JCI MISSION

To provide leadership development opportunities that empower young people to create positive change.

JCI VISION

To be the foremost global network of young leaders.

JCI CREED

We believe :

That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That government should be of laws rather than of men;
That earth's great treasure lies in human personality;
And that service to humanity is the best work of life.

HISTORY OF THE CREED

The year was 1946; the place, Milwaukee, Wisconsin, USA; the event, the United States Junior Chamber National Convention. Visitors came from Canada, Mexico, South America, Europe and the Philippine Islands. It was here that the idea of a JCI Creed was born.

Past President of the Ohio Junior Chamber and National Vice President of the United States Junior Chamber, William Brownfield realized at this convention that the organization did not have a Creed. He was inspired by the devotion of Junior Chamber members "Change to the purpose of serving mankind in a thousand different ways, right down at the grass roots where freedom lives or dies."

Brownfield saw Junior Chamber as "the potential for a new force in the world, one capable of changing the balance between victory or defeat for our chosen way of life in a time of crisis."

The actual writing of the Creed took place in July 1946 during a drive from Brownfield's hometown of Columbus, Ohio, to his coal mine in New Lexington, a journey of about 75 minutes. He started that journey with a firm conviction in his mind to work on the Creed. It was during that trip the following words came to mind and were put on paper:

The brotherhood of man transcends the sovereignty of nations.
Economic justice can best be won by free men through free enterprise.
Government should be of laws rather than of men.
Earth's great treasure lies in human personality.
Service to humanity is the best work of life.

Since it was written, Junior Chamber members all over the world recite the Creed at local, national and international meetings and functions. During that time there has been much discussion of the interpretation of the Creed. The author himself said, "Every Member is free to interpret the Creed in the light of his own conscience."

Dr Joseph LEE Chung-tak, *GBS, OStJ, JP*

Happy 75th Anniversary JCI Hong Kong, China! As a long-standing Honorary Advisor of JCI Hong Kong, China, it is my honor to share my thoughts on this special occasion. Indeed, my journey and involvement with JCI began in 2007, when I was serving as the Chairman of Commission on Youth, HKSAR, and it has been a rewarding experience ever since.

I am continually impressed by the JCI Creed, Mission and Vision. The JCI Creed acts as a formidable pillar, reminding us all to love God, serve humanity, and execute our duties with a labor of love. What sets JCI apart, though, is how beautifully the Creed is married with the JCI Mission and Vision of providing leadership development opportunities to young people and integrating them in a global network of like-minded young leaders. This unique blend of personal development and steadfast commitment to community service makes JCI stand out.

In line with this mission, the theme for JCI Hong Kong, China in 2025 is "We are Leaders". This is a powerful theme and I wish to remind everyone that leadership is not merely about guiding or instructing; it is inherently rooted in service. With a serving heart, you can inspire others to join in building a better society and a more peaceful world. As leaders, you have the unique opportunity to advocate for Hong Kong, tell our story, and demonstrate how our values and achievements contribute to the global community. Therefore, each member plays a crucial role in sharing the Hong Kong youth story on a global platform. By embracing the spirit of Lion Rock – working together in unity, putting aside differences, and relentlessly pursuing our dreams – you uphold Hong Kong's status as an international city.

With that said, I would like to congratulate you once again on this remarkable milestone. Let us continue working together, guided by our shared values, to create positive change and a brighter future for all.

Just as a diamond is forged under pressure, our organization's strength has been shaped by challenges, refined by resilience, and polished by the collective brilliance of every Jaycee who has contributed to our journey. For 75 years, JCI Hong Kong, China has been more than an organization—it's been a movement. Congratulations!

Congratulations for 75 years of great work and wonderful time by generation and generation of young men and women of JCI Hong Kong, China!

75 years ago, JCI Hong Kong, China began from a nucleus group of young men as active citizens, bent on doing good for the Hong Kong community. JCI Hong Kong, China took up many challenges, and turned these community needs into Jaycee projects and trail-blazers, and nurtured young minds and young leaders.

We take pride to have played our active roles as active young men and women JCI members, not only just in Hong Kong, but across boundaries in 120 plus countries around the JCI world, participating in what were needed at different times.

Talented JCI Hong Kong members were seen taking up leadership positions, participating in development works like such as trainers circles, Asia Pacific Development Council, Area Management Team, JCI Board and Excom Teams, making valuable contribution to the progress of the international organization. This also offers our young JCI members the true practice and appreciation for international participation and cooperation. JCI is therefore recognized by United Nations as this special NGO ably run by their young people.

Hong Kong JCI members not only worked locally, but also internationally, to bridge nations and nations, in unity as one global organization, Junior Chamber International (JCI), for the common good and world peace.

What an idealistic scenario and a breath of fresh air for our troubled world to behold!

May JCI Hong Kong, China continue to prosper for the benefits of young people and the future of our beautiful city!

The knowledge and skill I learnt throughout my decades of Jaycee involvement have been most beneficial to my personal growth and career development. I am most grateful to the organization and those fellow Jaycees who have, knowingly or otherwise, enriched my life by allowing or helping me to learn.

I offer my heartfelt congratulation to JCI Hong Kong, China for 75 years of outstanding accomplishment in young people development and service to the community.

Happy 75th Anniversary and many more to come!

The Jaycees have been the defining crucible of my life, a forge where aspirations were tempered into action, and boundless energy transformed into enduring purpose.

Through relentless leadership training, collaborative endeavors, and the creed we upheld - truth as our compass, service as our anthem - I fulfilled not just ambition, but the profound weight of leadership.

Those years taught me that opportunity is not given; it is seized. And today, as we celebrate 75 years of legacy, I see that same fire alive in each of you.

To every member: The torch we pass is not merely light, but a call to illuminate. The storms we weathered, challenges of justice, brotherhood, and enterprise, have forged us as gold. Yet the horizon ahead is yours to shape.

Let the creed guide you as the moon steers the tide, and let your courage stir waves that echo beyond lifetimes.

In the spirit of our shared journey, I leave you with these words:

The JCI movement has come a long way in the last three quarters of a century. Since I joined her membership 57 years ago I have witnessed JCI adopting and publicizing the JCI Mission and the JCI Vision in addition to her original Creed; in the meantime JCI Hong Kong, China has grown in leaps and bounds and become more sophisticated while maintaining its youth and dynamism.

Many people have pulled together and many years of efforts have been spent to arrive at where we are now. What a blessing it is to be celebrating her 75th Anniversary!

Looking at the next quarter of a century I exuberantly imagine the pride JCI Hong Kong, China will have as she becomes an even more relevant and valued builder of society and contributor to the motherland's dream come true of a great modern socialist country in every dimension and the ballast of world peace and prosperity.

It is my greatest pleasure and honor to send this congratulatory message to Junior Chamber International Hong Kong, China on this auspicious occasion of her 75th Anniversary.

Being the 35th National President of this wonderful organization in 1984 and with the full support from all my capable and devoted board of directors, we had an amazing year, apart from providing trainings to all our members and services to the community, that we established two new local Chapters, the Queensway Jaycees and Macao Jaycees, the first one in our neighboring city. The very energetic Local Chapter Presidents, 15 of them, together with their members, had organized many outstanding and worthwhile projects which benefited not our own members, but the community as a whole. We all upheld to the organization's mottos in those years, "JAYCEES PROVIDE OPPORTUNITIES" and "JAYCEES OF TODAY, LEADERS OF TOMORROW"!

I wish Junior Chamber International Hong Kong, China, another glorified year under the leadership of National President Rafael and all our members in this memorable 75th Anniversary Year!

I joined Jaycee 42 years ago, since then I have been actively involved with our beloved organization. Jaycee has broadened my horizons, made my life more colorful and helped me stay young, by socialising with young members! The friendship I have formed through Jaycee are among the strongest I cherish, and we continue to maintain close relationships.

Jaycee's mission is to create positive changes to individuals and societies. We are renowned for its leadership training and project management. I have witnessed numerous young men and women grow into strong individuals through their active participation in projects and various managerial roles within the organization.

JCI Hong Kong, China has laid a firm foundation in fostering leaders to the local society over the past 75 years. I look forward to seeing JCI Hong Kong, China continues its valuable contributions to Hong Kong and our motherland for the many years to come.

The long journey started 75 years ago, when live was simple but difficult a few years after the World War II, our beloved organization was founded by a group of young people who had visions and zeal to serve the people and community when the public of Hong Kong badly needed community care services, and of course, at the same time trained up themselves as leaders. Generations after generations, our predecessors had set up milestones all the way, these remarkable records are well-remembered by the people of Hong Kong.

From now and then, when members get together, they would all cherish those days that they worked together, laughed away the hours and dreamed of all the great things that they would do. In fact through their efforts, many dreams have come true.

In the past 75 years, JCI Hong Kong, China has experienced many changes, the only thing that remains unchanged is our original intention, which states in JCI Creed : ***"That earth's great treasure lies in human personality; and that service to humanity is the best work of life"***.

May I wish JCI Hong Kong, China, its Chapters and members a memorable and joyful 75th Anniversary Celebration!

It is with great pleasure that I present this congratulatory message for the 75th Anniversary of JCI Hong Kong, China.

During my time as National President in 1994, our name was Hong Kong Junior Chamber of Commerce and we usually called ourselves Jaycees/JC members. There were 18 chapters and the latest addition was Apex. Different chapters liked to play around with their logos trying to stand out from the others.

Today in 2025, there are 21 chapters in Hong Kong. We have basically all changed to call ourselves JCI followed by the individual chapter's name. The logos are also more standardized.

However, it does not mean that things are moving from "Variety" to "Standardized". On the contrary, the whole JC movement in Hong Kong has made significant strides.

I am pleased to witness JCIHK's relationship with the HKSAR Government, corporate entities, NGOs as well as Mainland organizations have made continuous progress.

I would like to challenge all the current JC members to keep working very hard to maintain the momentum taking the JC movement to even greater heights.

Congratulations and all the best!

Today we face different challenges in economic and political situation. It is no doubt that the rapid change of technology improves life of people. Nevertheless, world is still not peaceful and a lot of people live in poverty.

It is important to have organization like JC to commit in making positive changes for the community. The opportunities we provide for the development of young people remains the same. Despite what the development of the world will become, we all should be confident that the unique values of our organization persist, we can continue to keep a sustainable position as a leadership organization forever. In the meantime, we have to continue to promote international fellowship among our members in the world which can give respect to all different nations through mutual understanding.

This year marks the 75th anniversary of JCI Hong Kong, China, I am very honor to be part of the big family as well as the National President in 2011.

We know the needs of the people around, collaborating with our partners and create projects. We take action to sustain our mission and vision. Undoubtedly, our footprints were found everywhere in the past 74 years.

2012 National President

Senator Stanley NG

Congratulations to JCI Hong Kong, China for serving the young people of Hong Kong with success in the past 75 years. JCIHK has witnessed thousands of members devoting their passion to make their dreams come true and become better persons through their JC journey.

Hong Kong possesses a unique background as a cultural melting pot of East and West. I believe the JC movement will have an even more important role for Hong Kong's social development at this time, 28 years after the handover. Despite many newly established youth organizations in this decade, JCIHK, as one of the city's most reputable international youth organizations, upholds the universal values of JCI Creed and takes a unique responsibility in internationalism under the many internal tensions happening in this era.

The ageing trend is becoming a major concern in Hong Kong. The 2024 birth rate in Hong Kong is still only 0.84. It not only implies the heavy pressure on every shoulder of our next generation Hong Kong young people in the foreseeable future, but also shows a red flag to the sustainability of this beautiful city. It is time for the JC movement to provide even better development opportunities to empower young Hong Kong leaders to surf this ever-changing technological, political, and economic playground.

Best wishes to JCIHK and all youngsters who are engaged in the JC movement. We Decide Our Future.

2013 National President

May I congratulate Junior Chamber International Hong Kong, China on its 75th Anniversary!

The essence of the Jaycee movement is to lead, to serve and to learn. I am honored to have served the organization as National President in 2013 under this momentum.

75 years is a milestone. As an international organization, we are constantly striving to make impact in the local community backed by leaders with global vision. Together with 21 Chapters, we organize hundreds of projects every year impacting our society. Guided by the experience of our predecessors, we sharpen project management skills, grasp opportunities to practise leadership and then strive to become leaders ourselves. I am privileged to have joined JCI through which I have grown into a better person as I am now.

In this memorable occasion, we are happy to gather our partners, Senators and members together, celebrating the accomplishment of our mission by providing development opportunities to empower young people to create positive change. Cheers to the 110th anniversary of the Jaycee movement!

Congratulations to JCI Hong Kong, China on her 75th birthday! Having transformed out of covid, we are more adaptable to the even more versatile world we are in today. There is no better time to consolidate the wisdom of our senior and active members in the pursuit of further development opportunities for young people as challenges continue to present themselves from recent events. We have much to leverage from the international collaboration we accumulated throughout the past 75 years. United, we will bolster our vision to be the foremost global network of young leaders.

Even though we are now more used to connecting through digital means than ever before, there is more reason to travel physically and meet international friends in person before we become too reliant on technology. JCI has always been an excellent platform to grow your network and the more so when some people are already saying there is too much AI and too little trust. Step out of the AI comfort zone, find your true self and continue developing together through JCI. May you go Beyond BeLIVE and let's venture into our shared future together!

Message from

JCI Hong Kong, China
75th Anniversary Ball Chairman
Senator Carol WONG

It is my great honor to serve as the Chairman of the 75th Anniversary of JCI Hong Kong, China.

Our theme of the Anniversary is "75 Years of Leadership Journey". As we celebrate this milestone in 2025, we reflect on our journey of commitment and collaboration in nurturing young leaders and inspiring positive change within our community since 1950. Over the past 74 years, JCI Hong Kong, China has developed numerous renowned leaders who have made significant impact and shined like diamonds across various sectors. I am grateful for gaining precious opportunities to learn and grow by serving in multiple positions at my mother chapter and National Board since joining JCI Apex in 2013.

This year, I am fortunate to take up the challenge to be the Project Chairman, and be accompanied by a team of passionate and creative members dedicated to making our Diamond Jubilee a truly special occasion. Different from previous anniversary celebrations, we have organized a series of exciting events in addition to the banquet in early May, including the VIP Celebration Party to share our legacy and connect with industry leaders; and "Tourism is Everywhere in Hong Kong" Survey Results Announcement Press Conference to share the beauty of Hong Kong to both locals and tourists by utilizing our unique international network. These events have provided us with invaluable opportunities to showcase our contributions and accomplishments to the society.

I would like to take this opportunity to express my heartfelt gratitude to all distinguished guests, sponsors, advertisers, supporting organizations and the 21 local chapters for their unwavering support. I would also like to extend my sincere thanks to my Deputy Chairmen Senator Cyrus Tang, Senator Janice Ho, Senator Lawrence Mang, Howard Sze, Hei Leung and Tiffany Leung, and all members of the Organizing Committee for their dedication and hard work in making the events memorable.

In particular, I would like to thank our National President Senator Rafael Wong, Project Advisor Past National President Senator Louise Chan, and Supervising Officers National General Legal Counsel Evan Leung and National Vice President Senator Elaine Tang for their insightful guidance and trust. The events could not have been a success without their support.

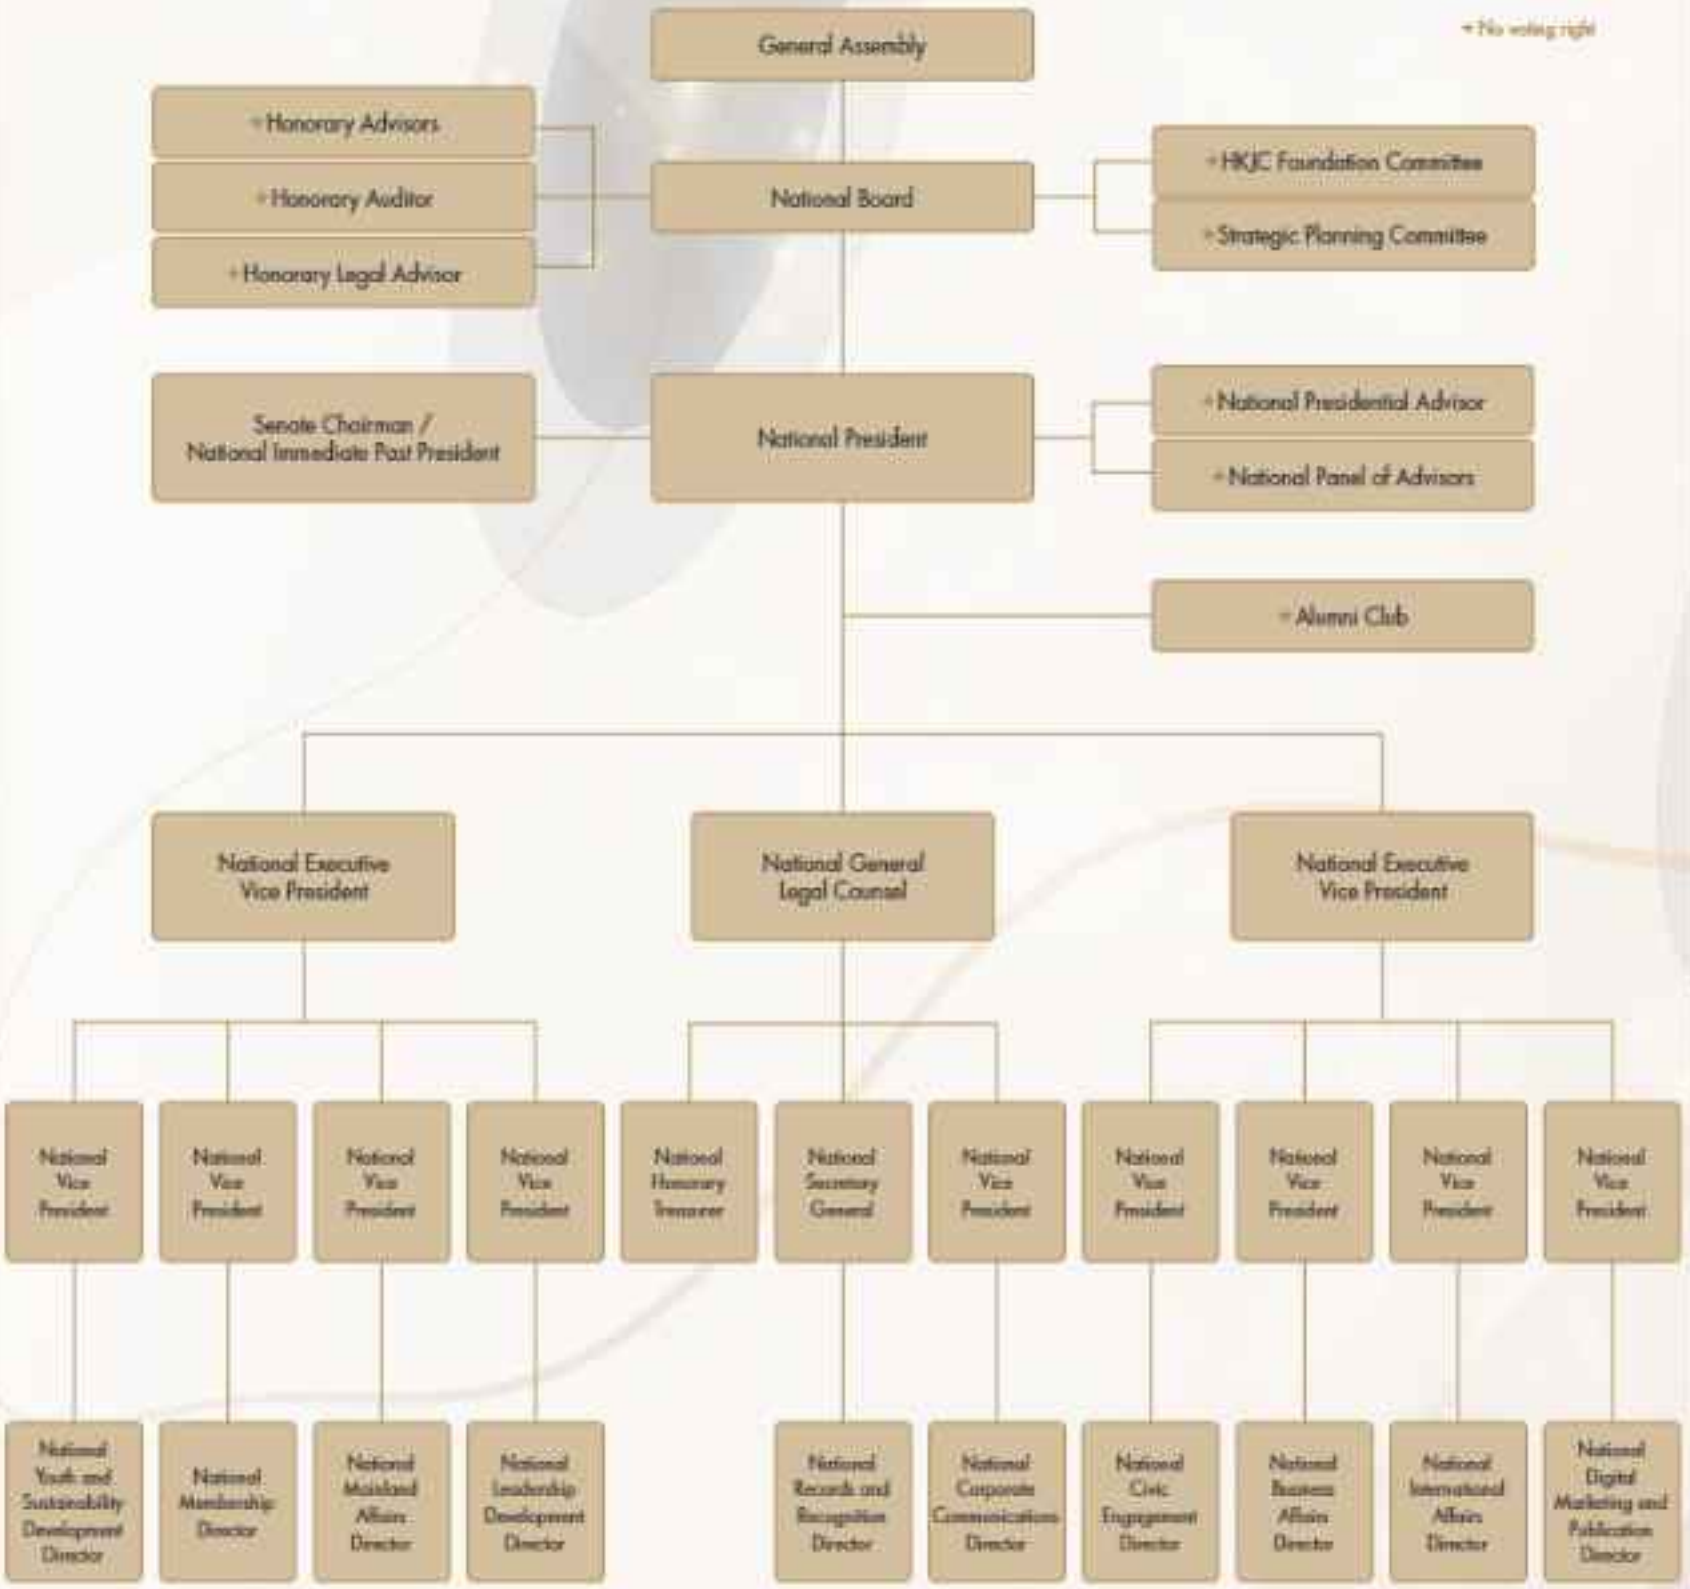

Thank you for joining us tonight to celebrate this significant moment in JCI Hong Kong, China's history. Let us embrace the excitement of our 75th Anniversary and look forward to a brighter future filled with leadership and impact!
