Message from
Mayor of Kanazawa City

First of all, my heartifelt congratulation to the Friendship Pact Signing between Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong. However, I can see that the exchange of Jaycee Internationalism had already begun.

All the Jaycee members are known to be well respect of having responsibility nationally and internationally, who devoted their knowledge, spirit and enthusiasm to community services. Taking English as a media of cultural exchange for this Friendship Pact is also a golden opportunity to enable citizen of the two areas to enlarge their international scope.

What we can see in the international situation, a bright future is existing, also together with the capable leadership and initiative of each individual Jaycees, who has tried their utmost towards the goal which they set, the year of 80's will be no doubtly a prosperious one.

I sincerely hope that each Jaycees member can enhance the spirit of bravery, unfailingly through their service to community for a brighter tomorrow. Last but not the least, my best wishes to the international understandings and co-operation of the two chapters in the years to come.

Warmest regards to all Jaycees Members !

Message from
President Kanazawa Jaycees

If the average age of the Jaycees' children is 5, then the coming 21st century will be the right time to acknowledge their 25 years old's world.

Since Adam and Eva, we have never experienced the hardship of human civilisation for twenty centuries. As one part of the youngst, we should clearly to pass on our present duties to our growing up successors.

With contribution to the local community by Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong, the strong bonding and mutual understanding of this united occasion has put forth a better understanding of the exchange of international culture, and this is really a meaningful opportunity.

The nationality of the continental civilisation introduced to Japan and then enchanced to the Kanazawa City is indeed an intrinsic knowledge that accustomed by the Kanazawa citizen in the last 400 years. According to that to cooperate with Hong Kong may possibly merely a coincident, however, I believe that by looking through the background of these two LOMs, this unbreakable and workable Signing must extend the Jayceeism between each other.

Message from
President of Harbour Jaycees

It is indeed my great pleasure to welcome President Asada and all Kanazawa Jaycees from Japan. Also, on behalf of Kanazawa Jaycees and Harbour Jaycees, my heartfelt gratitude to Miss IINO, Cultural Consul of Japan Consulate in Hong Kong for her presence as the Guest of Honour of the Friendship Pact Signing Ceremony.

No doubt, our prospective sister chapter has fully enhance one of the most important objective of Jaycee - to bring youngmen together for better international understandings. The reason being together with their delegation to Hong Kong, Kanazawa Jaycees brought fifteen children from Osaka to have soccer match with children of Hong Kong. Although Harbour Jaycees has three sister chapters namely Penang Jaycees of Malaysia, Balikatan Jaycees of Philippines and Merlion Jaycees of Singapore, I want to point out it is the first time that joint project can be carried out between two chapters before formal sisterhood pact is signed and this is very encouraged. I am confident that our international co-operation will continue in the future years and extend to both sister chapters of our two LOMs.

Lastly, my sincere appreciation goes to JC Yasui, Vice-President of Kanazawa Jaycees and JC Tommy Ng of Harbour Jaycees and their hardworking committee members for arranging such an outstanding and meaningful event.

Warmest regards to you all!

Japan Junior Chamber

My deepest personal appreciation to the Friendship Pact Signing between Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong.

Amidst these international misunderstanding, political and economical complications and military confrontation, a Friendship Pact between two chapters of different national bodies stands out meaningfully.

We, as Jaycees members must not overlook their opportunity of actively participating to solve these problems worldwide. To achieve this goal, self-initiative of each and every individual must take part. Accordingly, the Friendship Pact creates a golden opportunity.

To the two chapters, all the best in improving international relationship.

One of the objectives of Jaycees International is to bring young people together for better international understanding and co-operation.

The Friendship Pact between 2 or more countries is a valid example of the unique characteristics of the Jaycees.

On this occasion of the Friendship Pact signing ceremony of the Harbour Jaycees and the Kanazawa Jaycees of Japan, I have pleasure in sending my congratulations and would urge that more vigorous activities and programs be exchanged between the two chapters, so that the spirit of better internationalism is upheld.

Immediate Past President Kanazawa Jaycees

The Friendship Pact is uniting their Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong, together. Difference in civilization and habits have not hindered in the unity for a common goal. Human understanding of each individual will spread universally. With everyone's courage and willingness, a sound foundation of a human relation improvement is under construction, I congratulate the two chapters for their ability to co-operate with deep understanding for unity for this big event.

At this meaningful occasion, the two chapters have truthfully created friendship and simultaneously taken up the responsibility for a better international human understanding. Carry this concept of love to everyone and let the idea grow while we unite.

Kanazawa Jaycees and Harbour Jaycees, let us hold hands and march into the new era!

The friendship between the Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong is one step forward as a result of the Friendship Pact Signing between the two LOMs. On this occasion, I wish them a very big success.

The inspiration of this worthwhile project arises from the keen response between the Japanese and Hong Kong Jaycees on the Jaycee Youth Voyage and the Academic Schools projects. Unfortunately, these projects are held only once a year and consequently the enthusiasm of a better friendship unite is inevitably fading away.

Now that the two LOMs are united together and I am very confident that these two chapters will work together for better understanding in internationalism.....
an extremely meaningful and note-worthy endeavour !

My deepest congratulation for a better human understanding and Jayceeism.

Message from

National Vice President for the International Department of Japan Junior Chamber

My warmest congratulation to this occasion at which Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong has a chance to sign the Friendship Pact on August 3, 1980 in Hong Kong and to sign the Sisterhood Pact in Japan during the JCI World Congress in November, 1980. Also with my deepest appreciation to everyone working hard for the purpose of international exchange and to achieve the well understanding.

In a country like Japan where raw material is limited and the aim be achieved, it mostly depends on many other countries' and people's support. Therefore this is a time when we cannot refuse to unite together.

For the sake of promoting Jaycees Spirit with well understanding, this is a right time for both the Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong to achieve this goal. I hope these two LOMs can treasure this relationship and to expand this to a powerful Jaycees movement.

Here I hope a better progress for both Kanazawa Jaycees and Harbour Jaycees in the future.

National International Affairs Commissions Director of Hong Kong Junior Chamber

Usually, in the minds of Japanese people, Hong Kong is a shopping paradise, in additional to several tourist spots like Victoria Peak, Aberdeen or even double-deck buses, and the Chinese food is splendid but the social order is a mess. Conversely, Hong Kong people are impressed by the high living standard, Fujiyama, bullet-train, raw fish and stable social security in Japan.

As a matter of fact, both images expressed by people of Hong Kong and Japan are premature and superficial. I venture to say I have a more thorough understanding on these two territories because as a permanent Hong Kong resident, I visit Japan more than five occasions annually. Through the Friendship Pact agreed by Harbour Jaycees of Hong Kong and Kanazawa Jaycees of Japan, I hopefully take the opportunity to rectify the wrong image, strengthen the link between the two LOMs, and promote the cultural exchange between the two territories.

My sincere congratulations.

Message from

Vice President for City Development Department of Kanazawa Jaycees

I trust that there is nothing worth than the Kanazawa Jaycees of Japan to sign a Friendship Pact with the Harbour Jaycees of Hong Kong.

We base on the Jaycees' aspiration and recognise that only the cultural exchange of Jaycees cannot be treated as a media to immerse into the citizen's understandings but exchange our education, civilization and Jaycees Spirit to reach our dreams.

As a part of the world; as a diplomatic pioneer to expand our view in the international sense, we have to put forth our feelings and knowledge, like a non-stop wheel, to transfer our experience to the youngst and to assist them to obtain a best future; to assist them to reach a definite national understanding, and eventually fulfil the friendship of each individual.

For this ideal, we must work harder, treasure the exchange of ideas and I would firmly believe that the improvement among nations in Asia is not far away because we have taken part.

Best wishes and congratulations to the Kanazawa Jaycees and Harbour Jaycees for their Friendship Pact signing.

In this eventful occasion, the Kanazawa and Harbour Jaycees have proved themselves the enthusiasm and activeness in Jayceesism. They have not only brought two Jaycees chapters together but also two communities hand in hand by the organising of a visiting Japanese school children Soccer game to play against two local school teams.

Well done brothers !

On this occasion of united between Kanazawa Jaycees of Japan and Harbour Jaycees of Hong Kong, all our Kanazawa Jaycees members seem to obtain a gift of understanding and friendship and I deeply appreciate that.

We truly believe that the basic of world peace can be achieved by correct international understanding. Firstly, Jaycees has expand the view of international affairs and secondly, all purposes are really introduced to the outside world and the international understanding. This is our responsibility to help the youth of Japan out of the infancy stage to expcrience personally the international knowledge and feeling for the purpose to become one of the citizen internationlly. Also understanding for our country, Japan.

I hope, with this deep relationship with Harbour Jaycees of Hong Kong, we can promote the international relationship and continuously to work in South East Asia.

History of Harbour

ORIGIN

The history of Jaycees movement in Hong Kong can be traced back to 1949 then Mr. John Ng, a Jaycee from Philippines appointed by Jaycees International home to Hong Kong to introduce and spread Jayceeism.

The following year, the first Board of Directors of the Hong Kong Junior Chamber of Commerce was formed and became formally affiliated to Jaycees International in 1951.

FORMATION OF HARBOUR

Since then, membership of Jaycees grew by leaps and bounds but the formation of new chapters lagged behind. In order to create more opportunities for enthusiastic youth, a number of Jaycees and a group of energetic young men who believe in Jayceeism started to plan for a new chapter in October, 1976.

After two formal meetings and three lectures on Jaycees Knowledge, the first General Meeting was called on November 11, 1976 in Furama Hotel in the presence of over one hundred witnessess — the Harbour Jaycees, with membership of seventy-nine, was borned. The name of HARBOUR was chosen by the founders because it is a link between Hong Kong island and Kowloon peninsula, and it was hoped that this new chapter will play a key role in Jaycees affairs.

With the enthusiastic and hard-working members, Harbour Jaycees managed to raise some HK$35,000.— in their Charter Night Ball on January 15, 1977, at Oriental Room, Hong Kong Convention Centre, to finance their community projects in their first year of existence.

The Harbour Jaycees Ltd. was later officially incorporated on August 19, 1977. This new organization was recognized and became the 7th full member of Hong Kong Junior Chamber of Commerce in the next General Assembly during the 12th National Convention in October, 1977.

YEAR 1977

In 1977, under the leadership of President Sonny Yu, Harbour undertook total of 35 projects including Hong Kong Citizen — Our Rights and Obligations, Youth Camp, Kwuntong Carinval Day, Essay Writing Competition on "How to develop Hong Kong Tourist Industry", Man and his environment, Traffic Accident Notice Board, "Labour Ordinance in Practice" Seminar etc .....

At the end of the year, the membership stood at 101, an increase of 27% for the year.

YEAR 1978

The next year Norman Choy was elected as its President. Continuing its Brotherhood spirits and service to community, HARBOUR completed 37 projects including Harbour Village, Tai Hang Tung Carinval Day, 13th National Convention, JCI NOM officers Training School, Voice of Junior Police Call, Youth Camp, Diversification of Electronic Industry" Seminar etc.....

In May, a Sisterhood Pact was signed with Penang Jaycees, Malaysia. During the World Congress held at Manila in November, a Friendship Pact was concluded with the Balikatan Jaycees of the Philippines. A Sisterhood Pact would be signed in Hong Kong at the time of the Asian Conference in 1979.

In recognition of the good show put up by its members, Harbour was awarded the **"Most Outstanding New LOM of the World"** in the 33th World Congress in Manila this year.

YEAR 1979

Raymond Yuen is the Chapter President, under his capable leadership, Harbour Jaycees has done 20 projects for the year 1979.

One of the largest project is the International Children Painting Contest and Exhibition. Harbour Jaycees and Paranaque Balikatan Jaycees will sign the Sisterhood Pact, during the Hong Kong Conference. Others are namely LIA Camp, "Shortage of Coinage in Hong Kong" Seminar, "Increase of Fuel Price" Seminar, and Christmas Pop '79.

YEAR 1980

JC Albert Cheung is the President of Harbour Jaycees in the year of 1980. Together with the hardworking Board of Directors, the group of enthusiastic youngmen contribute their utmost towards the goal they set at the beginning of the year.

25 projects are scheduled through out the year and the most important ones are: Sisterhood Pact Signing with Merlion Jaycees of Singapore and Kanazawa Jaycees of Japan during Singapore Conference and Osaka World Congress respectively; International Soccer between children of Japan and Hong Kong; "Anti-Corruption" Exhibition jointly organized with ICAC Department of Hong Kong Government.

For you.
The professional.
A bigger than ever choice...

. . . a choice from an expanded line of high quality,
professional radios that give you maximum management control,
provide for future expansion, and still meet stringent budget requirements.

In specifying or using two-way radio systems, you should know that General Electric's MASTR® series of two-way radios provides a superb choice of powers, frequency bands, options and accessories — all from a single source. And plug-in modular construction that makes field expansion, modification, or service easy. Add to that a high degree of circuit and board interchangeability and you get a system that's functionally efficient, flexible, reliable, cost effective and easy to expand and maintain.

Contact your General Electric representative for assistance in planning or expanding your two-way radio system. He'll help you turn our world-wide experience in designing communication systems to your advantage.

Remember when...

There was a time when Sun Life simply handled life insurance. Times have changed and so have we. Today with so many types of insurance available, you have to be knowledgeable to choose the one just right for you. I'd like to help you make that choice. Let me use my knowledge and experience to help you with your personal financial planning. Call me today, and you'll see why personal service is my assurance of satisfied customers.
