HEALTHY DIET FOR YOUR FAMILY

The Project, organized by Peninsula JC, was aimed to study the current eating habit of people in Hong Kong (including the young, the adult and the elderly), to educate and to arouse their attention towards healthy eating on the correct concept. A survey was conducted to collect information regarding eating habits of these three groups of people with the assistance of Dr Georgia Gulden and Ms Hui Wai Hing (community Dietitian). The survey result was annouced during the opening ceremony on 26th August 1995 which was well received by the Press.

The programme held at the Arena of the New Town Plaza included exhibition, medical check-up (blood sugar and blood pressure) and educational games (including Q & A, computer games and children quiz). These programs turned out to be a great success and the public enjoyed themselves very much with the games. NP From the National President

Dear Fellow Members,

As the new Junior Chamber year begins, I would like to share with you our goals in 1996.

Justin welcomes our World President Tom

Members are the most valuable assets of the organization. Thus the first and the most important task to achieve is membership extension. We seek to increase the number of new recruits so that more young people can benefit from Junior Chamber movement. Our target is a 10 percent growth in the number of ordinary members. We will also preserve our seniors so that they can further contribute to the growth of the organization. An adhoc committee will work on the details regarding associate membership.

External relationship is another important aspect. Besides strengthening existing contacts with government officials media and voluntary organizations with similar p seek to establish strong linkages with provincial or city members of (ACYF). While link resource b

NP From the National President

Dear Fellow Members,

Further to the message that I delivered in the February issue of Harbour Lights, I wish to share with you a few more thoughts and some key developments of NOM in this issue.

Mentality on JC Involvement

My mentality on Junior Chamber involvement has always been:

* on maximizing the use of my time
* on achieving as much as I can
* on being creative
* on getting the ego gratification from accomplishments

It is this kind of "maximum achievement" thinking that makes me enjoy my Junior Chamber voyage so much. How about yours?

President Lui, JCI Vice President Livelo (right standing) and the winning team

Our Key Developments

Finance With your effort and that of the officers of the National and the local chapters, we raised HK$230,000 through the Inaugural Ball held in January. The fund raised, though still short of budget by HK$70,000, will be used to maintain the effective and efficient day-to-day administrative outputs. We now have secured two corporate sponsorships which totalled HK$40,000 and received general sponsorship of HK$4,000.

The Chamber Office Renovation works to the chamber were completed in early January. The central air-tem was recently replaced by window-type and ers. Electric wiring system was also ble office for meetings and

Senate The first Senate Gathering was held in la April. Two more gatherings are respectively scheduled in and November. The Senate Screening Committee will three times this year (in May, August and Novem Senatorship nominations from chapters should reac Committee before the aforementioned months.

Future Direction With rapid changes in Hong K essential for us to plan ahead and make adjustments future direction. A forum will be held in July/ facilitate brain storming, discussion and idea Representatives from chapters will be invited t Recommendations formulated will then be subm Range Planning Committee for review.

Social Awareness Aspect

Feature articles on "The 1996/97 Budget" and "Theme Interview" for our MET "Care For Youth, Develop Our Future Leaders" bring understanding and arouse social awareness to members and residents of Hong Kong.

MET Care For Youth, Develop Our Future Leaders

By Iris Chan

"Care For Youth, Develop Our Future Leaders" is HKJC's major emphasis theme (MET) for the third consecutive year. The theme highlights the purpose of our organization and it forms an umbrella under which many meaningful projects evolve.

BUDGET 96/97

"April is the hardest month", to some, may be. But for the local taxpayers, May is the hardest month. Every year in this season, local taxpayers are required to report their revence status, and we would like to recap the 1996/97 budget as was delivered.

In his maiden Budget, the Financial Secretary Donald Tsang delivered the 1996-97 Budget on March 6, 1996. The Budget was a Budget of "no change", maintaining the traditional policies of free enterprise whilst aiming to preserve Hong Kong's reserves.

Almost identical to the 1995 Budget, the 1996 Budget contains several personal tax reductions and increases in spending on the "social infrastructure" of Hong Kong including:-

* increases in allowances for salaries tax, in parti... an increase in the basic allowance from $79,000 to $... and in allowances for dependents, and
* additional spending on health, education and we... would no more be

The New Year Sign-In Ceremony

On the warm and sunny afternoon of the 1st of January 1996, all of our National Officers and Chapter Presidents ensembled to carry out the local JC tradition of signing in at the Governor's House. A slightly unpleasant encounter with the over-precarious policemen was soon swept away as the staff on duty invited the entire pack to visit and to take photographs at the back garden.

The group then moved onwards and drove swiftly into Sai Kung to visit Past National President Sonny Yu. Everyone had some exciting moments at the games table but were later dismayed at their loss at the horse racing bets. Nevertheless, it was pleasant to kick off the term of office the traditional way.

The Hope Library （希望書庫）

The Hope Library（希望書庫）is an extension of the Project Hope（希望工程）. This project aims at soliciting donors for producing sets of books to be used by students in China. Each set of books consists 500 books of different interests and will cost HK$3,000. The donor of each set of books will have his name imprinted on the books. HKJC is one of the co-organizers of this project and will be responsible for some of the promotion exhibitions.

The project is co-ordinated by Dragon Junior Chamber. With the assistance of other chapters and outside organisations including Rotaractors of Kwun Tong, Lingnan University and Chinese University, HKJC made a successful contribution to this meaningful project.

The opening ceremony was held at Kowloon City Plaza on April 4, 96. There were various performances presented by the HKJC. In the exhibition that followed, it was estimated that a crowd of more than a thousand was attracted.

Exhibitions responsible by HKJC will be held at Times Square on May 4-5, 96.
