.
- **OPEN FORUM** entitled "How Young Executives and Enterprises Re-engineer to Become More Competitive in the New Millennium? " will be conducted on July 3, 1999. A panel of speakers including academics, management consultants, human resources professionals and senior executives from major corporations will be invited to speak.
- **JOINT TRAINING CAMP** with Lion Rock JC is being planned to wrap up the project on July 24-25, 1999. Participants will be able to test their strengths and weaknesses and find ways to improve themselves.

Stay tuned, come and join us. For details, please call EAD Henrietta Tsang on 9034 2858 or LDD Lindy Chan on 9659 5889.

【 本是同根情， 緣深情更長 】

競力十足迎千禧
Competence Quotient towards New Millennium

According to the recent announcement of "The World Competitiveness Yearbook 1999" Hong Kong has dropped from rank 3 to rank 7 in the competitiveness with the other countries. In other words, the environment for running a business is becoming more and more challenging nowadays. Successful business are those which can leverage its resources in offering innovative products/services cost-effectively to an untapped market with superior customer service.

As the market is dynamic and competition intensifies within industries, employers are more demanding on the employees and eager to hire the brightest people. Therefore employees are required to develop their competence continuously in order to remain competitive in the job market.

In view of the importance of competitive advantages to become more successful, Ocean Junior Chamber is organizing a series of events, under the theme of "Competence Quotient Toward New Millennium 競力十足迎千禧", to increase public awareness of how to sharpen their competitive edge and leading to eventual success.

Under the umbrella of "Competence Quotient towards New Millennium 競力十足迎千禧", series, the activities include :–

Survey
The series will be kicked off by conducting a survey to find out
* People rating on the importance of attributes defining personal competitiveness
* Their competitive traits match those attributes.
* How far they know about the competitiveness of Hong Kong.
* In what direction, the young executives think to improve our competitiveness.

Seminar 1 (Target Audience: Young People from 25 to 45)
題目：裝備力量、逆境自強
Topic : Equip Ourselves In Search For Excellence
Speakers : Mr. Raymond Tsang 曾慶寧先生

DIGITAL PRINTING
數碼印刷
by Corporate Press

高碧香港有限公司成立至今將十載，期間不斷發展及擴充，最近更新增數碼印刷部，將服務提升至更高水平。

為什麼選用數碼印刷？

快人一步　成功達到
無論您從事服務、生產或專業工作，若能夠於最快時間將公司之產品或服務推出市場，成功機會自然勝人一籌。

多類產品　配合用途
- 公司手冊
- 安裝手冊
- 用戶手冊
- 銷售介紹刊物
- 培訓手冊
- 員工通訊
- 客戶通訊
- 院校簡介
- 公司計劃書
- 課程手冊
- 公司表格及文刊
- 廣告價目表
- 保單
- 購物／服務目錄

省費省時　預算準確
－無須額外付出菲林或較昂貴的柯式印刷費用
－按量印制，可節省存運開支，不作無謂浪費
－客戶若使用電腦運作，更可通過電子郵遞將文件交予本公司，省卻文件運送時間
－可全自動分頁印刷，隔空頁或插頁，效率特快

質素一流　效果出眾
－圖片或相片以600點高質印刷，清晰度媲美柯式印刷
－可作雙面印刷，印面A4至A3尺寸
－配合本公司之釘裝部，可將印成文件以騎馬釘、線圖、膠圈式，熱黏方式製作書刊，一氣呵成，服務至上。

Inter-chapter Mahjong Competition hosted by Victoria JC

It was always full of greetings in Kung Hei Fat Choi in Chinese New Year. The Inter-chapter Mahjong Competition cum February Fellowship organized by Victoria JC had all the joys and friendship for the holidays. Every JC would agree that one of the most popular sports activities and hobby in Hong Kong nowadays is Mahjong. A game with which friends can talk freely around the table and provide excellent opportunities for social gathering and business contacts.

VJC took the chance to promote the game by organizing the function so that all JC members could show their talent and try their luck. Mahjong has been considered as an official sport in China.

The Mahjong game started at 3:45 p.m. but the crowd had arrived at 3:00 p.m. and they were ready to go for the champion. The most supportive chapters were North District Junior Chamber and Ocean Junior Chamber. When the competition commenced, the atmosphere was rather relaxing than competitive.

Finally there left eight players for the final round of the competition. The champion of the game went to IPP Alex Jin of Ocean JC. Congratulations to Alex! The first runner up was George Chong of Victoria JC and the second runner up was Maggie Ko of Ocean JC.

Our guest of honor Mr. Timothy Fok Tsun Ting, JP and Past National President Senator Eddy Wong as well as VJC President Chulene Cheung conducted the award presentation. It was our honor to have Mr Fok to give us some insight about the trend for the game of Mahjong. In addition he expressed his ideas on Mahjong and the development in near future as the official event.

After the award presentation, the program continued with the monthly fellowship gathering. All the participants enjoyed the delicious food and the games during the dinner.

DEEP IN OUR HEART

by Hong Kong Jayceettes Junior Chamber

HKJTT's Community Project this year focuses on teenagers and their relationships with their families. The objectives of the project are

1) to promote a positive life attitude amongst the Hong Kong youth;
2) to emphasize the importance of family communications and support towards the upbringing of youth;
3) to provide opportunities for parents and youths to explore the impact of healthy family relationship onto one's development and the ways and means of achieving this;
4) to provide an opportunity for the Hong Kong youth to develop their potential ability and creativity in interviewing and report writing.

A series of event will be carried out between April – August 1999,

April 24 – Youth Reporter Training
May 09 – Press Conference
May – Youth Reporter Interview
July 04 – Interactive Open Forum
July 17 – Community Service Day

It is our great pleasure to have the Honorable Mrs. Betty Tung to be our Guest of Honor for the Community Service Day. Please contact our Project Chairman Eliza Pang on 2796 6993 for further information.
