MESSAGE
FROM
HONORARY LIFE PRESIDENT
Mr. A. de O. Sales

Message

Each administration in the long history of the Hong Kong Junior Chamber of Commerce has made a significant contribution towards the attainment of the objects for which the organization was formed here. In doing so, many hundreds of young men and women have benefitted from their membership just as the community has been given dedicated service in many ways.

The new Jaycee year will certainly fulfil the ideals of Jaycees International so eloquently expressed in the Creed.

My best wishes to President Y.K. Chan, his Officers and Board of Directors for a full measure of success and satisfaction in all they do.

JAYCEES INTERNATIONAL • JAYCEES INTERNACIONAL

MESSAGE OF GREETINGS

My felicitations to the Hongkong Jaycees and to the new board of directors on the occasion of its inauguration.

The opportunity to serve the organization is both a privilege and a responsibility. As an affiliate of Jaycees International, the NOM is obligated to uphold and carry out the purposes and objectives of the Jaycees. The best way that the NOM can do this is to have dedicated and diligent officers and members.

As JCI Vice President assigned to your NOM, I shall do my very best to be of service to the organization. I shall be looking forward to a very fruitful meeting with the officers and members during my visitations, and I expect a very satisfying and rewarding experience for all of us.

My best wishes to the officers for a very successful term.

MESSAGE FROM THE PRESIDENT KOWLOON JAYCEES

Kowloon Jaycee

Theme - 1977
Outstanding chapter begins from you !

To be outstanding is the business of every Jaycees !
Outstanding in the courage to accept weakness; the desire to grow; the humility to serve.
One can either be an outstanding Jaycee or a non-Jaycee, but never a in-between Jaycee.
But, we need outstanding Jaycees to build an outstanding organization.
It takes an outstanding organization to gain community support-money and members.
Only with adequate resources, can we effect outstanding projects.
And only though outstanding projects that we can serve the community and offer leadership training to young persons, which is the core of JC movement.

Thus, to build an outstanding chapter is the business of every Jaycee, every chapter.

The goal is ambitious;
the impact, far-reaching;
the task, tremendous;

AND YET, the RESPONSIBILITY is indisputely YOURS
"OUTSTANDING CHAPTER BEGINS FROM YOU"

Message from the President of
ISLAND JAYCEES

Welcome to the grand annual event of the HONG KONG JAYCEES - 1977 INAUGURAL BALL. ISLAND JAYCEES was established in 1966. In the past 11 years of precious existence, guided by the dedicated and dynamic leadership of our predecessors. We are proud that our Organization has been the training ground for many of our present leaders, and has had a glorious past record of achievements in all the fields of projects. I realize that leaders of to-day have to accept more responsibilities and challenge. This year, through our joint efforts, ISLAND JAYCEES has set up the following goal for 1977 :-

1. Membership booming
   Retention & Extension

2. To promote unity and relationship with LOM & NOM

3. To organize a series of effective leadership training courses and seminars to all Jaycees and their friends.

4. To organize meaningful community and youth projects keep all members active continuously.

ISLANDERS let us re-examine and reassess ourselves. Donot live on the glorious past but let us unite together and work as a team to positively contribute to work for the achievement of the above goal.

W.S. LOK
PRESIDENT
ISLAND JAYCEES

Hong Kong, 18th January, 1977

Youth camp '76 was a "3-day-2 night" open air, "sleeping-under-canvas" type of real camping. Survival techniques were taught and there was time for friendship and cheerful activities.

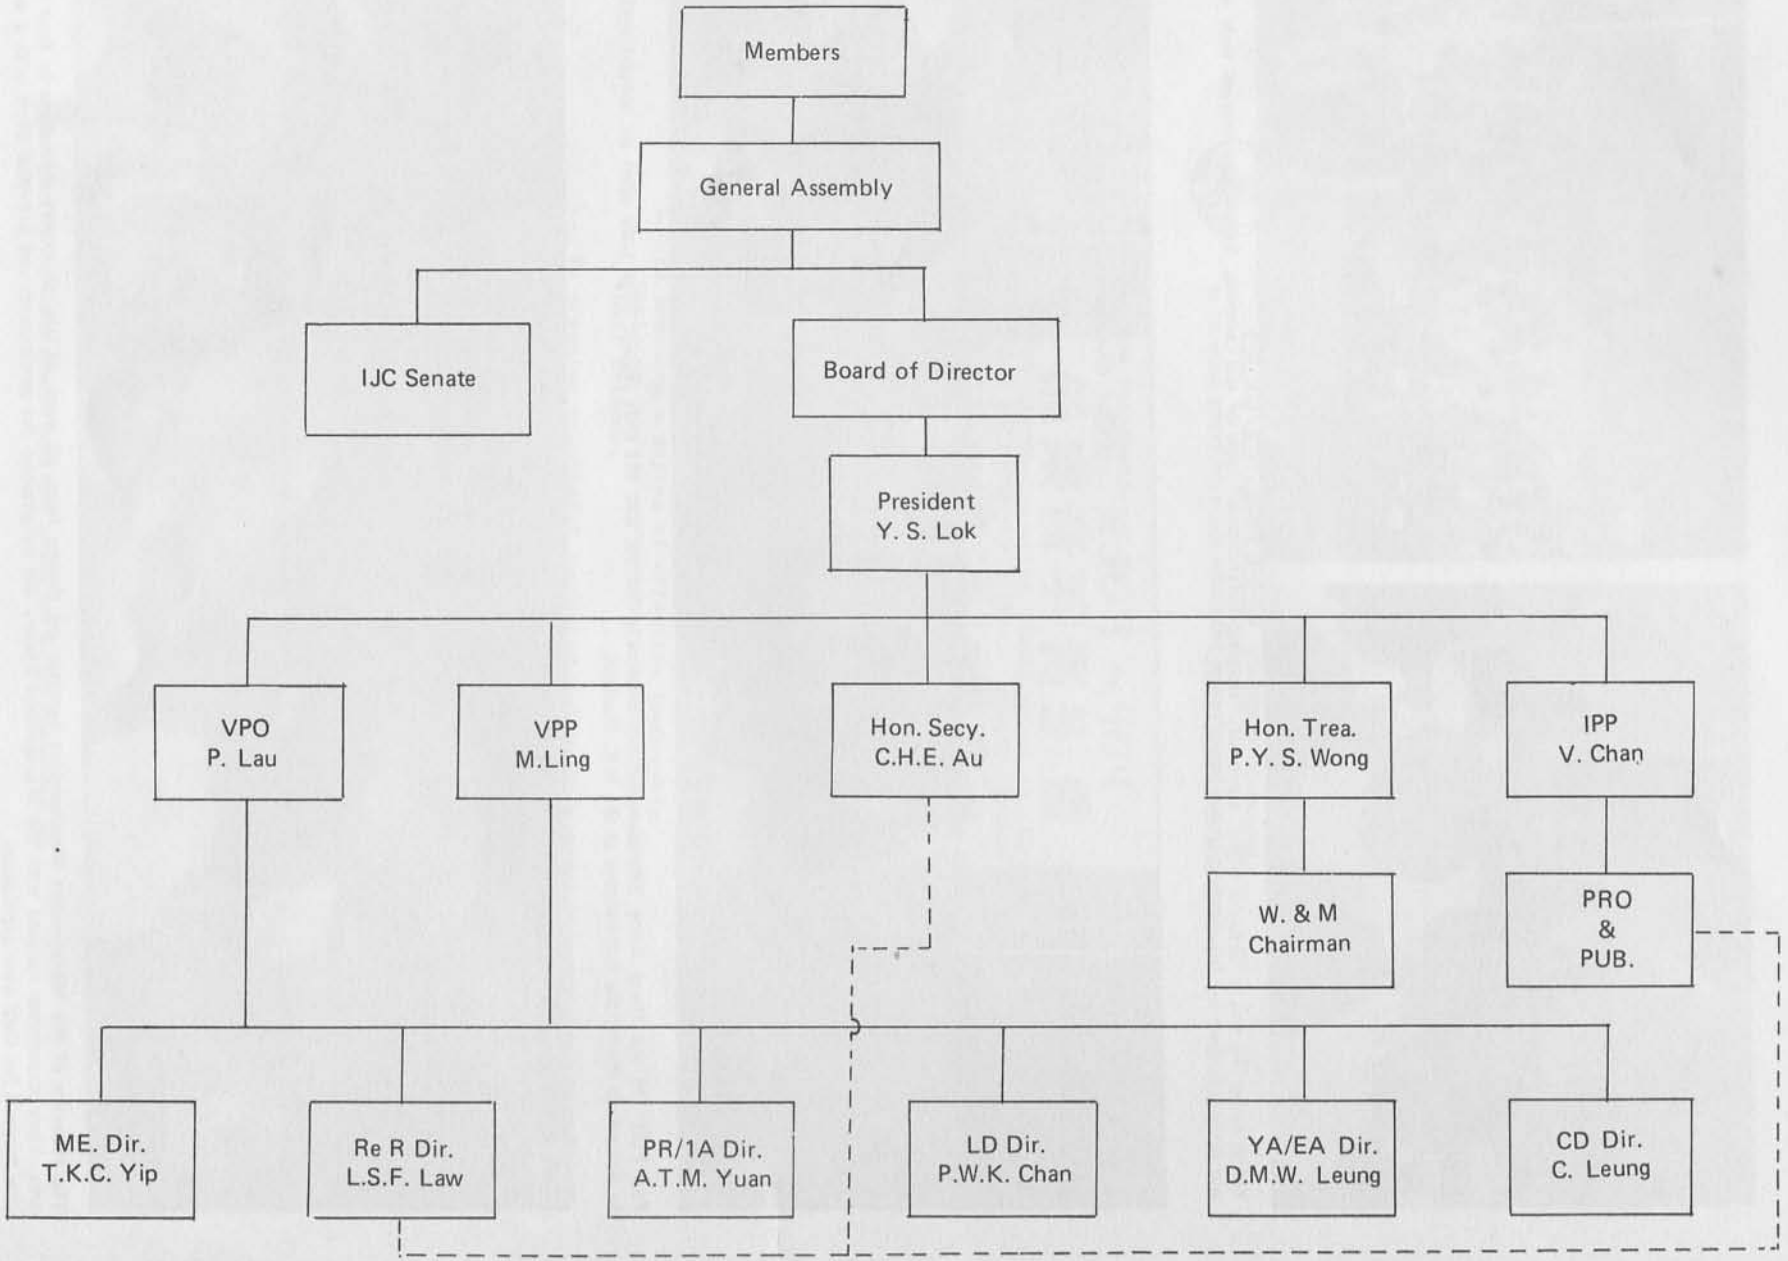

Pop Folk '76 the Hong Kong "Woodstock" has become a festival and the only regular large scale open air concert available to our youth during the hot-summer at the H.K. Stadium.

The speakers of the Management Development Seminar are chosen from all work of life, an expert themselves in their own area. Their experience coupled with the Management Theory did enlightened the participants and provided them with a workable formula for their own application.

MESSAGE

"Unity is Power" - this I strongly believe and I would like to take this opportunity to appeal to all of you for your endurance, understanding, co-operation and assistance to make 1977 yet another year of success for the Jayceettes.

Stepping into our 8th year of existence, the Jayceettes will be facing ever-increasing challenge in order to live up to the expectations of the community and our predecessors who had unfailing led and served our Chapter in winning many awards both locally and internationally. We shall of course try our best to continue the good works exerted by them. However, it is not only the "glory" that we shall be aiming at, but also the genuine benefits to both our members and our community as a whole.

1977 will therefore be a year when the Jayceettes will stress on three areas - better understanding among members, balanced programs to cater for the interests of all members and wothwhile community projects to bring forth the good image and importance of the organisation. Apart from the proximate goals, we have also deemed 1977 as a year of reviewing and setting long term targets for our Chapter - hence a Long Range Planning Committee composed of Past Presidents and experienced Jayceettes is formed to carry out some in-depth study and research work of our organisation and community needs.

Finally, I look forward to join hands with you and work towards the good course of Jaycees.

TEL: 5-224256

It is my privilege and honour to convey this message on the occasion of the Inaugural Ball 1977. I rejoice with my fellow Jaycees over the success of another Year of Jayceesiam. We don't take this as just another annual function, but to feel that it is a pledge to promote Jayceesiam further to a even greater achievement.

Lion Rock Jaycees has been estabilised for over 5 years. Our Chapter, inspite of past performance will never rest on such levels but on the contrary will double its commitment to services in the future.

Our Main Policy for 1977 will ne of that:-

Within the Chapter

To double our membership in number and to organize more projects to keep all members active. All of us will continue to dedicate ourselves to humanitarian service even to surpass the achievements our Chapter has already made.

Between all Chapters

To promote unity and relationships with all other Chapters. Hutchison looks to the future

For Hutchison, the future will be built on ever-developing strengths. We're planning, re-organising and building now, to meet the challenges of our rapidly changing environment.

Foremost, we have the inner strength that is generated by our people. We've chosen them for their qualifications, their vision and ability to recognise the importance of a sound working relationship between individual company growth, overall corporate policy and the goals of the countries in which we operate.

Out of the strength of people grows the strength of our enterprises. These are of such size, diversity and scope that they touch on almost every aspect of Hong Kong's economy, and reach beyond, into The Philippines, Malaysia, Singapore, Indonesia Australia and The United Kingdom.

Add to this the strength of Hutchison's belief that such co-ordinated development will bring about not only successful results and profits to our share-holders, but also an improvement to the quality of community life.

This is the kind of future we foresee. We're doing our best to make it happen.
