GUEST OF HONOR

THE HON. D. AKERS-JONES, CMG, JP.

Secretary for the New Territories

MESSAGE from the Guest of Honor

M E S S A G E

Congratulations to the Kowloon Jaycees on your 15th Anniversary. You have worked for fifteen years in service to the community and your dedication to the ideals and purpose of the organisation has brought many young people together and strengthened the bonds of fellowship between them. I am confident that you can look forward to many years of useful service in the future.

Secretary for the New Territories

Message from 1980 President
Jaycees International

OFFICE OF THE 1980 PRESIDENT

PATRICIO IZURIETA

I am pleased to address myself today to the members of the Kowloon Jaycees, whom I hold in a very special esteem, in view of their achievements, over the past 15 years, in the fields of leadership training and of community service.

I take great pleasure, my fellow Jaycees, in joining with you in a moment of self-evaluation. Let us reminisce about the past few months of our organization and of the Kowloon Jaycees, let us reminisce the difficulties we encountered, the ways we overcame them and the significant achievements we reached in our constant search for programs to help build better citizens for a better world.

We must not stop there and fall into the trap of self-congratulation. We must, today, together, set our sights still higher, commit ourselves still further, pledge our energies still fuller.

For the world we are in is still one of hunger, despair, violence and underdevelopment. For our fellow citizens of the world are still unfed, unclothed, insecure and, most of all, unprepared. Unprepared to act, uprepared to react, unprepared to assume the responsibilities of adulthood, of parenthood, of citizenship, they have obviously not received the Jaycee message.

It is our responsibility to bring it to them. It is our duty to feed and clothe them, perhaps, but mostly to train them in growing grain, in building shelter, in raising children and in activating their citizenship.

We owe it to them, to our worldwide community. But, first and foremost, we owe it to ourselves, fulfilling the pledge we took when we became Jaycees. For we believe in economic justice, in free men, in self training, and these we want to bring to a world in need.

Let us pledge again, today, our total commitment to this ideal - and then, tomorrow, we will achieve. May God help us.

MESSAGE TO THE PRESIDENT AND MEMBERS OF KOWLOON JAYCEES ON THE OCCASION OF THE LOM'S 15th ANNIVERSARY

It is a great pleasure for me to have this opportunity to extend my congratulations and best wishes to the members of the Kowloon Jaycees, on the occasion of their LOM's 15th anniversary.

Kowloon Jaycees, in providing several NOM Presidents and in the calibre of its community involvement, has shown itself to be an outstanding LOM in every sense of the world in past years. The fact that your target in 1980 is 100% membership growth, and also to obtain recognition as the most outstanding Chapter in Hong Kong, is evidence of the continuing merit of your LOM. It is also praiseworthy that you are involved in the formation of a new LOM at the present time - East Kowloon Jaycees. I have no doubt that the next fifteen years will be a continuing story of success.

I am particularly gratified by your ambitious membership growth target, as membership growth is the number one priority of Jaycees International. Our organisation must grow if it is reach its full potential as a force for progress in today's world. You are making a significant contribution in this endeavour.

Once again, my congratulations and best wishes.

Message from the President
Kowloon Jaycees

In 1980, Kowloon Jaycees have grown to the 15th year in history. Time has shown that we have been playing an important role in the Hong Kong Jaycees movement. Through our 15 years of service, we have been actively involved in many worthwhile projects and activities, thus upholding the beliefs and principles of Jaycees. The success in those projects and activities serves to tell that opportunities for self-development have been attained by our members through participation in projects and activities that are, at the same time, of great value to the community.

It is now the time to rejoice for the many hard work our predecessors have done, establishing a firm foundation for our organisation, and the time to applaud for the dedicated efforts our new bloods have made in building up an even stronger chapter, which shall offer more benefits to both individual members and the community at large.

But it is more than celebration. We shall take the opportunity to review what we have done in the past, to set more ambitious and challenging goals for the future, and to reaffirm our dedication to the Jaycee Creed.

Message from 1980 President
Hong Kong Junior Chamber of Commerce

It gives me great pleasure to send this message on the occasion of the 15th Anniversary of the Kowloon Jaycees.

Since its formation in 1965, I have personally witnessed the steady growth of this chapter over the past 15 years.

Internally, this Chapter has achieved a membership consisting of promising young executives, and various leadership training courses have been designed and tailored for the development of their members.

On the community side, Kowloon Jaycees have been successful in launching several outstanding projects, such as "Home Safety Campaign"; "Computer Exhibition"; "Career Information Exhibition", etc.

Above all, this chapter have maintained a good reputation for the Hong Kong Junior Chamber of Commerce by hosting the "Ten Outstanding Young Persons Selection" for 6 consecutive years, with favourable comments from the community.

Furthermore, this dynamic chapter will be hosting the National Convention of the Hong Kong Junior Chamber this year. With their enthusiasm and drive I am confident that we can expect a very successful Convention in September.

Congratulations for your outstanding performance and best wishes for further fine achievements, under the capable leadership of President Andrew and his dynamic Board of Directors.

PAST PRESIDENT

OF

KOWLOON JAYCEES

Jim Silva
1965 Charter President

The 15th Anniversary of our organisation is something to celebrate and to be proud of. So many of us in our time contributed and in turn benefitted.

I am particularly proud to have been associated with the founding of the Kowloon Jaycees. Our small band of pioneers participated in this successful experiment by being the first to break away and diversify what had, up to then, been a one chapter chamber. There were pros and cons then for undertaking the venture, but time has shown that this was a wise move.

We always hear that ours is basically a leadership training organisation. That is true. But the type of leadership it trains young people for is voluntary work, though of course this training cannot fail to spill over into other aspects of life.

To lead by example, motivation and selflessness is the Jaycee trait. There are no bosses or servants or pay in Jaycee. The rewards are self satisfaction, a gain in organisational experience, an appreciation of democratic procedure, and lasting friendships within this brotherhood that binds us.

Congratulations to Kowloon Jaycees on its 15th Anniversary.

Having been present at the birth of the Chapter, I am very happy to see how mature the "baby" has become. Those early years were not always easy but it is heartening to see that all the hard and unselfish work of the founding "fathers" has now been rewarded and that Kowloon Jaycees has become a Chapter of which all its members can be justly proud.

Krishan Lall
1969 KJC President

Congratulations to the Kowloon Jaycees on its 15th birthday. I am proud to have been associated with this grand young-man's Association over the years, (especially as Past President of the Kowloon Jaycees) which has contributed immensely towards Community Service and Leadership training in Hong Kong.

The high-light of my term in office was the formation of the first Chinese Speaking Chapter, Peninsula Junior Chamber. The Kowloon Jaycees were also actively involved in formation of the first all-lady Chapter - both in 1969.

The Kowloon Jaycees were also the prime-movers on the International scenes in changing TCYM to TCYP at the Dublin Congress, as this included the recognition of Jayceettes and their valuable contributions, which until this change was strictly for young-men.

The Kowloon Jaycees have been prominent on the local and International scenes and this good work is evident in the HK Jaycees activities along with their efforts and achievements on the local front.

My very best wishes on this 15th anniversary and even greater successes in the challenging years ahead.

Message - on the occasion of the 15th Anniversary

I am very happy to take this opportunity on the occasion of the 15th anniversary to congratulate Kowloon Jaycees for its remarkable achievement in the past ten years. It is the extension work in membership as well as in local chapters.

The Jaycee Organization is a leadership training organization, but definitely not a social club. It provides facilities and opportunities for the members to develop leadership qualities and potentials in what is called Jaycee way, a learning-by-doing method.

The accomplishment of the extension programme can surely provide leadership training opportunities for more young men and young women in our community. Of course, it is entirely up to the members to avail themselves of such opportunities through active participation in working on various projects wholeheartedly.

Kowloon Jaycees is one of the two original LOMs when Hong Kong Junior Chamber was recognized as a full-fledged National Organization. It has earned a reputation in unity, even though it had gone through many difficult years.

Undoubtedly, Kowloon Jaycees, under the leadership of President Andrew and his Board of Directors, will flourish to a greater extent.

The 15th Anniversary Celebration for the Kowloon Jaycees is indeed a significant occasion. Looking back to the past years, I still recall those hard but rewarding time when many meaningful projects have been accomplished for the community and for the members themselves. MESSAGE

I would like to take this opportunity to congratulate all fellow Kowloon Jaycees on this grand and memorable 15th Anniversary Celebration.

It is indeed my great pleasure in seeing that the Kowloon Jaycees has developed into a well-grown strong chapter. In the past years, Kowloon Jaycees have contributed a lot to initate and develop better community awareness among the citizens of Hong Kong through their community projects, such as the Ten Outstanding Young Persons Selection, Career Exhibition, Youth Activities Exhibition, and many others.

On the other hand, Kowloon Jaycees have helped the development of many promising young men through their leadership development programs and projects. Moreover, they have opened up a wider social scope for the young people, enable them to build up their ever-lasting friendship, and a broader insight of the community where they belong.

Looking back from the 10th Anniversary five years ago when I was the President, the achievements of the Kowloon Jaycees during this relatively short period are distinctive, I wish you all more success and fruitful years to come.

Dear Fellow Jaycees

It gives me great pleasure in writing to this special Program in the event of the 15th Anniversary of the Kowloon Jaycees. I always feel proud to have served one of the oldest Chapters in Hong Kong Jaycees. Despite my absence in recent activities, I have by no means lost touch with many close fellow members of ours. Nothing has made me feel more gratified to see the remarkable progress of Kowloon and, as an out-dated officer I am most impressed and pleased to see that many of the new members have significantly outgrown the establishment of many former members.

I am most confident that Kowloon will continue to progress in years to come. This 15th Anniversary not only marks the consistent development of Kowloon but also ushers this Chapter into another new era of advancement. It is my deepest regret that I cannot personally participate in this celebration. Across the miles, I extend my heartfelt appreciation to all Kowloon members for inviting me to join this occasion. I wish you all have a wonderful time in this special event and look forward to the pleasure of being with you again some time in the future.

With best personal regards.

MESSAGE

Any organisation needs a long time to establish itself. After 15 years, The Kowloon Jaycees has now firmly established itself as one of the leading Chapters in Hong Kong.

The 15th Anniversary is something to celebrate. For the Past Presidents and senior Members, they will not only have a chance to recollect the glorious moments of their years, they will also see the opening into another era of their beloved Chapter. For the relatively new Members, they will close to be reading a history book of their Chapter by conversing with their seniors. And, on t o p of all, they will feel the challenge of taking the Chapter to greater heights now being entrusted into their hands.

President Andrew is a great leader and I am sure this new era will open with the same glory with which Charter President Jim Silva started the Chapter in 1965.

It's a combination of all the thrills and funs of cycling, boating and water skiing.

It's like nothing else before. It's the WETBIKE

One time out on wetbike is one time to remember

It's the new wave in water sports and It's catching on fast Wherever there's bright sun and blue water and tanned faces taking it all in, there's the lure of wetbike. The lure of the wind in your hair, The free spirit in you that can't be held in tow by ski ropes. That feeling that makes you want to cut loose and fly across the water and leave the world in your wake. THAT'S THE FEELING OF W E T B I K E. Some say it's like boating, the power and comfort are so similar. SOME say it's like waterskiing and the wet, wild exhilaration of skimming across waves. But the look, the feel, the ride and the handling are like some kind of motorcycle.
