Message from National President

Greetings to all members and families for the Year of the Tiger.

To our nationals, the Tiger's awesome outlook and its electric speed movements have made it a long standing symbol of power and dynamism. The current NOM and LOM officers certainly own much of these characteristics, and I would like to share with you where our power and dynamism would display.

Topping our priority list, we register that membership growth is an issue that we must tackle seriously. In the past we have experienced only very slight growth, if not negative growth. And sometimes we have attributed the poor growth rate to the problem of 1997. We had recognized that due to those uncertainties felt by members that they were less committed to the Junior Chamber, and thereby affecting our smooth functioning and growth rate. Now that we have stepped bravely in 1998, and the community is thriving under the concept of "one country two systems", we feel that this is the right time to address the issue from internally and externally.

Internally, we would like to install the "one plus one" program. We believe that the most effective and powerful source of drawing in new members would be from our existing members. The referral system is proven to be successful in introducing new members and I would like to hereby invite all members to participate in this round-the-year program.

Externally, we would deliver the JC week. The JC week together with a large scale public seminars scheduled in April will form a perfect showcase for the public to witness our leadership qualities. This would naturally enhance our public image and attract more new members. We are aiming a 6% membership net growth by the end of the year.

The second highlight is the "Right Decisions" Program. The program would be the landmarking project in echo to our Major Emphasis Theme (MET) "Care for youth, develop our future leaders". Convicted to create positive changes in young people, our MET has rolled over since 1994 as emblem to uphold the HKJC's stated mission.

In an era in which we can travel freely on the information highways, knowledge has become much more accessible, the speed of exchange rocketed, and the world is getting smaller than any of our predecessors have experienced. However, accessible knowledge does not necessarily bring about positive changes. We feel that in a community where over dosage of emphasis were given on making quick money wealth, we have the responsibility to reintroduce traditional value systems such as family, education, care and concern to our younger generations.

Again scheduled in April, the Right Decisions Program would collaborate with educators and relevant organizations, and with widespread publicities, we hope to awaking awareness in our young people.

Thirdly, as you would recall, we have succeeded in introducing the JC concept formally to our motherland last year through the International Business Summit. We would carry on for what we have started this year and introduce more connections between the Junior Chamber and our motherland.

NOM Excom Lunch with Hon Life President A De O Sales, JP and PNP Senator Junia Ho, JP

There are many more on our working schedule which I will find time to impart in details. I would like to reiterate our mission statement of "Act Local, Think Global" for it will be our guiding principle to keep abreast of global happenings while creating momentums locally. We would learn through the information highways while not forgetting our basics and our traditional values. In an era when things happen really fastly, what we can do to assure of ourselves is to accomplish as much as we can. And through our diligence, we trust that we would succeed in connecting the world and create positive changes.

Inaugural Ball

It was a memorable evening on Jan 18, 1998 when the first inauguration of the new JC leaders was first ever held in the history of Special Administrative Region in Hong Kong. Our Guest of Honor, Hon. Life President, A De O Sales, JP and JCI VP Marcelo N Fernan showed their appearance to witness the inauguration of our National President Senator Spencer Suen as well as NOM Boards and LOM Boards. The program of the ball was full of joy and harmony.

This year we had distinguished guests and friends from Macau Junior Chamber, Japan Junior Chamber, local media, sponsors and local organizations. They showed their sincere support by coming to our Ball. First we started with march-in music for the ceremony.

This year's theme is "Act Local, Think Global, " as stated by National President Senator Spencer. More opportunities and co-operations will be organized to go for the goals. Other than that there will be a stronger impact on the community by having JC week and Right Decisions Program more coverage on local media.

Hon. Life President A De O Sales, JP congratulated NP Senator Spencer

Past National Presidents celebrated 1998 Inauguration

The ball itself gave a good chance for new officers to signify their commitment. They would feel the mission and come to get along well with each other before heading for the coming projects. The mood was high as everyone was busy to exchange business cards and greet each other for the new positions in JC. Most of us could not afford to miss the performance like piano solo, auction and singing performance. Some of the JC members could not even wait but come out to dance.

With delicious food and splendid atmosphere, it ended with happiness, laughter and exhaust.

1997 Ten Outstanding Young Persons Selection - Award Presentation Banquet

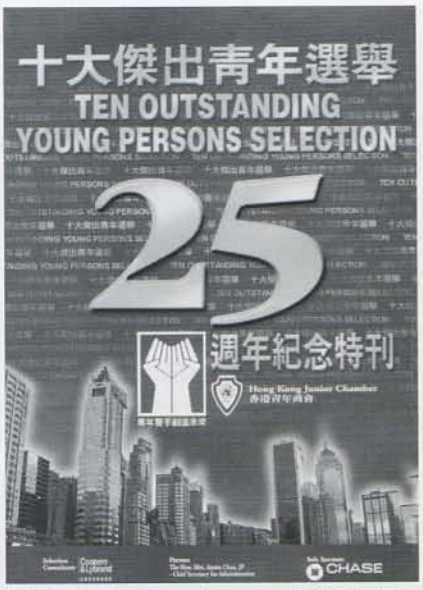

1997 TOYP Selection Awardess celebrated the awards banquet

1997 is not only a significant year for all Hong Kong people, it is also a very special year for the Ten Outstanding Young Persons Selection. Besides celebrating the 25th anniversary of this well-recognized and meaningful selection, we are witnessing the birth of the first batch of awardees under the Hong Kong SAR government.

It is our honour to invite Mr. Justice Andrew Li, Chief Justice of the Court of Final Appeal to be the Guest of Honour for this awards presentation banquet. The support of senior government official to this selection is an assured and formal recognition to the eight awardees who excel in their professional endeavours and commitment to the community.

These awardees and guests have enjoyed a wonderful and memorable night with the heartfelt fellowship with members of Hong Kong Junior Chamber.

World AIDS Campaign 1997

HIV/AIDS in the Word

In the past decades, more than 30 million of people have been infected by HIV/AIDS worldwide and estimated 8,500 people are acquiring the infection each day. To stop its spread, an enhanced community response is considered imminent. The Joint United Nations Program on HIV/AIDS (UNAIDS) has been calling for an extended action to join the World AIDS Campaign.

1997 NP Senator Henry officilated the World AIDS Campaign

The Hong Kong Project

In Hong Kong the committee on Education and Publicity on AIDS of Hong Kong Advisory Council on AIDS has taken the lead to respond to the global effort. With one whole year's preparation, Hong Kong Junior Chamber, one of 5 community partners, has successfully launched the first Hong Kong Project for World AIDS Campaign. An art-piece, specially designed by Mr Wan Lau, a renowned local sculptor, is to be erected on 1 December World AIDS Day 1997.

Our 1997 NP Senator Henry added that "AIDS, our concern" indicated our Jaycee movement on community.

1998 Prospective Member Orientation I

The first Prospective Member Orientation of the Hong Kong Junior Chamber in 1998 was held on 23rd January 98 at the Hong Kong Exhibition & Convention Centre. The function was hosted by the Dragon Junior Chamber. It was well attended by nearly two hundred participants. This was the first time for this function to have non JC speakers talking about JC. Nevertheless, this proved to be an innovative and sound choice!

Mr. Che - Kwok Cheung was of one distinguished speakers in PMOI

The seminar started shortly after seven o'clock and ended with a round of thankful applause at nine o'clock. The first guest speaker was Mr. Che-Kwok Cheung who was the Chairman of Ten Outstanding Young Person Association in 1997. He pointed out some ways to lead a happy life. He also shared with us his experiences even way back to his childhood. He especially stressed on the fact that HKJC provided an excellent opportunity for the young generation to get involved in community service which was quite lacking when he was in his twenties.

The second speaker was Senator Caroline Keung who was no stranger to all JCs. Her remarkable way of presentation was admired by all the audience. This time she also harnessed many different auxiliary material in her presentation. She stressed the importance of a balanced life both being a mother of two children and a success in her career. The secret of her success was joining the JC years ago.

1997 Executive Development Program III

Why team?
What are the building blocks of team?

Board members from NOM and LOMs attended the EDPIII held on 7 Dec 1997 at the City University of Hong Kong and learnt about the team building.

The TEAM trilogy - presented by Senator George Lung, Senator Justin Lui and Senator Petrus Yung. In this EDPIII, the three super trainers introduced and shared with participants the essential elements of team making and how the teamwork created synergy.

This structured program helped the 1997 board members to consolidate what they have experienced during the term of office while the incoming board got the tips and tools through the half day seminar and equip themselves with the team dynamic magics.

Senator Petrus presented the benefits of team building while Senator George shared his experience in applying JC experience on building his successful team for his own business.

Finally Senator Justin concluded the training session. Then all participants left the lecture hall with laughter on faces, insight in mind and commitment in hearts.

1997 Prospective Member Orientation VI

The Prospective Member Orientation VI was organized by Apex Junior Chamber. On 6 December 97, more than 150 participants enjoyed the orientation and training by two distinguished speaker Senator Tony Chan and Senator Shelina Chung. After the PMO VI, all prospective member understood more about JC and are ready for meeting the challenge to participate in 1998 JC activities.

High team spirit !

Presidential Theme
Bringing Worlds Together

If I can learn to understand your world-your way of thinking, beliefs, history, cultural heritage and motivations- and you are able to understand mine, then together we shall cross the threshold to the new millennium.

The Wonderful Richness of Being Different

Everyone of us is different. As much as our appearances vary, we are also dissimilar in our ways of thinking. We find our motivation and reasons to act in different things. We live our lives from the first to the last moment with our own ways of experiencing things - with our own unique worlds inside our heads. The way we act and behave is driven by the way we look at and interpret the world around us. The world we perceive is the same, but the window we see it through varies in size, form and color. Our scenery might also differ based on our diverse locations. If we perceive this basic truth, we begin to understand, rather than resent or fear each other.

As a worldwide organization, Junior Chamber has a wonderful and unique opportunity, through its members, to bring about understanding among diverse personalities, cultures, and ways of life.

Lack of Knowledge is Hazardous

The most common reason for misunderstandings among individuals, friends or strangers, as well as for hatred and war among nations, is the lack of knowledge and understanding of the thinking an values of others.

Everything Starts with the Individual

The only way to make changes and make a difference, is to begin with individuals, who can start changing the world around themselves. We Junior Chamber members can start with every Jaycee. Even if you want to walk an extra mile, you have to begin with the first step.

10,000 Groups Strong

Never underestimate the force of a small group and never doubt that a small group of committed and enthusiastic people can change the world. Actually, it is the only thing that ever has.

Our organization, Junior Chamber International, has almost 10,000 small groups - local chapters - with hundreds of thousands of committed and enthusiastic individual members all around the world.

We can change our own personal worlds, and in doing so, we can change the whole world.

JCI How You Can Contribute to JCI Publications

Members worldwide can contribute to JCI News and Other JCI publications such as the annual report and to JCI archives by keeping the JCI World Headquarters updated about their Junior Chamber and professional careers as well as their local and national news and action projects.

We are especially interested in action photos of the JCI President's meeting business and governmental leaders at the highest level, as well as presidential involvement with outstanding national and local Junior Chamber programs.

Please stress contributions relating to personal development, leadership development, management training as well as news of present and past members who are in leadership positions in business or government where they are using the skills gained through their Junior Chamber involvement.

To maximize your chance of being selected for coverage in JCI publications:

a. Submit good, sharp color or black and white photos with contributions. Identify all important people and their placement in the photos.
b. Include news clippings, press release, other graphics (symbols, logos, etc.) and indicate who, what where, when, why and how.
c. Type, double-spaced, or print very clearly (never on photo!)
d. Contribute as soon as possible; future issues are always in progress.
e. Also, please send your comments and letters about JCI News and other JCI publications.

Send your contributions to:

Charter For Youth 1997

Hong Kong Junior Chamber is one of charter member of Charter for Youth and was invited to attend the "Review of the Implementation of the Charter For Youth 1997" symposium. Followings are common concerns and suggestions from the symposium.

Areas of Common Concerns in respect of Youth Development

Subscribers, in their review reports, have identified various social trends and issues concerning youth. Some of the major issues are outlined in the following:-

(a) juvenile delinquency: the increasing instance of abuse of drugs and young people practising unsafe sex are among the worst problems which deserve more attention;

(b) problems of young new arrivals: as the number of new arrivals has been increasing drastically, there is an urgent demand of education and social services for young new arrivals;

(c) sense of national identity: since the handover of sovereignty on 1 July 1997, many youngsters have queries on their national identities and lack sufficient knowledge of their motherland;

(d) the weakening of the caring function of families: an increasing number of working parents, family breakdown cases, divorces, single-parent families, etc., tend to affect the time that parents could devote to the caring of their children and the quality of such care; and

(e) a gloomy and negative outlook: the tendency of young people having a low self-esteem and being emotinally fragile; many lack courage and skills to tackle problems they encounter.

Suggested solutions

In identifying the areas of common concerns in youth development, subscribers have made suggestions on the measures to address the issues. Some of thesuggestions made include:-

(a) societies and organisations can provide supportive services to supplement the weakening of the caring function of families. Various government departments should closely cooperate with each other and allocate more resources to provide assistance;

(b) Whole-day schooling should be launched in all primary schools as soon as possible so as to broaden the horizons of school life. Interpersonal relationships and self-growth can be included in school curricula so that students can have a balanced development and build up an enthusiastic positive outlook;

(c) Mass media can be employed in spreading correct sexual knowledge and values beneficial in the development of the character of youth;

(d) In the promotion of civic education, knowledge on the motherland should be enhanced to let youth in Hong Kong to understand the differences and the similarities between societies of Hong Kong and the mainland, and to think about their national and racial identities;

(e) Both the government, societies and organisations should enhance the supportive networks and educational services for new arrivals in order to assist them in adapting into Hong Kong life; and

(f) To enhance the sense of responsibility of youth and to encourage them to participate in voluntary work.

Finally 1997 NP Senator Henry had led us to share the experience with other organization on the implementation of Charter For Youth in the international area. Good suggestions for improvement were received from other community bodies.

97 NP Henry shared his valuable experience in international youth affairs

「我是我主人」教育課程

香港青年商會引進了國際青年商會於一九九一年開始推行於美國中小學校的一個教育課程，原名為 (Right Decisions Program)，中文簡稱為「我是我主人」教育課程；透過這個藍本課程，希望可以推廣至香港的各中學校園，為輔導年齡介乎11-15歲的青少年，建立正確的思想觀念，當面對決擇時，能有積極和正面的決定，為人生燃點燦爛的曙光。

「我是我主人」教育課程將分為三個階段進行推廣。第一階段為期六個月，同時，我們亦會將美國沿用的教材套引入香港並進行修訂及改良，以切合需要。其中包括舉行公開論壇和「活動教育訓練營」；編製「活動教育訓練指引手冊」及即將於四月份公佈之「青少年價值觀研究報告書」等。第二階段主要集中測試有關教材套能否適合於香港，有關測試將在個別地區進行。最後階段將作全港性推廣。

Have you ever heard of "JC Week"?

"JC Week" is one of the projects of NOM this year. As you know the word "Week", it is something which will happen in a week - April 18 to 25, 1998. Can you image how much you can get in these seven days? Well, we have prepared a wide variety of programmes for you, dear Jaycee members, as well as the public to enjoy and experience.

The objectives of "JC Week" are very simple but important - to promote our JC image and attract more energetic elite from the society to join our JC family.

A Grand Opening Ceremony will kick-off the "JC Week". To highlight the JC image and promote our social commitment to the society, we have arranged a presentation of LOM Outstanding JC Projects in the ceremony. These outstanding projects will be well recognized by JC and the public. Also, to strengthen our promotion, we will assign JC Ambassadors as our important representatives to introduce JC around the city.

During this week, we will have a series of seminar cover diversified topics - Image Design, MC Skills, Business, Leadership. Of course, powerful and professional speakers would be invited to share their expertise and experience with us. Besides providing seminars for knowledge-giving and experience-sharing, we have also designed a Variety Show for entertaining and soft promotion.

Of course, we have also arranged roadshow to display JC's history and background information for the public's familiarization. With the recruitment and information counter, we aim to recruit more potential "city-smart" to join the JC family.

With so many items in the "JC Week", we sincerely invite to join and REMIND you the following:

1. Don't miss the chance to recognize the successful projects in your chapter! Please provide LOM outstanding project to let more people know your contribution to the society!

2. Don't miss the chance to let your girl/boy friend, family members, colleagues and friends.....know more about JC! Invite them to join our programmes!

3. Don't miss the chance to have joint promotion with NOM! Provide us your chapter's activities which will also be held during the period of "JC Week" for the stronger joint promotion under the same JC umbrella.

4. Don't miss the chance to participate the important JC project! Mark and reserve the period of April 18-25 in your diary!

Right Decisions Program

First NOM introduces this program in Area B

Right Decisions Program was introduced in 1991 in United States and it is designed to help students develop the capacity to make decisions - the decisions that are right for them.

Young people entering the early years of adolescence today face a myriad of choices - choices that can affect the rest of their lives and choices that most are ill-prepared to make. Unable or unwilling to turn to parents for guidance, they are increasingly susceptible to the pressures and influence of peers who are equally uninformed about life's challenges and questions.

Recent research in adolescent behavior and development shows that one of the most important contributions educators can make to young people is to help them develop their capacities as decision makers. According to Dr. Richard P. Keeling, a leading specialist in the field of adolescent health, young people who are most at risk are those most lacking in the capacity to make decisions. He warns that "levels of self-esteem and self-determination - the ability to make decisions based on an internal personal framework of values - among our teenagers are dangerously low."

With two years of preparation, Hong Kong Junior Chamber is the first NOM to introduce this program in Area B. Right Decisions Program will help students become more aware of peer influence and how to prevent it from dictating their decisions. The teaching kits are designed to take students step-by-step through the decision-making process. With guidance and practice, they will become more adapt at identifying conflict, stating goals, analyzing alternatives by considering consequences and evaluating the influence of peers, parents or other adult family members and the media.

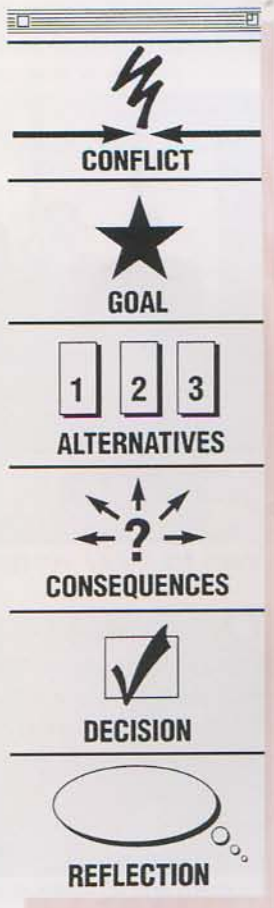

Major milestones of Right Decisions Program

Phase 1 (November 1997 to June 1998)

- Three Pilot Trainings for School Students
- Research on Youth Value System
- Production of Training Curriculum
- Press Announcement on Research on Youth Value System and Symposium on 25 April 1998.

粵、新、港、澳青年迎新會

去舊迎新，新的一年又到了，大除夕日我們一行數人聯同香港青聯浩浩蕩蕩地前往廣州出席粵新港青年迎新會。是晚假座白天鵝賓館晚宴，即出席迎新年。當晚節目豐富，除有粵、新、港各地青年表演外，尤其新疆青年他們表演的造旨甚深，項目計有歌唱民謠，民俗舞，等等都是非常精彩。大會更臨場加插香港同胞張明敏為大家高歌一曲，得到滿場喝彩聲。我最喜愛的就是一群廣州少年跳的教育舞（社交舞）他們舞姿翩翩，跳起來真是出神入化。跟成人們比較真是不遑多讓，真是國家未來的棟樑。子時快到了，大家一齊倒數 10,9....1，祇見舞台上張開一幅大國旗將整個舞台覆蓋著，天台上更有一些朋友撒下一些彩紙好壯觀的場酘啊！

98 年到了，元旦到了，在此謹祝大家新年進步，身體健康。

全青聯及中國國家機關訪港

97回歸後我們青商於七月份曾組團訪問北京，現在十二月他們回訪我們香港青商，全青聯我們歡迎你。當日我們已安排旅遊車由本人與吳文江青商一同上深圳迎接他們來港，在沙頭角海關我們受到華界海關人員的熱忱款待並由陳團長題詞留念。在香港數日參觀了不少香港的基建及風景名勝包括新機場、東涌新市鎮、青馬大橋、海洋公園及在元朗吃地道的盆菜，真是別有一番風味。我們青商並設宴款待，並同時款待另一團體中國國家機關青年聯合會。是晚氣氛非常愉快，兩位團長及總會會長均有高歌，尤其兩團都各有一位美麗的團花小姐更是全晚宴增添不少氣氛，因為她們不但人靚且歌聲更是甜美。

廣西百色希望學校

雖然我們的祖國經濟不斷地進步，但亦有很多人民生活在貧窮線下。透過香港新華社及全青聯的介紹之下，香港青年商會正式初步研究籌辦，廣西百色希望學校計劃。希望學校將建於隆林縣天慶村，對象為國內少數民族之子女、受惠人數約數百名，年齡介乎於五至十五歲之學童。為了更加了解當地情況，總會會長孫玉桐聯同前總會會長龍子明及彭文龍參議員於二月十日至十三日親自前往廣西百色。

該村地勢偏僻，交通不便，資源缺乏，生活水平在温飽線以下。所有適齡兒童根本無機會參與教育培訓。
